Forum Shopping Despite Unification of Law Franco Ferrari, 2021-08-16 Watch the interview with Franco Ferrari on Forum Shopping Despite Unification of Law According to some commentators forum shopping is an evil that must be eradicated It has been suggested that the unification of substantive law through international conventions constitutes one way to achieve this outcome This book shows that the drafting of uniform substantive law convention cannot prevent forum shopping The reasons are classified into two main categories convention extrinsic and convention intrinsic reasons The former category comprises those reasons upon which uniform substantive law conventions do not have an impact at all These reasons range from the costs of access to justice to the bias of potential adjudicators to the enforceability of judgments The convention intrinsic reasons on the other hand are reasons that relate to the nature and design of uniform substantive law conventions and include their limited substantive and international spheres of application as well as their limited scope of application the need to provide for reservations etc This book also focuses on another reason why forum shopping cannot be overcome the impossibility of ensuring uniform applications and interpretations of the various uniform substantive law conventions

Veneziano, 2005-01-01 To provide valuable legal service to persons in today s Europe practitioners must be conversant in both national and transnational law At the European level the Principles of European Contract Law PECL are an increasingly important element of contract law together with national contract law as contained in Civil Codes and various national statute Accordingly Kluwer Law International has initiated a series of volumes under the direction of prof Hondius of the University of Utrecht comparing PECL with the most important European legal systems This volume on Italian law is the second in the series Using a straightforward comparative method the editors analysis not only reveals a significant area of convergence between the PECL and Italian contract law but also highlights the main differences between the two bodies of rules The reasons for these differences both legal and non legal such as historical social economic are clearly set forth The book provides complete texts with annotations of the PECL and the corresponding Italian rules The presentation proceeds as follows general provisions scope of application general duties terminology formation of contracts general provisions offer and acceptance liability for negotiations authority of agents general provisions direct and indirect representation validity interpretation contents and effects performance non performance and remedies in general particular remedies for non performance right to performance withholding performance termination of the contract price reduction damages and interest The editors commentary includes extensive reference to case law and legal doctrine at all essential points In this way they provide a comprehensive description of the law in action as well as its evolving trends In addition incisive essays by two leading experts in the field of comparative law prof Rodolfo Sacco and prof Michael Joachim Bonell analyse the relationship of the PECL and Italian law and its wider framework in the harmonisation of private law at the European and international levels The book is a valuable handbook and guide for both foreign and Italian lawyers For non Italian lawyers be they practitioners or academics it provides a concise but complete and up to date outline of current Italian contract law organized on the basis of a system PECL with which many European lawyers are familiar For Italian lawyers it offers a clearer insight into a wider European legal contract system whose importance in the evolution of a common European private law is growing rapidly Principles of European Contract Law Series 2 Clausele negoziali - Volume III Massimo Confortini, 2024-06-25 CLAUSOLE NEGOZIALI VOLUME III raccoglie scritti di accademici avvocati e notai aventi per oggetto la trattazione compiuta e sistematica di clausole tipiche e atipiche particolarmente ricorrenti nella odierna prassi delle contrattazioni Presenti numerose clausole rappresentative del settore immobiliare e assicurativo volte a tutelare il contraente pi debole e ristabilire un equilibrio contrattuale Accanto a clausole di recentissima creazione dell autonomia privata quali ad esempio quelle sulla successione mortis causa nell account quelle che disciplinano i rapporti pendenti nell ambito della crisi d impresa

e dell'insolvenza anche alla luce delle novità introdotte dal relativo Codice si trovano trattate clausole di ricca tradizione quali ad esempio la clausola compromissoria o relative alla disciplina della concorrenza. Lo scopo è di soccorrere il notaio, il giudice o l'avvocato nel compito di orientarsi di fronte a prodotti dell'autonomia dei privati e di offrire allo studioso un'occasione di riflessione intorno a fenomeni negoziali che in molti casi non hanno ancora ricevuto una sicura e meditata sistemazione. Ogni singola trattazione corredata dai riferimenti normativi e da pronunce giurisprudenziali più significative. I contributi raccolti sono a cura di affermati professionisti operanti in studi legali di rilievo nazionale e internazionale di autorevoli accademici e studiosi.

Trattato di diritto civile - Vol. III Francesco Galgano, 2010-12-09. Il Trattato è una aggiornata sistemazione delle materie regolate dal codice civile e dalle leggi che lo integrano, destinato ai professionisti del diritto, docenti, avvocati, magistrati, notai, oltre che ai laureati che si accingono ad affrontare gli esami di ammissione alle relative carriere. Vuole soddisfare l'avvertita esigenza di un sapere organico in un'epoca di vaste e incessanti trasformazioni delle fonti del diritto civile che ora non sono solo fonti nazionali ma anche comunitarie e universali, mentre la giurisprudenza accentua la propria vocazione all'adeguamento del diritto ai mutamenti della realtà, anche in un'epoca caratterizzata in modo sempre più invasivo dalla proliferazione dell'editoria giuridica specializzata su temi settoriali e soprattutto dominata dall'avvento di tecniche di informazione telematica che parcellizzano la conoscenza del diritto creando l'illusione, ma solo di illusione, che una rapida e puntuale informazione possa sostituire i classici strumenti di formazione giuridica. Sono ragioni in più rispetto a quelle già avvertibili in passato per riportare il nuovo che avanza e che si manifesta attraverso le odierne tecniche di informazione entro l'unità del sistema del diritto civile. Nel nostro tempo l'unica trattazione dell'intero diritto civile condotta da un'unica mano, che quella prestigiosa di Francesco Galgano, ci rende possibile una sintesi complessiva impensabile per le trattazioni a più mani e garantisce la coerenza dell'insieme ed un sicuro orientamento del lettore che potrà trovare di ciascun problema una risposta coordinata con la risposta data ad ogni altro problema.

I 4 volumi toccano tutto il diritto civile e commerciale.
