Can We Still Believe in God? Craig L. Blomberg, 2020-06-16 People regularly give certain reasons for not believing in God but they are much less aware of what the New Testament actually teaches. Although challenges to Christianity are perennial and have frequently been addressed they are noticeably more common today and are currently of particular interest among evangelicals. Skeptics of Christianity often ask highly regarded biblical scholar and popular speaker Craig Blomberg how he can believe in a faith that seems so problematic. How can God allow evil and suffering? Isn't the Bible anti women anti gay and pro slavery? Isn't the New Testament riddled with contradictions? What about the nature of hell violence in Scripture and prayer and predestination? Following the author's successful *Can We Still Believe the Bible* this succinct and readable book focuses on what the New Testament teaches about 10 key reasons people give for not believing in God
