Women In Politics In The American City:

Women in Politics in the American City Mirya Holman, 2015 How do female municipal leaders influence policymaking in American cities Can gender determine who gets a say in local politics or what programs cities fund These are some of the questions raised and answered in Mirya Holman's provocative *Women in Politics in the American City* This book provides the first comprehensive evaluation of the influence of gender on the behavior of mayors and city council members in the United States Holman considers the effects of gender in local urban politics and analyzes how a leader's gender does and does not influence policy preferences processes behavior and outcomes Holman effectively uses original survey data to evaluate policy attitudes combined with observations of city council meetings and interviews with leaders and community members In doing so she demonstrates the importance of considering the gender of leaders in local office *Women in Politics in the American City* emphasizes that the involvement of women in local politics does matter and that it has significant consequences for urban policy as well as state and local democracy

Women and Politics Julie Dolan, Melissa M. Deckman, Michele L. Swers, Paru Shah, 2025-08-26 *Women and Politics* Paths to Power and Political Influence examines the role of women in politics from the early women's movement to the female politicians in power today Focusing on women whose stories have not yet been told this book includes new analysis and scholarship on the experiences and viewpoints of conservative women women of color LGBT women and millennial women Students will gain historical insight into how women have achieved political power and how they have influenced the American political system at the state local and national levels in each branch of government Engaging profiles of the key players who have shaped our political system are interwoven with an analysis of the most recent election data to provide a comprehensive and unbiased introduction to the study of women and politics

Women and Politics Lynne Ford, 2018-05-15 *Women and Politics* is a comprehensive examination of women's use of politics in pursuit of gender equality How can demands for gender equality be reconciled with sex differences Resolving this paradoxical question has proceeded along two paths the legal equality doctrine which emphasizes gender neutrality and the fairness doctrine which recognizes differences between men and women The text's clear analysis and presentation of theory and history helps students to think critically about the difficulties faced by women in politics and about how public policies in education labour and the economy and family and fertility impact gender equality The fully revised fourth edition explores new critical perspectives recent political events and current challenges to gender equality including the 2016 presidential election and Hillary Clinton's candidacy the fight for equal pay and paid leave and the debate over reproductive rights and campus sexual assault It also includes current scholarship on the intersections of race class and gender and expanded coverage of minority women women in the military and conservative women This text and its two path framework is essential to understanding women's pursuit of equality via the political system

Understanding Urban Politics Timothy B. Krebs, Arnold Fleischmann, 2020-02-17 In *Understanding Urban Politics* Institutions Representation and Policies Timothy B.

Krebs and Arnold Fleischmann introduce a framework that focuses on the role of institutions in establishing the political rules of the game the representativeness of city government the influence of participation in local democracy and how each of these features influences the adoption and implementation of public policies Part 1 lays the groundwork for the rest of the book by exploring the many meanings of urban analyzing what local governments do and providing a history of American urban development Part 2 examines the organizations and procedures that are central to urban politics and policy making intergovernmental relations local legislatures and the local executive branch Part 3 looks at elections and voting local campaigns and non voting forms of participation The four chapters in Part 4 focus on the policy process and the delivery of local services local government finances Building the City economic development land use and housing and policies affecting the quality of life public safety the environment morality issues and urban amenities Krebs and Fleischmann bolster students learning and skills with guiding questions at the start of each chapter which ends with key terms a summary discussion questions and research exercises The appendix and website aid these efforts as does a website for instructors

Masculinity in American Politics Monika L. McDermott, Dan Cassino, 2025-02-25 How elements of masculinity manifest themselves in all aspects of American political life While hardly a new phenomenon masculinity which includes elements of toughness independence and leadership among others roared onto the national political stage in America with the 2016 candidacy election and presidency of Donald Trump Research into masculinity dates back over a century but little attention has been paid to the specific role of masculinity in politics beyond the conventional wisdom that it rather than femininity is the dominant force This lack of research has led to a lack of knowledge on how exactly and how much masculinity shapes political structures attitudes and behaviors from children s socialization to our masculine political world to how a new generation views this traditional dominance In *Masculinity in American Politics* Monika L McDermott and Dan Cassino bring together a prestigious group of interdisciplinary scholars to explore these questions and their implications for different aspects of political life Topics include the challenge of defining and measuring masculinity how perceptions of gender and masculinity can shape campaign messaging strategies and public opinion and other discussions of political identity including age race and ethnicity With contributions from Melissa Deckman Jill S Greenlee Amanda Bittner and other high profile scholars this comprehensive volume provides insight into masculinity and its high stakes political manifestations particularly as Gen Z fights to redefine the contours of their own gender and sexuality Drawing upon insights from politics sociology psychology and the broader social sciences *Masculinity in American Politics* pushes the field to look beyond the binary and illuminate this brave new world of political conflict and possibility *Black Women and Politics in New York City* Julie A. Gallagher, 2012-05-21 Julie A Gallagher documents six decades of politically active black women in New York City who waged struggles for justice rights and equality not through grassroots activism but through formal politics In tracing the paths of black women activists from women s clubs and civic organizations to national politics including appointments to

presidential commissions congressional offices and even a presidential candidacy Gallagher also articulates the vision of politics the women developed and its influence on the Democratic party and its policies Deftly examining how race gender and the structure of the state itself shape outcomes she exposes the layers of power and discrimination at work in all sectors of U S society

Gendering Legislative Behavior Tiffany D. Barnes, 2016-06-30 In democracies power is obtained via competition Yet as women gain access to parliaments in record numbers worldwide collaboration appears to be on the rise This is puzzling why if politicians can secure power through competition would we observe collaboration in Congress Using evidence from 200 interviews with politicians from Argentina and a novel dataset from 23 Argentine legislative chambers over an 18 year period Gendering Legislative Behavior reexamines traditional notions of competitive democracy by evaluating patterns of collaboration among legislators Although only the majority can secure power via competition all legislators particularly those who do not have power can influence the policy making process through collaboration Tiffany D Barnes argues that as women have limited access to formal and informal political power they collaborate more than men to influence policy making Despite the benefits of collaboration patterns of collaboration vary among women because different legislative contexts either facilitate or constrain women s collaboration
