Trinity Reader Blackwell Readings Theology:

The Trinity Reader Lewis Ayres, 2006-12 The most comprehensive collection of readings on Trinitarian theology currently available Contrasts classical Trinitarian theology with twentieth century Trinitarian theology Includes material from the period between the Reformation and the end of the nineteenth century creating new avenues for exploration

Prophetic Liturgy Tércio Junker, 2014-02-07 The primary purpose of *Prophetic Liturgy* is to inquire into the prophetic dimension of the liturgy Some questions addressed in the book are How can a liturgy be prophetic How can liturgy form and transform individuals and communities In which sense does the liturgy facilitate a living participation in socio political economic life How does the sacramental practice challenge the church to mediate God's gifts of grace love justice and mercy to the world Possible answers for these questions begin to emerge as we develop an understanding of religious praxis as an active and dynamic prophetic action in which the community of faith claims its identity promotes an engaged faithful Christian life and affirms the sacramental life of the church as a source of formation and inspiration for prophetic praxis mediating God's gift for the life of the world There is risk in presenting an option for prophetic praxis in that it may go beyond the comfort zone of a community and engender spiritual and political alienation The most challenging ethical hope of this book is to provide the worshipping community with prophetic awareness of socio economic injustice while at the same time preserving the community's historical cultural identity its religious values and its sacramental spirituality

Reading Old Testament Narrative as Christian Scripture Douglas S. Earl, 2017-03-03 Douglas Earl sets out a fresh perspective on understanding what is involved in reading Old Testament narrative as Christian Scripture Earl considers various narratives as examples that model different interpretive challenges in the form of exegetical ethical historical metaphysical and theological difficulties Using these examples the significance of interpretive approaches focused on authorial intention history of composition canonical context reception history and reading context are considered in conjunction with spiritual literary structuralist existential historical critical and ethical critical approaches Christian interpretation of Scripture as Scripture is shown to be an inherently ad hoc task understood as a rule governed practice in Wittgenstein's sense an established goal directed activity for which no method hermeneutical principle or critical perspective discovers meaning or generates good interpretation Good interpretation involves exploration of various construals of the world of the text using hermeneutics of tradition and critique of ideology Ricoeur The interpreter's task is to discern faithful readings and develop their significance in a given intellectual or cultural context The interpretation of Scripture and its appropriation is seen to involve wisdom in forming judgments on a case by case basis learned through examples and experience on what constitutes good interpretation and use Earl shows how traditional hermeneutics and contemporary critical resources suggest that history ethics and theology can rarely be read off Old Testament narrative but also how Christians can appropriate ethically and historically problematic books such as Joshua faithfully adopt a minimalist approach to 1-2 Samuel and embrace a Trinitarian reading of Genesis 1

Dictionary for Theological Interpretation of the Bible Kevin J. Vanhoozer, Craig G. Bartholomew, Daniel Treier, N.T. Wright, 2005-11-01 For the pastor or serious layperson the realm of biblical interpretation can be a confusing maze of personalities communities methods and theories This maze can often result in obscuring the main goal of interpreting Scripture hearing and knowing God better The Dictionary for Theological Interpretation of the Bible is a groundbreaking reference tool that introduces readers to key names theories and concepts in the field of biblical interpretation It discusses these approaches and evaluates their helpfulness in enabling Christians to hear what God is saying to the church through Scripture The contributors come from a variety of backgrounds and the dictionary covers a broad range of topics with both clarity and depth

Ways of Reading Scripture Frances Young, 2018-05-03 This volume consists of previously published articles by Frances Young a scholar of early Christianity well known for her work Biblical Exegesis and the Formation of Christian Culture together with a few newly composed additions The studies collected here are concerned with the New Testament but their approach is often not in the modern historico critical mode Rather they bring new insight through being informed by the author's patristic specialism by methodological enquiries by her interest in doctrinal and theological reading and by exploration of the very nature and function of sacred scriptures The significance of this volume lies in the way it exemplifies the extraordinarily interesting changes which have taken place in biblical hermeneutics during the last 50 60 years Many of the essays could be useful not only to research specialists but to advanced undergraduates as well as clergy and preachers

Minoritized Women Reading Race and Ethnicity Mitzi J. Smith, Jin Young Choi, 2020-09-24 Nonwhite women primarily appear as marginalized voices if at all in volumes that address constructions of race ethnicity and early Christian texts Employing an intersectional approach the contributors analyze historical cultural literary and ideological constructions of racial ethnic identities which intersect with gender sexuality class religion slavery and or power Given their small numbers in academic biblical studies this book represents a critical mass of nonwhite women scholars and offers a critique of dominant knowledge production Filling a significant epistemological gap this seminal text provides provocative innovative and critical insights into constructions of race ethnicity in ancient and modern texts and contexts

The Interpreting Spirit Hannah R. K. Mather, 2020-10-08 The Interpreting Spirit is both a consideration of the Spirit's role in the interpretation of Scripture and a celebration of renewal scholarship It examines those who have focused on the Spirit's role in their hermeneutical considerations recognizing common uniting themes amidst the diversity of scholarly approach and opinion Working on the principle that the Spirit communicates in ways that seek to unify and celebrate the other Mather works diachronically from 1970 identifying and drawing together these common uniting hallmarks into a collective understanding Pivotal to Mather's argument is her emphasis that we do not just interpret Scripture but that the Spirit through Scripture and working in our lives in ways that lead us towards Scripture interprets us The Interpreting Spirit is the first comprehensive analysis of the conversation surrounding pneumatic interpretation that has been taking place

particularly among renewal scholars since 1970 It seeks to answer the notoriously difficult question What does the Spirit do in the process of biblical interpretation

The Philosophy of Religion Reader Chad V. Meister, 2008 Reflecting current trends and research interests in the field this introduction explores key writings from both the Western theistic tradition and from non Western non theistic sources

Selected Readings in the Anthropology of Religion Stephen D. Glazier, Charles A. Flowerday, 2003-12-30 Brings together in one volume a number of key theoretical and methodological advances in the anthropological study of religion Chapters cover important topics not ordinarily included in books dealing with the anthropology of religion e g bipedalism the study of alcohol film and video images notions of religious agency In addition this collection is intended to build bridges between anthropologists of religion and religious studies scholars Over the last four decades anthropologists have grappled with the dialectical relationship between the examination of cultures from the emic or insider perspective and the etic or outsider perspective Nowhere is this creative tension more evident than in the anthropological study of religion In this volume anthropologists and religious studies scholars come to terms not only with a landscape that has shifted fundamentally but a landscape that is still shifting Essays in this collection raise new and important issues for the anthropological study of religion in new and important ways In intensely personal essays a number of contributors address two fundamental concerns in the study of religion 1 how should anthropologists deal with the beliefs and practices of others and 2 how should anthropologists deal with their own religious backgrounds and beliefs as these may affect their understanding of the beliefs and practices of others A partial resolution to both questions is necessary before the anthropological study of religion can advance to a higher level

Trinity, Revelation, and Reading Scott R. Swain, 2011-09-15 Trinity Revelation and Reading TRR is a theological introduction to the Bible and biblical interpretation The overarching thesis is that neither the Bible nor biblical hermeneutics can be understood or practiced properly apart from an appreciation of their relationship to the triune God and his gracious economy of redemption Scott Swain treats the role of the Word in the saving economy of the triune God the role and status of Scripture as the Word of God the nature of biblical reading as a covenantal enterprise as well as a host of other related topics These topics are addressed by way of a constructive appropriation or ressourcement of many of the themes of patristic theology and early Protestant divinity esp Reformed Orthodoxy while building upon the work of important contemporary theologians as well e g Karl Barth John Webster Kevin Vanhoozer The ultimate goal of this study is that readers will appreciate better the ways in which biblical interpretation is an aspect of their covenantal engagement with the triune God

The Contemporary Theologians, 2006 This work is an attempt to learn about and learn from fifty prominent contemporary theologians tracing trends and discerning directions in today's theological landscape The new

priests of St Joseph Pontifical Seminary Alwaye of the year 2006 2007 are the primary contributors to this volume A Theological Reading of Hegel's Phenomenology of Spirit, with Particular Reference to Its Themes of Identity, Alienation and Community Esther D. Reed,1996 Concerns the relationship between theology and socio philosophy and considers the type of dialogical theory required to articulate the meaning of salvation socially It gives practical content to a theological understanding of salvation through consideration of issues raised by Hegel in The Phenomenology of Spirit **Reading Is Believing** David S. Cunningham,2002-11 In this fascinating look at the Apostles Creed David Cunningham argues that fiction and film can lead Christians to a deeper knowledge of their faith **Reading with Anthropology** Louise Joy Lawrence,2005 The social science of anthropology has been used in recent years to open up fascinating new ways of understanding biblical texts In this fresh and stimulating study Louise Lawrence argues that anthropology and theology need not be enemies but can become constructive dialogue partners in the search to understand the Bible better Like a museum curator she guides readers around seven anthropological exhibits where selected biblical texts are analysed with resources from anthropology Themes include spirit inspired religious healers power and violence sex and gender body and emotion and social memory The dialogue opened up here between biblical books and the study of other cultures promises fresh insights on well known texts Reading with Anthropology will be of equal interest to biblical scholars seeking a way in to the use of anthropology in their discipline and to anthropologists wishing to better appreciate biblical cultures **The Catholic Lifetime Reading Plan** John A. Hardon,1989 Living Hermeneutics in Motion Gregory J. Laughery,2002 Paul Ricoeur is one of the most prolific philosophers alive today Many studies have been done on Ricoeur s philosophy but very little on his theological trajectory and its connection to Biblical hermeneutics Living Hermeneutics in Motion brings to light the diverse ways in which Ricoeur s hermeneutic revolutions concerning a meaningful text can be useful specifically in the area of biblical interpretation Situated within the modern post modern interpretative tumult this book is interested in ascertaining if Ricoeur s richly sedimented and hermeneutically complex orientation can offer an alternative to modernist sharp boundaries and postmodern radical indeterminacy *Herald of Holiness* ,1996 **Forthcoming Books** Rose Arny,2004
