Weor, 2015-12-03 Treatise of Sexual Alchemy *Treatise of Sexual Alchemy* Samael Aun Weor, 2025-01-01 Join the male to the female in their own proper humidity because there is no birth without union of male and female Hermes Treatise of Sexual Alchemy is a complete guide to sexual transmutation the preservation and transformation of sexual energy the basic requirement for spiritual development Alchemy was once the most respected science venerated and practiced by pharaohs kings and queens priests and priestesses Alchemy is the key of eternal life and the way to liberate ourselves from suffering To protect it that knowledge was always hidden from the public The Medieval alchemists hid the Great Arcanum among innumerable symbols and esoteric allegories This was in order to save it from profanity and in order for them to avoid being burned alive in the blazes of the Inquisition Samael Aun Weor The symbolism of alchemy is rooted in the myths of the Greeks and Egyptians Moses an Egyptian priest taught alchemy in his writings Adam and Eve are the basic symbol of alchemy Even Jesus taught alchemy his living waters and the stone the builders rejected are the alchemist s Mercury whose development creates the famous philosopher s stone Now in these moments of intense suffering the time has arrived for all of humanity to know the truth about alchemy Here Samael Aun Weor reveals that what was hidden by Hermes Paracelsus Basil Valentine

Roger Bacon Villanova Raymond Lully Nicolas and Perenelle Flamel are also hidden in the Egyptian Book of the Dead and the Judeo Christian Torah and Bible All are based on the same knowledge humanity left Eden bliss because of sex and can only return to Eden through sex Alchemy is the method Most importantly this book guides you to practice alchemy yourself Those who are tired of suffering can experience liberation from day to day by eliminating defects liberating virtues and devoting themselves to becoming pure expressions of the highest spiritual value of all love Fundamentals of Gnostic Education

Samael Aun Weor, 2025-02-01 The fundamental education is the science of the consciousness that allows us to discover our relationship with human beings nature and all things The Greek word gnosis means knowledge The higher meaning of gnosis is knowledge of facts acquired from personal experience Gnosis is genuine knowledge of the truth To understand truth one must experience it The greatest human beings in every field philosophy science art and religion did not imitate memorize or remain limited by popular ideas instead they sought gnosis to know the facts for themselves and in finding the facts they changed the world for the better Unfortunately such people are rare The problems afflicting individuals and society today have a simple root cause we have not yet learned how to think Instead people today are taught to memorize and imitate Schools teachers and parents today emphasize what we should think rather than teaching how to think question and analyze so we can recognize the facts deal with them intelligently and experience the truth for ourselves What is the value of accumulating much knowledge within our minds if we continue to be confused What is the value of technical and industrial skills if we use them for the destruction of our fellows It is worthless to receive instruction to attend classes to study if in the process of our daily living we are miserably destroying one another Indeed the true objective of a fundamental education must be to create true men and women who because of their psychological integration are cognizant and intelligent When our consciousness is liberated from the conditioning and restrictions imposed upon it by imitation bad habits defects vices and mistaken beliefs then we can see and experience the truth for ourselves In this way we no longer need to believe anything or follow anyone but are free to express our fundamental nature and realize our full potential This book guides us towards that experience that gnosis We need the union of superior logic and tremendous love heart and mind balanced by conscious awareness of facts This psychological equilibrium empowers us to alter the painful conditions that we suffer within Therefore we need a gnostic education an education based on personal experience of the truth **The Mayan Mysteries**

Samael Aun Weor, 2025-01-01 The Mayan Mysteries is the result of a trip Samael Aun Weor made to the famous Mayan ruins at Cop n Honduras In this book he explains the kabbalistic principles of the Mayan mysteries as recorded in their mysterious stelas and sculptures There was an avatar in Honduras who taught and formed a group of solar humans and disciples who left their books in stone for this humanity These sculptures are so valuable that there will never be others like them who will be capable of chiseling them Each stela is a book in stone that speaks for itself about the grandiosity of the universe Each monument existed previous to the era of Jesus of Nazareth These stelas are very ancient they come from the Bronze Age

Their origin is Mayan Atlantean Samael Aun Weor This book was written for students who already have a good foundation in the study of Kabbalah To get the most out of this book it is recommended that you first study his books Tarot and Kabbalah and Alchemy Kabbalah Logos Mantram Magic: Gnostic Secrets of the Rose-Cross Daath Gnosis,Arnoldo Krumm-Heller,2011-05-10 This book is a critical English translation of a Gnostic Classic It is presented in a bilingual format English side by side with the original Spanish It details some wonderful knowledge about the power of the word and speech This edition also includes an Editor s Appendix to help the reader further grasp its contents Language is not simply a medium or vehicle of expression between man and man but also between soul and soul Language creates Laws and unites Races It is an obligation to study the origin of Language in general but in order to approach this goal it is also necessary to find the origin of the Word The Word or Logos is not just a mouth that speaks but an ear that hears and an eye that sees and reads between the lines *Gnostic Rosicrucian Kabalah* Daath Gnosis,Arnoldo Krumm-Heller,2018-02-14 This is the first known English translation of the third of a series of correspondence courses that were given to Spanish language students throughout the Americas Arnoldo Krumm Heller Huiracocha sent this class to the subscribers of his Revista Rosa Cruz Rose Cross Magazine beginning in 1936 These classes were part of the Fraternitas Rosicruciana Antiqua F R A curriculum an organization Krumm Heller founded in 1927 All the works of the renowned Krumm Heller Huiracocha are wells of Initiatic wisdom that very few have comprehended from GEMINI in the Zodiacal Course by Samael Aun Weor This books has 2 main sections 1 Aryan Egyptian Course of Kabalah by Krumm Heller Huiracocha 2 Editor s Appendix with a summary of the correspondences given by the Author related to each Tarot card a translation of Franco Egyptian Tarot descriptions which appear to have influenced Krumm Heller as well as extracts of articles from his Rose Cross Magazine on relevant topics

The Revolution of the Dialectic Samael Aun Weor,2025-01-01 The daily practice of meditation transforms us radically Samael Aun Weor The world is in crisis and everywhere there are wars and rumors of wars promises and mockeries bombardments and political parties that fight each other It is absurd to suppose that we can depart from this social chaos with all of its fights and miseries if indeed individually we do not resolve ourselves to perform a radical and definitive change The legal or illegal changes of governments the bloody dictatorships the revolutions of blood and alcohol are all useless If we truly want an absolutely radical change then first of all we need to change ourselves individually What we are as individuals is what the world is Indeed the world is the individual because the world is nothing more than the sum of all individuals The problem of the world is the problem of the individual Thus if the individual does not internally change then the world will never change either even when many want to change it based on extremist doctrines bloody revolutions abominable dictatorships etc If we study our intimate problems in detail then we have to arrive at the logical conclusion that no leader can resolve these problems for us What I am is in fact the party the group the family the society the nation The individual is the beginning and the ending of every order of things Thus if we want a radical transformation of this bitter and suffering

world then we need each of us to individually transform ourselves in a true and very intimate way If we truly want to transform ourselves intimately for the good of the world then we need to liberate the mind and heart from any type of evilness

The Great Rebellion Samael Aun Weor, 2025-02-01 Our world needs real change inner change This book shows how you can make it happen When one discovers the real cause of so much misery and bitterness it becomes obvious that something can be done Samael Aun Weor Do you want a better world and a better life Do you thirst for genuine happiness You can transcend suffering when you know about The underlying cause of the world s pain and problems What consciousness is and how it works How cause and effect create your life The power within us that can cleanse the mind of faults and darkness This book embraces and clarifies the essential wisdom within all the world s religions and spiritual traditions Yet change does not come from belief or theories Real change comes from self knowledge gnosis The Great Rebellion explains how all of the world s problems addiction war pollution starvation crime come from within us By changing ourselves within we change the world around us This is the genuine foundation of every great spiritual tradition in the world By truly becoming better people the world becomes a better place
