Transfer From The Primary Classroom 20 Years On:

Transfer from the Primary Classroom Linda Hargreaves, Maurice Galton, Maurice J. Galton, 2002 This book focuses on the issue of transfer from the primary to the secondary school using data from the ORACLE study Observation and Classroom Learning and Evaluation

Transfer from the Primary Classroom Maurice Galton, Linda Hargreaves, 2003-12-16 The ORACLE Observation and Classroom Learning and Evaluation and its follow up study address the following questions Has teaching in the primary school changed over the past twenty years Has pupil performance improved or declined Are the links between certain teacher approaches and pupil achievement still the same Has the National Curriculum had any important consequences for the way in which transfer is conducted One of the main claims of the National Curriculum is that it has provided greater continuity through the various stages and this should be reflected in smoother transition from one school to the next This book focuses on the issue of transfer from the primary to the secondary school using data from the ORACLE project This study which took place from 1975 to 1980 followed by Son of ORACLE the study of group work in the primary classroom 1980 to 1983 has had an enormous influence on the debate on primary education The studies described in detail what took place in primary classrooms the teaching styles used by teachers and the responses made by pupils It linked these processes to pupil performance Finally it followed the pupils as they transferred out of the primary school into the secondary phase of education At present a new research project is being carried out in Leicester It involves studying primary schools for one year and then following the children as they transfer to the secondary phase or to a middle school The project involves two thirds of the schools used in the original ORACLE research In addition the same observation instruments and the same tests modified for cultural differences are being used

Changing Teaching And Learning In The Primary School Webb, Rosemary, 2006-09-01 Assessing the effects of New Labour's education policies on primary schools this book discusses the impact of policies on primary school practices as well as looking at the views and experiences of primary school teachers and pupils

Understanding School Transition Jennifer Symonds, 2015-05-15 School transition is a life changing event for children they are rarely faced with such a powerful set of personal and social changes These underpin the immediate and longer term wellbeing of children peer groups teachers and schools Understanding School Transition provides a most comprehensive international review of this important area complete with practical advice on what practitioners can do to support children's wellbeing motivation and achievement Offering an accessible introduction to children's psychology at transition Understanding School Transition explores transition as a status passage what we really mean by wellbeing and the ways in which children adapt to new environments Key chapters focus on Understanding stress and anxiety Children's hopes fears and myths at transition Parents and teachers influence and role Children's relationships with peers as they change schools Children's personal and collective identities Motivation engagement and achievement Supporting the most vulnerable children Crucially it advises how you can help children through implementing transition interventions and

evaluating their success in your own school Illustrated by case studies of experiences in real schools Understanding School Transition will be essential reading for all training and practising teachers as well as transition and subject specialists who want to better understand and influence what happens to children at this critical stage Teaching Science Tony Liversidge, Matt Cochrane, Bernard Kerfoot, Judith Thomas, 2009-06-30 Reflective practice is at the heart of effective teaching and this book helps you develop into a reflective teacher of Science Everything you need is here guidance on developing your analysis and self evaluation skills the knowledge of what you are trying to achieve and why and examples of how experienced teachers deliver successful lessons It includes advice about obtaining your first teaching post and about continuing professional development The book shows you how to plan creative lessons how to make good use of resources and how to assess pupils progress effectively Each chapter contains points for reflection which encourage you to break off from your reading and think about the challenging questions that you face as a new teacher The book comes with access to a companion website www.sagepub.co.uk/secondary where you will find Videos of real lessons so you can see the skills discussed in the text in action Links to a range of sites that provide useful additional support Extra planning and resource materials If you are training to teach science this book will help you to improve your classroom performance by providing you with practical advice but also by helping you to think in depth about the key issues It also supplements guidance on undertaking a research project with examples of the research evidence that is needed in academic work at Masters level essential for anyone undertaking an M level PGCE Motivating Your Secondary Class Maurice Galton, Susan Steward, Linda Hargreaves, 2009-09-10 Why do so many pupils in Years 7 8 and 9 switch off and make very little progress in the core subjects such as English and mathematics What can teachers and schools do to improve pupils attitudes and motivation Maurice Galton and his team have collected examples from various schools of what works in re energising demotivated pupils This book presents practical advice and strategies for improving lower secondary school classrooms ranging from reducing class size to innovative induction programmes emphasising the development of core study skills and developing effective procedures to train pupils to cooperate rather than confront each other during lessons Chapters cover Making a Good Start to Secondary Education Creating a Cooperative Classroom Climate Improving Communication between Pupils and Teachers Why are some classrooms more successful How can school structures influence positive relationships The book is a much needed resource for all secondary teachers and is particularly useful for year and subject heads

Becoming a Teacher Justin Dillon, Meg Maguire, 2011-07-01 This edition addresses important educational questions It is designed to represent a coherent challenging thoughtful set of articles that will help readers to firm up their own ideas give a factual basis for discussion debate Interactive Teaching In The Primary School Moyle, Janet, Hargreaves, Linda, Merry, Roger, 2003-04-01 What is interactive teaching in primary classrooms What do primary teachers and children do to interact effectively Are there benefits in such interactions to both teaching and learning A research partnership of tutors and teachers

strives towards answers to these key questions This book is the story of this intriguing and exciting research project The authors examine the practical and theoretical aspects that are key to understanding and undertaking interactive teaching in primary classrooms The project is unique in using its own interactive processes Reflective Dialogues to help teachers make sense of their own teaching This process includes capturing and analysing classroom sessions on video and cameos of these classroom interactions are discussed throughout the book The research context is the Literacy Hour in Key Stages 1 and 2 This new title is key reading for academics researchers teacher educators policymakers and primary school teachers

Science Vanessa Kind, Keith Taber, 2005-05-13 In recognizing that new teachers often feel disempowered by the subject expertise they bring into teaching this book not only covers the training standards for NQTs and the Induction Standards but takes the reader beyond this by fully exploring issues relating to subject knowledge in learning to teach Divided into three sections the book covers framing the subject defining subject knowledge and focusing on questions about science as a school subject teaching the subject looking at pedagogical curricular and pupil knowledge science within the professional community focusing on the place of science within the wider curriculum and the teaching community This refreshing new book provides stimulating assistance to subject specialists from new teachers of science in the early years of professional development to those on a PGCE course or in their induction year It is also suitable for subject leaders with mentor responsibilities and Advanced Skills Teachers undertaking specialist inset and teaching support

Inclusive Education: Global Issues and Controversies, 2020-06-29 This edited book considers the main issues and controversies within the current educational context of inclusive education from an international perspective Authorities in the field such as Norwich Kauffman and Boyle amongst many other international scholars provide an enticing insight into many of the issues and controversies around inclusive education and whether it is achievable or not We have reached a point in time where inclusive education has been the prevailing doctrine for universal education policies However there are still many challenges facing those working within the inclusive education space with some countries actually becoming less inclusive International and national legislation has continued to move towards inclusive education yet there seems to be many gaps between the philosophy and the principles of inclusive education and systemic practice The book aims to address the current debates surrounding the implementation of inclusive education and also offers insights into the inconsistencies between policies and practices in inclusive environments Moreover it analyzes contemporary research evidence on the effectiveness of inclusion and identify directions for future research Contributors are Kelly Ann Allen Dimitris Anastasiou Joanna Anderson Adrian Ashman Jeanmarie Badar Christopher Boyle Jonathan M Campbell Heather Craig Leire Darretxe Julian Elliott Zuri e Gaintza Betty A Hallenbeck Divya Jindal Snape Marguerite Jones James M Kauffman George Koutsouris Fraser Lauchlan Gerry Mac Ruairc Sofia Mavropoulou Daniel Mays Brahm Norwich Angela Page Kirsten S Railey and Federico R Waitoller
