Travels Into Bokhara Vol Narrative:

Travels into Bokhara Volume 1, 2, 3 Complete Sir Alexander Burnes, 2022-01-29 Travels into Bokhara containing the narrative of a voyage on the Indus from the sea to Lahore and an account of a journey from India to Cabool Tartary and Persia performed by order of the supreme government of India in the years 1831 1832 and 1833 **The Expedition Into Afghanistan** James Atkinson, 1842 **The Bazaar in the Islamic City** Mohammad Gharipour, 2012-10-01 The Middle Eastern bazaar is much more than a context for commerce the studies in this book illustrate that markets regardless of their location scale and permanency have also played important cultural roles within their societies reflecting historical evolution industrial development social and political conditions urban morphology and architectural functions This interdisciplinary volume explores the dynamics of the bazaar with a number of case studies from Cairo Damascus Aleppo Nablus Bursa Istanbul Sana a Kabul Tehran and Yazd Although they share some contextual and functional characteristics each bazaar has its own unique and fascinating history traditions cultural practices and structure One of the most intriguing aspects revealed in this volume is the thread of continuity from past to present exhibited by the bazaar as a forum where a society meets and intermingles in the practice of goods exchange a social and cultural ritual that is as old as human history **Travels Into Print** Innes M. Keighren, Charles W. J. Withers, Bill Bell, 2015-05-11 The Age of Exploration and Discovery may well have started in the 15th century but for the British the 19th century saw the rise of the British Empire and an explosion in world travel The travel narratives written during this century were profuse and by some estimates more travel narratives were written during the first half of the 19th century than in all preceding centuries These accounts tell of wondrous zoological and botanical finds of topography never before imagined and of exotic peoples as well At the time there was one publisher John Murray known for its utter domination of the travel narrative field The caliber and profile of their list was known throughout the UK and Europe and into the US as well The authors of the house included Jane Austen Lord Byron Washington Irving and Sir Walter Scott And in its list of travel writing and exploration the house boasted the authors Charles Darwin and Charles Lyell Murray's name became as synonymous with travel writing and exploration as it was with literary giants Travels into Print is a tour through the archives and files of the House of Murray and marvelous expedition in the geography of travel and exploration writing knowledge and reception in the 19th century Rather than focusing on narratives of a particular region or scientific area of interest or particular period the work uses a source that cuts across all of these areas the publisher Steeped in book files and correspondence about edits and revisions sent between Murray and his staff and explorers the book addresses the ways in which the texts were written the role of truth in the accounts correspondence as a form of production and the writings as travel documents This is a wonderful history of the book told from the perspective of a legendary book and author maker **Travels Into Bokhara** Sir Alexander Burnes, 2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures
