Where Corruption Lives

Katharina Joosen, Corin Bailey

Where Corruption Lives:

Where Corruption Lives Gerald E. Caiden, O. P. Dwivedi, Joseph G. Jabbara, 2001 Political scholars from a range of countries describe how in some countries especially but not exclusively poor anything goes in the conduct of public business and governance whereas in the long established democracies good governance is actively sought They suggest ways to make them more like us c Book News Inc **The Hidden Order of Corruption** Donatella della Porta, Alberto

Vannucci, 2016-03-23 When corruption is exposed unknown aspects are revealed which allow us to better understand its structures and informal norms This book investigates the hidden order of corruption looking at the invisible codes and mechanisms that govern and stabilize the links between corrupters and corruptees Concentrating mainly on democratic regimes this book uses a wide range of documentation including media and judicial sources from Italy and other countries to locate the internal equilibria and dynamics of corruption in a broad and comparative perspective It also analyses the Transparency International Annual Reports and the daily survey of international news to present evidence on specific cases of corruption within an institutional theory framework *Corruption in a Global Context* Melchior Powell, Dina Wafa, Tim A. Mau, 2019-11-12 This book provides an important survey of the causes and current state of corruption across a range of nations and regions Delving into the diverse ways in which corruption is being combatted the book explores and describes efforts to inculcate principles of ethical conduct in citizens private sector actors and public sector personnel and institutions Corruption is a global condition that effects every type of government at every level and has bewitched scholars of governance from ancient times to the present day The book brings together chapters on a range of state and regional corruption experiences framing them in terms of efforts to enhance ethical conduct and achieve integrity in government practices and operations In addition the book addresses and analyses the theoretical and practical bases of ethics that form the background and historical precepts of efforts to create integrity in government practices and finally assesses recent international efforts to address corruption on an international scale This book will be perfect for researchers and upper level students of public administration comparative government international development criminal justice and corruption

Corruption in Latin America David Arellano-Gault, 2019-09-05 In *Corruption in Latin America* the reader is presented with an alternative starting point for understanding corruption in this key region The author asserts that corruption is a stable and rational social and organizational mechanism Seen through this lens we can begin to understand why it persists and how to implement strategies to control corruption effectively Beginning with an in depth nuanced examination of the concept of corruption the author establishes the theoretical basis for viewing corruption as a social construct An analysis of the experiences of four countries in the region Argentina Brazil Guatemala and Mexico provides the reader with concrete data from which they can understand how and why these behaviors are reproduced validated and tolerated in everyday settings between governments and citizens governments and firms and firms and clients Once we see corruption as the

socially sanctioned norm for getting business done we can begin to produce and propose effective solutions to reduce corruption in Latin America by designing and implementing instruments that transform this dynamic This rigorous and original approach will challenge the reader's assumptions about corruption and will appeal to students of corporate governance international business public management and business ethics Research Companion to Corruption in Organizations Ronald J. Burke, Cary L. Cooper, 2009-01-01 This is a very timely book The coverage it gives to the topic is superb The individual organisational and institutional causes of corruption are laid out along with analyses of the choices that we all have to make to deal with its consequences In these times of increased scrutiny of corporate behaviour there is something to learn here for policy makers corporate leaders and researchers alike Paul Sparrow Lancaster University UK Ronald Burke and Cary Cooper have assembled the most comprehensive volume of work available today on the topic of organizational corruption However the volume is far reaching in more than just its content In addition to attracting some of the most widely read scholars in the area Burke and Cooper have found space for a number of bright new voices and thus insights as well This makes for a volume that is as vibrant and exciting as it is complete Scholars not only should read it they will enjoy doing so Marshall Schminke University of Central Florida US Corruption in organizations is creating an increasing number of victims and causing huge costs This timely book brings together international researchers who address the causes and consequences of corruption in organizations and the action needed to reduce levels of corruption worldwide Corruption is a worldwide problem and is likely to increase as a result of the current economic meltdown Specific attention is devoted to causes of corruption such as individual levels of moral development moral disengagement greed the routinisation of corruption and organizational factors such as conflicts of interest reward systems and organizational cultural values The Companion suggests methods and examples to reduce levels of corruption that include education and training whistleblowing the increase of organizational controls through rules and structure and developing an ethical organizational culture Academics and postgraduate students interested in both crime and corruption in organizations will warmly welcome the Companion Policymakers in government those involved in professional services such as accountants and lawyers as well as managers of any organization interested in conducting ethical business will find the Companion invaluable *The Struggle Against Corruption: A Comparative Study* R. Johnson, 2004-11-26 Understanding and responding to corruption is a worldwide challenge This book offers a general overview of the nature pattern and differing perspectives on political and economic corruption Providing detail and depth the book examines and compares corruption in four countries the United States Israel Russia and India Each country chapter explores how corruption is defined and understood in that country and provides case material illustrating corrupt practice and responses to it The country chapters also cover whistleblowing activities their prevalence importance and impact A comparative analysis presents the most prominent factors contributing to a reduced level of corruption and the factors that lead to whistleblower success *Themes in Modern African History and Culture* Lars

Berge, Irma Taddia, 2013 *Comparative International Law Approaches for Optimizing Petro-Wealth in Nigeria: The Sustainable Development Pathway* Dr. Onome Ejenavi, 2024-03-24 International and Comparative Law Approaches for Optimizing Petro Wealth in an SDGs Context and in harmony with sustainable development forms the core and subject of this book This book considers a beleaguered Nigerian oil industry and the pervasive contemporary struggles to sustain lucrative oil production in the 21st Century Currently Nigeria grapples with unrelenting and intractable challenges in its oil industry and apparently a plausible means of alleviating the extensive negative impacts of untenable oil exploitation patterns in the Niger delta have remained elusive From the foregoing the missing ingredient seems to be a dismal lack of sustainability endeared approaches to guarantee a green petroleum industry economic growth and poverty eradication which remain vital considerations for a developing state like Nigeria Apparently the development that meets the needs of the present without compromising the interests options and indeed the needs of future generations summed up in the definition of sustainable development appears to be a maxim with minimal recognition or import in the Niger Delta which remains the hub of oil exploitation in Nigeria This book is thus motivated by the constantly evolving yet irrefutable implications arising from the concept of Sustainable Development and how it can be realistically applied to oil and gas exploitation The Ethics of Foreign Policy David B. MacDonald, Robert G. Patman, Betty Mason-Parker, 2007-01-01 This ground breaking volume considers the ethical aspects of foreign policy change through five interrelated dimensions conceptual security economic normative and diplomatic An impressive group of international scholars and practitioners makes it ideally suited to courses on international relations security studies ethics and human rights philosophy media studies and international law *The Ethics of Foreign Policy* Betty Mason-Parker, Assoc Prof David B MacDonald, Professor Robert G Patman, 2013-03-28 This ground breaking volume considers the ethical aspects of foreign policy change through five interrelated dimensions conceptual security economic normative and diplomatic Defining ethics and what an ethical foreign policy should be is highly contested The book includes many very different viewpoints to reflect the strong divergence of opinion on such issues as humanitarian intervention free trade the doctrine of preemption political corruption and human rights The thematic approach provides this volume with a clear organizational structure giving readers a balanced overview of a number of important conceptual and practical issues central to the ethical analysis of states conduct and foreign policy making An impressive group of international scholars and practitioners including a New Zealand Foreign Minister a US National Security Advisor and an ICJ Justice makes this volume ideally suited to courses on international relations security studies ethics and human rights philosophy media studies and international law **Competition and Efficiency in International Food Supply Chains** John Williams, 2012-07-26 Why have food crises seemingly become more frequent in recent years compared to the last few decades This book examines an array of different issues and distortions that are causing food supply chain dysfunction in many countries particularly for staple non perishable foods such as grains oilseeds pulses and sugar It

outlines the underlying changes that are currently occurring which will have an influence on the direction of future food supply chains and provides some solutions to current food security problems Based on an analysis of total regulation in the 1950s 60s through to deregulation during the 1980 90s as well as post deregulation it focuses on liberal trade and deregulation as a more successful solution to creating efficiencies in food supply chains and distribution The author highlights a common thread of either farmers using government for vested interest intervention or autocratic governments seeking market and supply chain power The book examines the role of government after 70 years of food supply chain intervention It discusses the role of commercial trade markets and cluster industries and how these can quickly disintegrate when price distortions occur The author studies both food importing and exporting countries and concludes that comingled commoditization of food has led to increased hoarding corruption and dependence on food aid He argues that a competitive food supply chain that has minimum intervention is more likely to provide future food security In conclusion the book emphasizes that adequate rewards competition and striving for supply chain efficiencies are the essences of sustainable food security

International Development Governance Ahmed Shafiquel Huque, Habib Zafarullah, 2017-09-25 The establishment of good governance is a major challenge for the developing world along with the need to sustain the progress resulting from developmental efforts Although there are numerous studies on the development and governance of emerging nations few volumes make a serious effort to bring together these two critical concepts International Development Governance combines the two concepts development and governance by examining the issues and problems faced by nations in their attempts to establish sustainable governance This textbook also initiates discussions on the concept of development governance in an international context The book fills the gap in existing literature by drawing upon the experience and expertise of scholars from a broad spectrum of knowledge Their views explain the issues and problems with reference to a number of tools that could establish development governance and sustain it The text offers in depth examinations of developmental sectors resulting in a textbook that will inspire future public officials policy makers and consultants to contribute to the betterment of life for citizens of developing countries Good governance and administrative practices

Mootheril Raghavan Biju, 2007 In Indian context **The Everyday Lives of Sovereignty** Rebecca Bryant, Madeleine Reeves, 2021-06-15 Around the world border walls and nationalisms are on the rise as people express the desire to take back sovereignty The contributors to this collection use ethnographic research in disputed and exceptional places to study sovereignty claims from the ground up While it might immediately seem that citizens desire a stronger state the cases of compromised contested or failed sovereignty in this volume point instead to political imaginations beyond the state form Examples from Spain to Afghanistan and from Western Sahara to Taiwan show how calls to take back control or to bring back order are best understood as longings for sovereign agency By paying close ethnographic attention to these desires and their consequences The Everyday Lives of Sovereignty offers a new way to understand why these yearnings have such

profound political resonance in a globally interconnected world Contributors Panos Achniotis Jens Bartelson Joyce Dalsheim Dace Dzenovska Sara L Friedman Azra Hromad i Louisa Lombard Alice Wilson and Torunn Wimpelmann Vital Signs

2003-2004 Worldwatch Institute,2021-04-14 This annual volume from the Worldwatch Institute gives prominence to key trends that often escape the attention of the news media world leaders and economic experts The book distils 36 vital signs of our times from thousands of governmental industrial and scientific sources allowing readers to track key indicators that show our social economic and environmental progress or lack of it Each trend is presented in both text and graphics providing a thorough overview

Shifting Burdens Shahra Razavi,2002 Details the effects of structural adjustment policies imposed on agriculture and their effect on gender relations within rural areas in the developing world Empirically grounded case studies from India Mexico South Africa Uganda and Vietnam Over the past ten years neoliberal policy shifts in rural development across the globe have reduced the role of government consigning the costs of services to the rural poor themselves But what are the gender effects of this change The contributors unravel the ways in which economic and social structures institutions and policy outcomes are mediated by gender as a social relationship and consider the degree to which a diversified livelihoods strategy touted as the means by which rural families are struggling to improve their standard of living accurately describes what is taking place on the ground

Caribbean Crime and Criminal Justice Katharina Joosen,Corin Bailey,2017-09-22 Despite high crime rates among men in the Caribbean rising rates of violence against women in the region and a significant number of Caribbean nationals incarcerated abroad due to drug smuggling existing research has yet to offer explanations that are tailored to the unique Caribbean societies and the individuals in them This edited volume adds to the existing body of scientific empirical and theoretical work on crime victimization and criminal justice in the Caribbean with a specific focus on impacts of post colonialism and gender To investigate these impacts on a developing Caribbean criminology the contributions in this volume focus on how impacts of post colonialism associated racial stereotypes and or gender throughout the Caribbean impact on a types of offending b victimization and c criminal justice system responses and policies Bringing together a broad range of experts this book sheds light on key criminological topics in the Caribbean including victimization risk factors for offending subcultures of violence and particularly gendered violence and the role of motherhood within matrifocal societies It is essential reading for those engaged with Caribbean or decolonial Criminology and those engaged with comparative and international studies in crime and justice more generally

Doing Business in India Pawan S. Budhwar,Arup Varma,2011 In response to the increasing interest in the growth and developments in the Indian economy and the dynamic nature of the rapidly changing Indian business environment this textbook is designed to provide a comprehensive guide to doing business in the

Ethics and Integrity of Governance L. W. Huberts,Jeroen Maesschalck,Carole L. Jurkiewicz,2008-01-01 The book is a welcome contribution to the literature on ethics as it provides a broader horizon of investigation than most familiar works in recent years Jamil E Jreisat International Journal

of Public Administration This book provides critical up to date reviews on the field of ethics and integrity of governance along with fresh future perspectives Focusing on Europe and the US it addresses the key dimensions of public service values the integrity and rationality of governance ethics management and the ethics of governance politics In each of these four areas leading international scholars tackle the main issues and controversies facing the world today The final chapter synthesizes these views and provides an ambitious and critical outline for future work in the field of ethics and integrity of governance Emanating from the much heralded transatlantic dialogue this study integrates both the European and American perspectives into a common voice for action Ethics and Integrity of Governance will appeal to academics researchers and practitioners in the areas of leadership and organisation public policy and public administration and public values and ethics

China and Autocracy Miao-ling Lin Hasenkamp,2020-05-14 What effect is China s successful autocracy having on global politics Is it leading to the decline of democracy and the rise of strong man government worldwide China s success economically this collection argues is undermining the post war consensus that liberal democracy is best In a multi polar Chinese dominated world Trump Putin Erdogan and other global leaders no longer criticize China In fact they frequently invoke the usefulness of strong and united leadership At the same time China seeks to wear the mantle of a great power and in doing so talks about human rights climate change freedom and economic liberalism This collection examines how China views itself and where reality meets rhetoric on trade international relations diplomacy economics and social policy The contributors expertly dissect China s autocracy and show how a ripple effect is altering the political model consensus around the world

Decoding **Where Corruption Lives**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Where Corruption Lives**," a mesmerizing literary creation penned by a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
