

MICK HUME

TRIGGER WARNING

IS THE FEAR
OF BEING
OFFENSIVE
KILLING FREE
SPEECH?

'This is an important book, and couldn't be more timely. It's strong-minded, unafraid, determined to knock down all the various specious arguments against free speech, unapologetic about insisting on the value of free expression, and terrifically well argued. In these weak-minded times it's good to have so uncompromising a defence'

SALMAN RUSHDIE

Trigger Warning Is The Fear Of Being Offensive Killing Free Speech

Mick Hume

Trigger Warning Is The Fear Of Being Offensive Killing Free Speech:

Trigger Warning: Is the Fear of Being Offensive Killing Free Speech? Mick Hume, 2016-05-19 Concise and Abridged Edition In this blistering polemic veteran journalist Mick Hume presents an uncompromising defence of freedom of expression which he argues is threatened in the West not by jackbooted censorship but by a creeping culture of conformism and You Can't Say That

Theoterrorism v. Freedom of Speech Paul Cliteur, 2025-10-01 The Rushdie Affair the Danish Cartoon Affair the assault on Charlie Hebdo and the earlier Carrell Affair are examples of religious fanatics extreme reactions to religious satire and criticism Perpetrators of these actions consider themselves as true believers This book aims to understand their motives by means of the concept of theoterrorism terrorism grounded in religious zealotry

Trigger Warnings Emily J. M. Knox, 2017-05-23 With triggered as Google's most searched word of 2016 trigger warnings have become a prevalent yet controversial concept in American higher education and society As the debate over the value and place of triggering material continues *Trigger Warnings History Theory Context* provides the historical context and theoretical analysis of the use of trigger and content warnings in academia This important edited collection examines the history theories and ethics of trigger warnings and presents case studies from instructors and students describing instances when trigger warnings were and were not used By exploring the issue through several scholarly lenses and providing examples of when trigger warnings may or may not be used effectively *Trigger Warnings* provides rigorous analysis of the controversy

Blasphemy and Freedom of Expression Jeroen Temperman, András Koltay, 2017-11-16 This book details the legal ramifications of existing anti blasphemy laws and debates the legitimacy of such laws in Western liberal democracies

Teaching of Rights and Justice in the Law School Stephen Hurley, Chris Monaghan, 2025-03-04 This book examines the challenges of bringing cutting edge research in often controversial areas into the law syllabus and explores how academics can effectively adopt a holistic approach to research and pedagogy when teaching rights and justice The collection brings together experts from all areas of legal scholarship to discuss how they fuse often controversial aspects of rights and justice into their teaching in a way that responds to and is ultimately led by academic research As such it advances legal education through the opportunity to explore the interplay between rights and justice and how scholars both ensure that their teaching is research led whilst responding to the needs and views of students and issues such as generational differences in viewpoints on controversial issues This topical volume will appeal to academics and researchers interested in academic freedom the challenges of research led teaching and the pedagogy around the teaching of rights and justice

Identity, Islam and the Twilight of Liberal Values Terri Murray, 2018-10-31 Since its publication in 1992 an array of commentators have criticised Francis Fukuyama's optimism in *The End of History and the Last Man* for supposing that liberal democracy is the one political model with sufficient moral and practical resilience to endure through the vicissitudes of future historical events In hindsight it seems Fukuyama underestimated liberal democracy's ethno religious rivals and

religious fundamentalism's powerfully resistant bulwark against liberal democracy This book offers a trenchant analysis of the post millennial cultural shift away from the defining liberal social values of the post war and post colonial global revolutionary movements It dissects the incoherent reasoning by which the liberal values of racial equality tolerance diversity feminism and gender have been evacuated of their past meanings and put into the service of a reactionary politics that uses superficially plausible bait to sell the same regressive ideology that religious social conservatives have been peddling for decades

Thinking of Questions Peter Limm, 2015-09-23 This is not a conventional book It is designed to stimulate and challenge all people who are curious to find out about the world they inhabit and their place within it It does this by suggesting questions and lines of questioning on a wide range of topics The book does not provide answers or model arguments but prompts people to create their own questions and a reading log or journal To this end almost all questions have a list of books or articles to provide a starter for stimulating further reading Once you start you will be hooked Never stop questioning

The New York Times Index, 1985 **Revolt!** Mick Hume, 2017 A short sharp intervention in the crucial debate about the future of democracy which has been brought to a head by events from Brexit to the Trump phenomenon We live in strange days in the history of democracy Every serious politician in the Western world supports democracy Yet when the EU Referendum and American Elections both delivered the wrong result elites challenged the merit of the people's will and some even tried to block it Preferring unelected institutions from technocrats to the courts self appointed higher minds questioned whether voters are fit to be trusted with their own futures Ours is the age of I support democracy but And yet the answer will never be to impose limitations Popular democracy must offer better choices rather than removing choice altogether It's time to defend democracy and fight for more of it with no ifs buts or backtracks

Revolt!: How the Establishment are Undermining Democracy and What They're Afraid Of Mick Hume, 2017-02-23 A short sharp intervention in the crucial debate about the future of democracy which has been brought to a head by events from Brexit to the Trump phenomenon *Trigger Warnings* Emily J. M. Knox, 2017-05-23 With triggered as Google's most searched word of 2016 trigger warnings have become a prevalent yet controversial concept in American higher education and society As the debate over the value and place of triggering material continues *Trigger Warnings History Theory Context* provides the historical context and theoretical analysis of the use of trigger and content warnings in academia This important edited collection examines the history theories and ethics of trigger warnings and presents case studies from instructors and students describing instances when trigger warnings were and were not used By exploring the issue through several scholarly lenses and providing examples of when trigger warnings may or may not be used effectively *Trigger Warnings* provides rigorous analysis of the controversy **Unsafe Space** Tom Slater, 2016-03-23 The academy is in crisis Students call for speakers to be banned books to be slapped with trigger warnings and university to be a Safe Space free of offensive words or upsetting ideas But as tempting as it is to write off intolerant students as a generational blip or a

science experiment gone wrong they've been getting their ideas from somewhere Bringing together leading journalists academics and agitators from the US and UK Unsafe Space is a wake up call From the war on lad culture to the clampdown on climate sceptics we need to resist all attempts to curtail free speech on campus But society also needs to take a long hard look at itself Our inability to stick up for our founding liberal values to insist that the free exchange of ideas should always be a risky business has eroded free speech from within

Trauma and Free Speech in Higher Education Jordan Doll, 2016 This paper considers the constitutional questions posed by trigger warnings in higher education Specifically I look at the relationship between trigger warnings and First Amendment rights I show that trigger warnings a hot button issue in academia and the cultural discourse today are neither exempt from constitutional concerns nor do they automatically violate First Amendment rights The Court often interprets the First Amendment's central goal as promoting the pursuit of truth through the uninhibited free flow of ideas The Court defines institutes of higher education as crucial spaces to forward this pursuit Do trigger warnings aide or hinder the pursuit of truth in the college classroom I explore two legal frameworks to consider this question The first considers trigger warnings as a prior restraint on a professor's academic freedom which is protected under the First Amendment The second considers trigger warnings as a constitutionally permissible form of accommodation for women in higher education This paper concludes with suggestions of how trigger warnings can be effectively and legally used in higher education Trigger warnings can risk infringing on a professor's First Amendment rights trigger warnings can also be benign and sometimes considerate teaching tools A balance is possible between the two

Freedom from Speech Greg Lukianoff, 2014-09-09 This is a surreal time for freedom of speech While the legal protections of the First Amendment remain strong the culture is obsessed with punishing individuals for allegedly offensive utterances And academia already an institution in which free speech is in decline has grown still more intolerant with high profile disinvitation efforts against well known speakers and demands for professors to provide trigger warnings in class In this Broadside Greg Lukianoff argues that the threats to free speech go well beyond political correctness or liberal groupthink As global populations increasingly expect not just physical comfort but also intellectual comfort threats to freedom of speech are only going to become more intense To fight back we must understand this trend and see how students and average citizens alike are increasingly demanding freedom from speech

Reviewing **Trigger Warning Is The Fear Of Being Offensive Killing Free Speech**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
