Tremendum A Theological Interpretation Of The Holocaust:

The Tremendum Arthur Allen Cohen,1993 A profound and important book the best book on the Holocaust interpreted by a theologian of Judaism Jacob Neusner **The Tremendum** Arthur A. Cohen,1988-01-01 *The Tremendum* ,1993

The Oxford Handbook of Levinas Michael L. Morgan,2019-04-10 Emmanuel Levinas 1906 1995 emerged as an influential philosophical voice in the final decades of the twentieth century and his reputation has continued to flourish and increase in our own day His central themes the primacy of the ethical and the core of ethics as our responsibility to and for others speak to readers from a host of disciplines and perspectives However his writings and thought are challenging and difficult The Oxford Handbook of Levinas contains essays that aim to clarify and engage Levinas and his writings in a number of ways Some focus on central themes of his work others on the ways in which he read and was influenced by figures from Plato Hobbes Descartes and Kant to Blanchot Husserl Heidegger and Derrida And there are essays on how his thinking has been appropriated in moral and political thought psychology film criticism and more and on the relation between his thinking and religious themes and traditions Finally several essays deal primarily with how readers have criticized him and found him wanting The volume exposes and explores both the depth of Levinas's philosophical work and the range of applications to which it has been put with special attention to clarifying why his interests in the human condition the crisis of civilization the centrality and character of ethics and morality and the very meaning of human experience should be of interest to the widest range of readers Exile and Restoration in Jewish Thought Ralph Keen,2009-09-24 Exile and Restoration in Jewish

Thought presents the history of an idea originating at the intersection of Judaic piety and the social history of the Jews faith in a protective sovereign deity amid contrary conditions Exiled primordially Eden during the Patriarchal era in the sixth century bce and from the first century to the twentieth the Jewish experience of alienation has been the historical backdrop against which affirmations of divine benevolence have been constructed While histories of Jewish thought have tended to accentuate the speculative creativity of medieval and modern Jewish philosophers the intellectual tradition can come into focus only with attention to these thinkers understanding of diaspora and persecution Ralph Keen describes the distinguishing feature of Jewish thought as a religious hermeneutic in which the primitive promise made to Abraham is preserved not just as a pious memory but as a certain hope for eventual restoration Intended for readers with some familiarity with the history of philosophy this book offers the historical context necessary for understanding the distinctively Judaic character of this tradition of thought and elucidates the role of religious experience in the long process of negotiating between adversity and expectation An Arthur A. Cohen Reader Arthur Allen Cohen,1998 A collection of essays all published previously The following deal with antisemitism **The Jewish Philosophy Reader** Daniel H. Frank,Oliver Leaman,Charles Harry Manekin,2000 A Comprehensive anthology of classic writings on Jewish philosophy from the Bible to postmodernism *The Holocaust as Interruption* Elisabeth Schüssler Fiorenza,David Tracy,1984 An international journal of

theology a catholic journal in the widest sense rooted in Roman Catholicism yet open to other Christian traditions and the world's faiths Promotes discussion in the spirit of Vatican II Annual subscriptions available *Struggling with God* Simon D Podmore, 2013-10-31 Invoking the biblical motif of Jacob's struggle with the Face of God Genesis 32 Simon D Podmore undertakes a constructive theological account of spiritual trial *tentatio* known in German mystical and Lutheran tradition as *Anfechtung* in relation to enduring questions of the otherness and hiddenness of God and the self the problem of suffering and evil the freedom of Spirit and the anxious relationship between temptation and ordeal fear and desire This book traces a genealogy of spiritual trial from medieval German mystical theology through Lutheran and Pietistic thought Tauler Luther Arndt Boehme and reconstructs Kierkegaard's innovative yet under examined recovery of the category *Anfægtelse* a Danish cognate for *Anfechtung* within the modern context of the spiritless decline of Christendom Developing the relationship between struggle *Anfechtung* and release *Gelassenheit* Podmore proposes a Kierkegaardian theology of spiritual trial which elaborates the kenosis of the self before God in terms of Spirit's restless longing to rest transparently in God Offering an original rehabilitation of the temptation of spiritual trial this book strives for a renewed theological hermeneutic which speaks to the enduring human struggle to realise the unchanging love of God in the face of spiritual darkness **Bearing Witness** Stephanie N. Arel, 2023-09-26 Museum memorialization has long been about politics design implications and visitor experience rarely focused upon the people mired in commemorating the dead Profound challenges confront those who memorialize mass trauma at memorial museums Listening to the voices of those called to do this work enables insight into the critical role they play in preserving and disseminating history's most painful narratives expanding views of recovery from mass trauma and revealing the value in the profession As an Andrew W Mellon Fellow at the National September 11 Memorial Museum Dr Stephanie Arel recognized costs psychological spiritual and physical aligned with responding to mass trauma and participating in communal recovery The impact of bearing witness at memorial museums emerged in the lives of workers To explore the phenomenon she visited Auschwitz interviewing those who remember the Holocaust's horrors while resisting its infiltration in their personal lives The immensity of honoring the dead for others inspired additional sojourns in Bosnia Herzegovina Cambodia Israel South Africa and the United States She discovered dimensions of pride and care evident in those who honor memory the capacity of workers to address reverberating political tensions while tending to visitor needs the passion workers have for giving voice to the voiceless who died during traumatic events while offering care and support to the survivors and the reality that reassembling the fragments of mass trauma is not for the weary but instead emerges as a calling and a vocation Bearing Witness places value on what workers do opening space for workers' testimonies to be heard for the first time and creating a global community of and for these workers who have otherwise never been given a platform to speak about their experiences The interviews reveal the entanglement of politics with commemoration the sacredness of remembering and the multidimensional aspects of care transforming the reader's understanding of humanity forever

Plurality and Ambiguity David Tracy, 1994-06-10 In *Plurality and Ambiguity* David Tracy lays the philosophical groundwork for a practical application of hermeneutics while constructing an innovative model of theological interpretation developed out of the notions of conversation and argument He concludes with an appraisal of the religious significance of hope in an age of radically different voices and constantly shifting meanings **Journal of Ecumenical Studies** ,1989

Journal of Dharma ,1990 **Mature Christianity in the 21st Century** Norman A. Beck, 1994 Mature Christianity is the most careful study of anti Jewish polemic of the New Testament that I have read Krister Stendahl **Subject Catalog** Library of Congress, 1970 **Faith Seeking Understanding** Daniel L. Migliore, 1991 This timely stimulating introduction to Christian theology is both critically respectful of the church's classical theological heritage and critically open to the emphases of contemporary theology especially feminist black and Latin American liberation theologies **The Defense of God** John K. Roth, Frederick Sontag, 1985 **Lingua Franca** ,1993 **Studies in American Jewish Literature** ,1994 **The Jewish Spectator** ,1990
