Treasure Neverland Real And Imaginary Pirates:

Treasure Neverland Neil Rennie, 2013-09-12 Treasure Neverland compares the facts of real eighteenth century pirate lives with how such they were transformed artistically for historical novels popular melodramas boyish adventures and Hollywood films

Treasure Neverland Neil Rennie, 2013-09-12 Treasure Neverland is about factual and fictional pirates Swashbuckling eighteenth century pirates were the ideal pirates of all time and tales of their exploits are still popular today Most people have heard of Blackbeard and Captain Kidd even though they lived about three hundred years ago but most have also heard of other pirates such as Long John Silver and Captain Hook even though these pirates never lived at all except in literature The differences between these two types of pirates real and imaginary are not quite as stark as we might think as the real historical pirates are themselves somewhat legendary somewhat fictional belonging on the page and the stage rather than on the high seas Based on extensive research of fascinating primary material including testimonials narratives legal statements colonial and mercantile records Neil Rennie describes the ascertainable facts of real eighteenth century pirate lives and then investigates how such facts were subsequently transformed artistically by writers like Defoe and Stevenson into realistic and fantastic fictions of various kinds historical novels popular melodramas boyish adventures Hollywood films Rennie's aim is to watch in other words the long dissolve from Captain Kidd to Johnny Depp There are surprisingly few scholarly studies of the factual pirates properly analysing the basic manuscript sources and separating those documents from popular legends and there are even fewer literary historical studies of the whole crew of fictional pirates although those imaginary pirates form a distinct and coherent literary tradition Treasure Neverland is a study of this Scots American literary tradition and also of the interrelations between the factual and fictional pirates pirates who are intimately related as the nineteenth century writings about fictional pirates began with the eighteenth century writings about supposedly real pirates What I want is the best book about the Buccaneers wrote Stevenson when he began Treasure Island in 1881 What he received rightly was indeed the best book the sensational and unreliable History of the Pyrates 1724
