Schaefer, 2013-10-08 Through a study of the church of Santa Prassede Mary M Schaefer offers a compelling examination of the golden ages for women active in ecclesial ministries critically measuring feminist claims and providing evidence contrary to the official Roman position that women have never been ordained in the Catholic Church The ninth century church of Santa Prassede has been studied intensively in recent years yet no scholar has yet recognized the significance of the balanced male and female imagery both men and women disciples Peter and Paul as family friends Praxedes and her sister as house church leaders in the post apostolic period assisted by bishop Pius I and Pope Paschal's mother Theodora episcopa for example Praxedes identification as presbyteria by a Roman priest historian in 1655 and by the Benedictine prior of the church in 1725 prompts analysis of women's ordination rites in churches of East and West Santa Prassede preserves one of the largest intact programs of church decoration in Rome up to 1200 Schaefer investigates its scriptural and liturgical sources and in turn reexamines its foundation myth With the story of the church Schaefer provides a detailed study of women in pastoral office especially diaconas presbyteras and episcopal abbesses from the first through twelfth centuries in the West *Women in Pastoral Office* also shows how the liturgy as well as the vita of Praxedes and her sister Pudentiana whose fourth century church is located down the hill shaped this outstanding commission of the builder Pope Paschal I 817-824 **Excavating Women** Carina Oliveira Prestes, 2025 *Excavating Women* investigates the leadership of women in Christian churches in the first six centuries CE through a study of archaeological remains Carina Prestes surveys the role of women in Greco Roman society and examines funerary remains of the first Christian centuries to understand the role of women in Christian communities

Introduction The Muratorian Fragment Clare K. Rothschild, 2022-04-19. This volume offers an introduction, critical edition, and fresh English translation of the Muratorian Fragment. In addition to addressing questions of authorship, date, provenance, and sources, Clare K. Rothschild carefully analyzes the text's language, composition, genre, and possible functions, with reference to a breathtaking range of scholarly positions and findings from the eighteenth century to the present. She also investigates its position within the eclectic eighth-century Muratorian Codex Ambr I 101 sup A, line by line. Philological commentary draws attention to literary, philosophical, and religious aspects of the individual traditions represented. This study should be of interest to scholars of the New Testament and early Christian literature, as well as experts on the emergence of the canon and historians of the Latin Medieval West. **The Priscilla Revelation and the Discovery of the Apple**

Constellation Carolyn M. Beehler, 2015-08-21. Carolyn is a highly regarded teacher and artist, but a holidays-only Christian. One day while preparing for a class, she has an unexpected spiritual revelation: a woman wrote part of the Bible. What does she do with this divine message? Her spiritual journey and research takes her from the depths of Roman catacombs to dying stars in a far-off nebula. She is led by an ancient woman's spirit and helped by earthly angels, including the famous theologian and priest Henri Nouwen. She uncovers a hidden secret which amazes astronomers at Yale and the Vatican and earns her national recognition.

Gender, Memory, and Identity in the Roman World Jussi Rantala, 2025-10-01. This volume approaches three key concepts in Roman history: gender, memory, and identity, and demonstrates the significance of their interaction in all social levels and during all periods of Imperial Rome. When societies as well as individuals form their identities, remembrance and references to the past play a significant role. The aim of *Gender, Memory, and Identity in the Roman World* is to cast light on the constructing and the maintaining of both public and private identities in the Roman Empire through memory and to highlight in particular the role of gender in that process. While approaching this subject, the contributors to this volume scrutinise both the literature and material sources, pointing out how widespread the close relationship between gender, memory, and identity was. A major aim of *Gender, Memory, and Identity in the Roman World* as a whole is to point out the significance of the interaction between these three concepts in both the upper and lower levels of Roman society and how it remained an important question through the period from Augustus right into Late Antiquity.
