The Rice Seedling Sutra Yeshe Thabkhe, 2020-03-10 One of Tibet's great scholars presents the Buddha's profound teachings on the laws of karma and dependent arising In the Rice Seedling Sutra the Buddha unpacks the law of cause and effect He notes how in the natural world a seed becomes a sprout which produces a flower which bears fruit A seed has no intention to sprout when the right conditions are assembled the fruit arises Similarly when our senses encounter an object a sense consciousness arises naturally without our intending it This says the Buddha is also how karma works and how actions performed out of ignorance create suffering whether we want it or not And this same law of causality also governs enlightenment when the right conditions are assembled awakening is assured In many sutras like this one the Buddha explains that to understand his Dharma is to understand dependent arising Geshe Yeshe Thabkhe explores dependent arising and the corollary teaching of emptiness through this sutra and others Commenting on the works of Indian masters such as Shantaraksita he shows how belief in a creator god is incompatible with dependent arising and by illuminating the teachings of Nagarjuna and Chandrakirti he shows how we do and do not exist Geshe Yeshe Thabkhe was among the last generation of scholars to be trained in Tibet before the Chinese occupation He has been teaching Westerners for decades having worked with top scholars in the United States and he is especially familiar with this sutra having translated the commentary by Kamalasila into Hindi Here his deep familiarity combined with his extensive command of the Buddhist scriptures allows him to present the Buddha's words in a rich and authoritative context

The Middle-Length Treatise on the Stages of the Path to Enlightenment Tsongkhapa, 2021-06-29 The first complete English translation of renowned scholar saint Tsongkhapa's Middle Length Treatise on the Stages of the Path Tsongkhapa 1357-1419 the author of the well known Great Treatise on the Stages of the Path to Enlightenment and the teacher of the First Dalai Lama is renowned as one of the greatest scholar saints that Tibet has ever produced A dozen years after writing the Great Treatise he wrote the Middle Length Treatise on the Stages of the Path presented here in its first complete English translation Half the length of the well known Great Treatise this work similarly presents a systematic overview of the Buddhist path Tsongkhapa begins by abridging the longer work distilling its explanations for quicker integration He presents a series of meditations beginning with recognizing the rarity of our human existence and the great opportunities it affords followed by reflections on impermanence suffering and the promise of liberation from our past actions until proceeding to the path of bodhisattvas whose universal compassion seeks to free every being from suffering Tsongkhapa gives especially detailed instructions on samatha the deep meditative concentration that is a precondition for the highest insight into the nature of reality The final and largest section on that very insight is unique to this work particularly Tsongkhapa's presentation of conventional truth

and ultimate truth Those new to Tibetan Buddhist teachings will benefit from the approachable style of this classic handbook for enlightenment and beginners and longtime practitioners alike will cherish the clear guidance from one of Tibet's great luminaries

Liberated from the Inner Prison Lama Zopa Rinpoche, 2021-03-04 When terrible things happen in life and there's little we can do to change them the only option seems to be either anger or despair This is the reality for prison inmates They have no power over their circumstances Many have long sentences some have been wrongly accused and some even await execution Their environment is often overcrowded ugly violent and full of noise like being in a rock concert all day as one man reported There is nothing to look forward to and often no one to turn to For the past twenty five years Liberation Prison Project has been a lifeline for prisoners first in the United States and also in Australia Italy Mongolia New Zealand and other countries who turned to LPP asking for Buddhist books and spiritual advice in an effort to find meaning in life when everything else has been lost This book is a compilation of advice from Lama Zopa Rinpoche the spiritual director of LPP in response to letters from more than one hundred prisoners mainly in the USA edited into a coherent narrative Rinpoche's advice is that actually their prison is nothing in comparison with their inner prison the prison of anger the prison of attachment the prison of ignorance That prison Rinpoche says they can definitely change And why should they Because simply put happiness and suffering come from the mind not the external world The extent of the heartfelt compassion and love that Rinpoche offers the men who write to him is incredible He empowers them to never give up on the development of their potential and their ability to help others The advice in the book is not just for prisoners It is for all of us **How Karma Works** Geshe Sonam

and actions and suffering from the opposite The twelve part process of dependent arising shows how actions underlain by ignorance propel us from one rebirth into another keeping us trapped in suffering and how through understanding reality correctly we can break this cycle The four noble truths the twelve links of dependent arising and the two truths regarding conventional and ultimate reality all interrelated form the very core of the Buddha's teaching The many different practices of sutra and tantra become meaningful and purposeful only when they are based on a good understanding of these fundamental and seminal principles This oral teaching by Geshe Sonam Rinchen is based on the Rice Seedling Sutra and the twenty sixth chapter of Nagarjuna's Treatise on the Middle Way The Splendor of an Autumn Moon Je Tsongkhapa, 2015-03-24 Some of the most inspiring verses ever written Geshe Thupten Jinpa PhD founder Institute for Tibetan Classics The Tibetan saint Tsongkhapa 1357-1419 the founder of the Dalai Lama's tradition of Tibetan Buddhism was renowned for his vast learning meditational achievements influential writings on practice and philosophy and reform of tantric religious practices A deeply humble and religious man he expressed himself in exquisite verse Here presented in both the original Tibetan and in English translation are twenty one devotional poems by Tsongkhapa Each verse dedicated to the Buddha bodhisattvas and lamas illuminates some aspect of the Buddhist path Gavin Kilty's commentary places each prayer into context and his careful artful translations will appeal to anyone with a love of poetry *Buddhist World* Glen Valentine, 2018-01-16 Buddhism is a religion practiced by an estimated 495 million in the world as of the 2010s representing 9% to 10% of the world's total population China is the country with the largest population of Buddhists approximately 244 million or 18.2% of its total population They are mostly followers of Chinese schools of Mahayana making this the largest body of Buddhist traditions Mahayana also practiced in broader East Asia is followed by over half of world Buddhists The second largest body of Buddhist schools is Theravada mostly followed in Southeast Asia The third and smallest body of schools Vajrayana is followed mostly in Tibet the Himalayan region Mongolia and parts of Russia but has been disseminated throughout the world Buddhism was almost entirely unknown in western countries until the 19th century European diplomats and scholars who travelled and lived in Asia collected Buddhist texts to have them translated into English German and French Awareness of Buddhism arrived in the United States around the 1840s when the first Chinese immigrants settled in the western part of the country Still in general Buddhism remained poorly understood in the west until the 1960s when the first Buddhist teachers started arriving and quickly found thousands of followers However curious westerners without serious study tended to view Buddhism as more of a mystic movement rather than an encompassing spirituality involving meditation Buddhism gained more popularity across Western culture by the end of the 20th century when celebrities and other well known people like Steve Jobs Richard Gere or Phil Jackson openly talked about the positive influence Buddhism has had on their lives The author of this book has joined the debate and examines the issues bringing fresh insights on the subject In this book the author seeks to prove that the consciousness of the individual and individuality which at the empirical level involves the rise of private property family and
