Wild Gratitude Edward Hirsch, 2013-12-11 An excerpt from the poem Wild Gratitude
 Tonight when I knelt down next to our cat Zooey And put my fingers into her clean cat s mouth And rubbed her swollen belly that will never know kittens And watched her wriggle onto her side pawing the air And listened to her solemn little squeals of delight I was thinking about the poet Christopher Smart Who wanted to kneel down and pray without ceasing In everyone of the splintered London streets And was locked away in the madhouse at St Luke s With his sad religious mania and his wild gratitude And his grave prayers for the other lunatics And his great love for his speckled cat Jeoffry All day today August 13 1983 I remembered how Christopher Smart blessed this same day in August 1759 For its calm bravery and ordinary good conscience

Poet's Choice Edward Hirsch, 2006 A collection of revised and expanded writings culled from the author s popular Washington Post Book World Poet s Choice column demonstrates how poetry responds to world challenges and introduces the work of more than 130 writers

Earthly Measures Edward Hirsch, 2013-10-09 Edward Hirsch s strong arresting poems have been praised from the start of his career Of his second book Wild Gratitude Robert Penn Warren said I am convinced that the best poems here are unsurpassed in our time This his fourth collection contains his finest work From gritty apocalyptic views of the urban Midwest to brilliantly empathetic portrayals of Simone Weil and Hugo von Hofmannsthal the range of poems is at once wide and subtle In the Midwest speaks of the nightmare of abandon and decay From a Train Hofmannsthal in Greece is the poet s compelling view of a timeless landscape The Italian Muse is a meditation on Henry James in Rome Luminist Paintings at the National Gallery beautifully evokes the sense of nineteenth century American countryside There is an argument about transcendence in these poems an evocation of American spaces and European landscapes a quest for reconciliation to the earth as it is Hirsch s work as Anthony Hecht has said has not only the courage of its strong emotions but the language and form that makes and keeps them clear and true

Stranger by Night Edward Hirsch, 2022-03-01 Now in his seventies the award winning poet looks back on what was and accepts what is in a deeply moving and beautiful sequence about what sustains him Beginning with My Friends Don t Get Buried the lament of a delinquent mourner as his friends have begun to die and ending with the plaintive note to self don t write elegies anymore Edward Hirsch takes us backward through the decades in these memory poems of startling immediacy He recalls the black dress a lover wore when he couldn t yet know the tragedy of her burning spirit the radiance of an autumn day in Detroit when his students smoked outside passionately discussing Shelley the day he got off late from a railyard shift and missed an

antiwar demonstration There are direct and indirect elegies to lost contemporaries like Mark Strand William Meredith and most especially his longtime compatriot Philip Levine whom he honors in several poems about daily work in the late mid century Midwest As the poet ages and begins to lose his peripheral vision the world is stranger by night but these elegant heart stirring poems shed light on a lifetime that inevitably contains both sorrow and joy
