## **Wacousta A Tale Of The Canadas New Canadian Library:**

**Wacousta or, The Prophecy** John Richardson, 1987-12-15 Set on the northwest frontier during the Pontiac conspiracy of the 1760s this story of false identity wasted love diabolic vengeance and unquenchable hatred articulates themes and mythologies relevant to French British Canadian and American history

**Canadian Gothic** Cynthia Sugars, 2014-01-15 This book explores the Gothic tradition in Canadian literature by tracing a distinctive reworking of the British Gothic in Canada It traces the ways the Gothic genre was reinvented for a specifically Canadian context On the one hand Canadian writers expressed anxiety about the applicability of the British Gothic tradition to the colonies on the other they turned to the Gothic for its vitalising rather than unsettling potential After charting this history of Gothic infusion Canadian Gothic turns its attention to the body of Aboriginal and diasporic writings that respond to this discourse of national self invention from a post colonial perspective These counter narratives unsettle the naturalising force of this invented history rendering the sense of Gothic comfort newly strange The Canadian Gothic tradition has thus been a conflicted one which reimagines the Gothic as a form of cultural sustenance This volume offers an important reconsideration of the Gothic legacy in Canada

**America Unbound** Antonio Barrenechea, 2016-11-15 This original contribution to hemispheric American literary studies comprises readings of three important novels from Mexico Canada and the United States Carlos Fuentes's *Terra Nostra* Quebecois writer Jacques Poulin's *Volkswagen Blues* and Native American writer Leslie Marmon Silko's *Almanac of the Dead* The encyclopedic novel has particular generic characteristics that serve these writers as a vehicle for the reincorporation of hemispheric histories Starting with an examination of *Moby Dick* as precursor Barrenechea shows how this narrative genre allows Fuentes Poulin and Silko to reflect the interconnected world of today as well as to dramatize indigenous and colonial values in their narratives His close attention to written documents visual representations and oral traditions in these encyclopedic novels sheds light on their comparative cultural relations and the New World from pole to pole This study amplifies the scope of America across cultures and languages time and tradition

**Imitation Nation** Jason Richards, 2017-12-26 How did early Americans define themselves The American exceptionalist perspective tells us that the young republic rejected Europeans Native Americans and African Americans in order to isolate a national culture and a white national identity Imitativeness at this time was often seen as antithetical to self and national creation but Jason Richards argues that imitation was in fact central to such creation *Imitation Nation* shows how whites simultaneously imitated and therefore absorbed the cultures they so readily disavowed as well as how Indians and blacks emulated the power and privilege of whiteness while they mocked and resisted white authority By examining the republic's foundational literature including works by Washington Irving James Fenimore Cooper Harriet Beecher Stowe Herman Melville and Martin Delany Richards argues that the national desire for cultural uniqueness and racial purity was in constant conflict with the national need to imitate the racial and cultural other for self definition The book offers a new model for understanding the ways in

which the nation's identity and literature took shape during the early phases of the American republic *Canadian Books in Print. Author and Title Index*, 1975 **Recovering Canada's First Novelist** Catherine Sheldrick Ross, 1984 Includes six papers from a conference at the University of Western Ontario This title provides a brief biographical note that constitutes the full scale scholarly examination of Canada's earliest novelist **Canadian Books in Print**, 2003 **The Canadian Novel: Here and now** John Moss, 1978 History of the Book in Canada: 1840-1918 History of the Book in Canada Project, 2004-01-01 This second of three volumes in the History of the Book in Canada demonstrates the same research and editorial standards established with Volume One by book history specialists from across the nation **Reading the Nation in English Literature** Elizabeth Sauer, Julia M. Wright, 2009-09-10 This volume contains primary materials and introductory essays on the historical critical and theoretical study of national literature focusing on the years 1550 1850 and the impact of ideas of nationhood from this period on contemporary literature and culture The book is helpfully divided into three comprehensive parts Part One contains a selection of primary materials from various English speaking nations written between the early modern and the early Victorian eras These include political essays poetry religious writing and literary theory by major authors and thinkers ranging from Edmund Spenser Anne Bradstreet and David Hume to Adam Kidd and Peter Du Ponceau Parts Two and Three contain critical essays by leading scholars in the field Part Two introduces and contextualizes the primary material and Part Three brings the discussion up to date by discussing its impact on contemporary issues such as canon formation and globalization The volume is prefaced by an extensive introduction to and overview of recent studies in nationalism the history and debates of nationalism through major literary periods and discussion of why the question of nationhood is important Reading the Nation in English is a comprehensive resource offering coherent accessible readings on the ideologies discourses and practices of nationhood Contributors Terence N Bowers Andrea Cabajsky Sarah Corse Andrew Escobedo Andrew Hadfield Deborah Madsen Elizabeth Sauer Imre Szeman Julia M Wright
