Parrot Island Marty Baker, 2020-08-03

Parrot Island The Pirate Adventures is a children's YA book that has a slightly different take than any other pirate book Our story began with a simple question Where do pirates actually get their parrots Well after digging through the secret archives of the Caribbean pirates we found a clue There is a small island shrouded in mystery that is home to parrots trained to be proper pirates parrots It's a very cinematic story that follows the adventures of Gabe the son of Blackbeard's parrot who is chosen by the notorious pirate Sykes to join the crew of the Rusty Cutlass Joined by his best friend Ponce a portly grey parrot the two parrots meet Bilge a ship smart rat who helps them during their adventures on the high seas We feel this a genre bending book in the plethora of Pirate Books for children None that we could find is told from the parrot's perspective in such a fun and adventure filled way and includes two strong female characters a woman pirate named Pearl and her parrot
