Print Culture Histories Beyond the Metropolis James J. Connolly, Patrick Collier, Frank Felsenstein, Kenneth R. Hall, Robert Hall, 2016-04-06 Bringing together leading scholars of literature history library studies and communications *Print Culture Histories Beyond the Metropolis* rejects the idea that print culture necessarily spreads outwards from capitals and cosmopolitan cities and focuses attention to how the residents of smaller cities provincial districts rural settings and colonial outposts have produced disseminated and read print materials Too often print media has been represented as an engine of metropolitan modernity Rather than being the passive recipients of print culture generated in city centres the inhabitants of provinces and colonies have acted independently as jobbing printers in provincial Britain black newspaper proprietors in the West Indies and library patrons in Middletown Indiana to mention a few examples This important new book gives us a sophisticated account of how printed materials circulated a more precise sense of their impact and a fuller understanding of how local contexts shaped reading experiences

Katherine Mansfield and Periodical Culture Mourant Chris Mourant, 2019-04-10 Explores Katherine Mansfield's engagement in the periodical culture of the early twentieth century This book considers Mansfield's ambivalent position as a colonial woman writer by examining her contributions to the political weekly *The New Age* the avant garde little magazine *Rhythm* and the literary journal *The Athenaeum* Contextualising Mansfield's work against the editorial strategies and professional cultures of each periodical the book deepens and complicates older critical assumptions about the trajectory of Mansfield's development as a

writer Key Features Provides the first sustained scholarly examination of Mansfield's engagement with and relation to early twentieth century periodical culture Foregrounds the original material contexts in which Mansfield produced the majority of her work emphasising a dialogic or conversational model for modernism Interrogates Mansfield's ambivalent self positioning within English literary circles as a colonial metropolitan modernist and outsider Integrates ideas of the recent transnational turn across literary studies into the field of periodical scholarship *The Disappearance of Lydia Harvey* Julia

Literature and the Rise of the Interview Rebecca Roach, 2018-11-21 Today interviews proliferate everywhere in newspapers on television and in anthologies as a method they are a major tool of medicine the law the social sciences oral history projects and journalism and in the book trade interviews with authors are a major promotional device We live in an interview society How did this happen What is it about the interview form that we find so appealing and horrifying Are we all just gossips or is there something more to it What are the implications of our reliance on this bizarre dynamic for publicity subjectivity and democracy *Literature and the Rise of the Interview* addresses these questions from the perspective of literary culture The book traces the ways in which the interview form has been conceived and deployed by writers and interviewing has been understood as a literary critical practice It excavates what we might call a poetics of the interview form and practice In so doing it covers 150 years and four continents It includes a diverse rostrum of well known writers such as Henry James T S Eliot Ezra Pound Djuna Barnes William Burroughs Philip Roth J M Coetzee and Toni Morrison while reintroducing some individuals that history has forgotten such as Betty Ross Queen of Interviewers and Julian Hawthorne Nathaniel's profligate son Together these stories expose the interview's position in the literary imagination and consider what this might tell us about conceptions of literature authorship and reading communities in modernity

Middlebrow Modernism Melinda J. Cooper, 2022-10-01 Eleanor Dark 1901-85 is one of Australia's most innovative 20th century writers Her extensive oeuvre includes ten novels published from the early 1930s to

the late 1950s and represents a significant engagement with global modernity from a unique position within settler culture Yet Dark's contribution to 20th century literature has been undervalued in the fields of both Australian literary studies and world literature Although two biographies have been written about her life there has been no book length critical study of her writing published since 1976 Middlebrow Modernism counters this neglect by providing the first full length critical survey of Eleanor Dark's writing to be published in over four decades Focusing on the fiction that Dark produced during the interwar years and reading this in the context of her larger body of work this book positions Dark's writing as important to the study of Australian literature and global modernism Melinda Cooper argues that Dark's fiction exhibits a distinctive aesthetic of middlebrow modernism which blends attributes of literary modernism with popular fiction It seeks to mediate and reconcile apparent binaries modernism and mass culture liberal humanism and experimental aesthetics settler society and international modernity The term middlebrow modernism also captures the way Dark negotiated cosmopolitan commitments with more place based attachments to nation and local community within the mid 20th century Middlebrow Modernism posits that Dark's fiction and the broader phenomenon of Australian modernism offer essential case studies for larger debates operating within global modernist and world literature studies providing perspectives these fields might otherwise miss

On Company Time Donal Harris, 2016-10-04 American novelists and poets who came of age in the early twentieth century were taught to avoid journalism like wet sox and gin before breakfast It dulled creativity rewarded sensationalist content and stole time from serious writing Yet Willa Cather W E B Du Bois Jessie Fauset James Agee T S Eliot and Ernest Hemingway all worked in the editorial offices of groundbreaking popular magazines and helped to invent the house styles that defined McClure's The Crisis Time Life Esquire and others On Company Time tells the story of American modernism from inside the offices and on the pages of the most successful and stylish magazines of the twentieth century Working across the borders of media history the sociology of literature print culture and literary studies

Donal Harris draws out the profound institutional economic and aesthetic affiliations between modernism and American magazine culture Starting in the 1890s a growing number of writers found steady paychecks and regular publishing opportunities as editors and reporters at big magazines Often privileging innovative style over late breaking content these magazines prized novelists and poets for their innovation and attention to literary craft In recounting this history *On Company Time* challenges the narrative of decline that often accompanies modernism's incorporation into midcentury middlebrow culture Its integrated account of literary and journalistic form shows American modernism evolving within as opposed to against mass print culture Harris's work also provides an understanding of modernism that extends beyond narratives centered on little magazines and other institutions of modernism that served narrow audiences And for the writers the double life of working for these magazines shaped modernism's literary form and created new models of authorship
