Caliban and the Yankees Harvey R. Neptune,2009-11-30 In a compelling story of the installation and operation of U S bases in the Caribbean colony of Trinidad during World War II Harvey Neptune examines how the people of this British island contended with the colossal force of American empire building at a critical time in the island s history The U S military occupation between 1941 and 1947 came at the same time that Trinidadian nationalist politics sought to project an image of a distinct independent and particularly un British cultural landscape The American intervention Neptune shows contributed to a tempestuous scene as Trinidadians deliberately engaged Yankee personnel paychecks and practices flooding the island He explores the military based economy relationships between U S servicemen and Trinidadian women and the influence of American culture on local music especially calypso fashion labor practices and everyday racial politics Tracing the debates about change among ordinary and privileged Trinidadians he argues that it was the poor the women and the youth who found the most utility in and moved most avidly to make something new out of the American presence Neptune also places this

history of Trinidad's modern times into a wider Caribbean and Latin American perspective highlighting how Caribbean peoples sometimes wield America and American ways as part of their localized struggles **Never Marry a Woman with Big Feet** Mineke Schipper, Wilhelmina Janneke Josepha Schipper, 2003-01-01 In this study the author analyses similarities differences and contradictions in the cultural norms about gender expressed in proverbs she has found in oral and written sources from over 150 countries Grouping the proverbs into categories as the female body love sex childbirth and the female power the author examines shared patterns in ideas about women and how men see them [The Cumulative Book Index](#), 1996 A world list of books in the English language
