God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two Jeff B. Pool, 2010-01-01 This book constitutes the second volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering vol 2 Evil and Divine Suffering The larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume of studies proceeds on the basis of the presuppositions of this symbol those implicit attestations that provide the conditions of possibility for divine suffering that which constitutes divine vulnerability with respect to creation as identified and examined in the first volume of this project an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the *imago Dei* as love The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest 1 divine grief suffering because of betrayal by the beloved human or human sin and 2 divine self sacrifice suffering for the beloved human in its bondage to sin or misery to establish the possibility of redemption and reconciliation Each divine wound thus constitutes a response to a creaturely occasion The suffering in each divine wound also occurs in two stages a passive stage and an active stage In divine grief God suffers because of human sin betrayal of the divine lover by the beloved human divine sorrow as the passive stage of divine grief and divine anguish as the active stage of divine grief In divine self sacrifice God suffers in response to the misery or bondage of the beloved human's infidelity divine travail focused on the divine incarnation in Jesus of Nazareth as the active stage of divine self sacrifice and divine agony focused on divine suffering in the crucifixion of Jesus of Nazareth as the passive stage of divine self sacrifice

The Making of British Bourgeois Tragedy Alex Eric Hernandez, 2019 The rise of the middle class in the eighteenth century has long been taken to usher in a prosaic age synonymous with the death of tragedy an age in which the sheer ordinariness of bourgeois life was both antithetical and inured to the tragic But the period's literature tells a very different story Re-assembling a body of print and performance concerned with the misfortunes of the middling sort The Making of British Bourgeois Tragedy argues that these works imagined a particularly modern sort of affliction an ordinary suffering proper to ordinary life divested of the sorts of meanings rhetorics and affective resonances once deployed to understand it Whereas neoclassical aesthetics aligned tragedy with the heroic and the admirable this bourgeois and domestic tragedy treated the pain of common people with dignity and seriousness meditating upon a suffering that was homely familiar entangled in the nascent values of capitalism yet no less haunted by God Hence where many have seen aesthetic stagnation misfiring emotion and the absence of an idealized tragicness in the genre this volume sees instead a sustained engagement in the emotional processes and representational techniques through which the middle rank feels its way into modernity By attending closely to this long neglected subject The Making of British Bourgeois Tragedy turns the critical account of eighteenth century tragedy on its head It reads the genre's emergence in the period as a vigorous cultural conversation on whose life and whose way of life is grievable as well as how mourning might be performed

Practicing Midrash F. Timothy Moore, 2018-07-24 Have you ever been puzzled by contradictions in the Bible Or wondered why there are four Gospels three sets of Ten Commandments or two creation stories at the beginning of Genesis Beginning with the first pages of Genesis the Bible tells most of its stories through multiple versions which contain both similarities and disagreements The inherent arguments in Scripture did not seem to bother the Jewish faith A practice called midrash developed in Judaism sometime before the days of Jesus Rabbis and scholars sparred over opposing passages developed theological arguments and filled gaps in biblical stories with their own understandings This book will use the threefold prayer of St John of the Cross to allow the divergent voices in Scripture to speak and practice midrash with each other enabling the reader to join the conversation The contradictions and arguments have a divine purpose Not only did they prompt the Bible's evolution over hundreds of years but have enabled it to remain a living word for thousands of years This pluralism in the Bible is good news for the faithful living in a multi-cultural pluralistic age

The Redemption of Tragedy Katherine T. Brueck, 1995-01-01 Simone Weil's supernaturalist interpretations of tragedy challenge not only the philosophical skepticism but also the religious rationalism characteristic of the modern age This book boldly

points out a supernaturalist alternative to contemporary post structuralist literary theory This study of classical tragic drama offers a sacralizing impetus to secular discussions of literature The book s Platonic premises and its grounding in the transcendental outlook of the religious traditions furnish a sacred illumination Religious mystery and the cross of Christ both overshadow and deepen philosophical approaches to literary criticism including theories of tragedy Simone Weil s conception of tragic art rooted in a mystical Christian metaphysics offers original insight into the nature of tragedy In contradiction of the prevailing secular outlook Weil regards classical tragedy as a sacred art form Tragic masterpieces evoke not the chaotic or irrational as modernist interpreters hold but rather a good which is absolute **The Care of Souls** Harold L.

Senkbeil,2019-06-26 Drawing on a lifetime of pastoral experience The Care of Souls is a beautifully written treasury of proven wisdom which pastors will find themselves turning to again and again Harold Senkbeil helps remind pastors of the essential calling of the ministry preaching and living out the Word of God while orienting others in the same direction And he offers practical and fruitful advice born out of his five decades as a pastor that will benefit both new pastors and those with years in the pulpit In a time when many churches have lost sight of the real purpose of the church The Care of Souls invites a new generation of pastors to form the godly habits and practical wisdom needed to minister to the hearts and souls of those committed to their care **Tragedies and Christian Congregations** Christopher Southgate,Carla Grosch-Miller,Hilary

Ison,Megan Warner,2019-09-26 When tragedy strikes a community it is often unexpected with long lasting effects on the people left in its wake Too often there aren t adequate systems in place to aid those affected in processing what has happened This study uniquely combines practical theology pastoral insight and scientific data to demonstrate how Christian congregations can be helped to be resilient in the face of sudden devastating events Beginning by identifying the characteristics of trauma in individuals and communities this collection of essays from practitioners and academics locates sudden trauma inducing tragedies as a problem in practical theology A range of biblical and theological responses are presented but contemporary scientific understanding is also included in order to challenge and stretch some of these traditional theological resources The pastoral section of the book examines the ethics of response to tragedy locating the role of the minister in relation to other helping agencies and exploring the all too topical issue of ministerial abuse Developing a nuanced rationale for good practical pastoral liturgical and theological responses to major traumas this book will be of significant value to scholars of practical theology as well as practitioners counselling in and around church congregations

By Grace Alone Jay Harold Ellens,2013-11-13 These sermons make a strong exegetical and homiletical case each based upon specific biblical texts for the central biblical claim for God s radical unconditional and universal grace to humankind They address a variety of themes and texts for Ordinary Time with the intent of surprising the reader preacher or hearer with a fresh and attention getting perspective on the gospel message This volume is filled with sermons that deal in every case with profound biblical and theological issues exegetically grounded in direct interpretation of Scripture texts and woven

together in such a way as to consistently bring to the surface the mainstream of the radical grace theology that is the Word of God throughout both the Hebrew Bible OT and the Christian Scriptures NT That grace theology mainstream runs from Genesis 3 15 to the last chapter of The Revelation of St John
