Zomosapiens The Apocalypse From The Zombies Point Of View:

Zomosapiens David B. Moon, Audrey E. Moore, Cassandra Juell, 2014-01-04 Human flesh and blood fill Laura's mouth as her new razor sharp teeth cleanly slice a chunk of flesh from the cadaver's thigh. Blood drips from her ruby red lips as the taste sends an electric erotic shock throughout her body, mind and soul, fanning the flames of the hunger within her. She tries to think but the need to feed drives her from one body to the next, savoring the taste. As she tries to sate her hunger, her victims become her competitors as they slowly rise and search out humans to fill their needs. Laura wasn't always a flesh eating monster. Just months ago she was a very successful retired businesswoman but felt that she missed life in her pursuit of success. She decided to undergo a radical new treatment using nanotechnology. The micro machines injected into her body made her young and healthy. Everything was going well for her until a car slammed her through a pane glass window, draining her body of blood. The micro machines' prime directive is to save their host and they made radical changes to her body to save her. As Laura and her victims feed their hunger, sates leaving them time to think. They see the infection spreading at a rapid rate, leaving less and less of the tasty humans to eat. They hatch a plan to control the infection so they can save humanity for dinner. While Laura's ragtag group organizes the micro machine infection spreads, leaving in its wake flesh eating zombies, blood drinking vampires and one pissed off werewolf. A clash is coming between these groups in this new world. Will Laura's group survive? Will any of them survive?

The Old Man and the End of the World William Harrison, 2021-04 The human race is in deep trouble. Mysterious spores are spreading across the Earth, creating the inevitable zombie pandemic. As the plague moves around the world, individuals and groups of people, their cities and their cultures react to the growing disaster. From a grizzled old ex-Marine outside Chicago to a firefighter in the Siberian Arctic to a sword-wielding school girl in Japan and many others, their ongoing stories track the unfolding destruction of civilization as ever-increasing hordes of ravenous, naked, infected threaten humanity's very existence. The first in a brand new series, fans of Max Brooks' *World War Z* and John Ringo's zombie novels will love this book.

Thinking Dead Murali Balaji, 2013-09-26 Zombies are everywhere these days. We are consuming zombies as much as they are said to be consuming us in mediated apocalyptic scenarios on popular television shows, video game franchises and movies. The zombie industry generates billions a year through media, texts and other cultural manifestations: zombie races and zombie-themed parks to name a few. Zombies like vampires, werewolves, witches and wizards have become both big dollars for cultural producers and the subject of audience fascination and fetishization. With popular television shows such as AMC's *The Walking Dead* based on the popular graphic novel and movie franchises such as the ones pioneered by George Romero, global fascination with zombies does not show signs of diminishing. In *The Thinking Dead: What the Zombie Apocalypse Means*, edited by Murali Balaji, scholars ask why our culture has become so fascinated by the zombie apocalypse. Essays address this question from a range of theoretical perspectives that tie our consumption of zombies to larger narratives of race, gender, sexuality, politics, economics and the end

of the world Thinking Dead brings together an array of media and cultural studies scholars whose contributions to understanding our obsession with zombies will far outlast the current trends of zombie popularity

Living with the Living Dead Greg Garrett,2017-05-01 In Living with the Living Dead Greg Garrett shows that the zombie apocalypse has become an archetypal narrative for the contemporary world in part because zombies can represent a variety of global threats from terrorism to Ebola from economic uncertainty to mental illness But paradoxically this narrative also offers human beings a chance to find emotional and spiritual comfort these apocalyptic stories about individuals facing the imminent prospect of grisly death also offer us wisdom about living in community present us with real world ethical problems and invite us into a conversation about what it means to survive

CONVERSION THEORY Rich Restucci,2016-12-09 Plague Infection Death Civilization is gone assaulted by the walking dead Within these pages lies a man s tale of unspeakable horror and humor told during the zombie apocalypse One man stands immune to the greatest plague in human history Our hero should you choose to call him that is now hunted by organizations that would use him for his immunity Chased by relentless forces incapable of mercy or pity our hero and his friends must fight off those that seek to destroy them Government scientists seek him The dead want to eat him Humanity needs him No longer is our hero a useless plebe unable to tell the difference between a clip and a magazine No longer is he a fool who continually makes mistakes He is now an utter badass who continually makes mistakes Join him as he chronicles his successes and failures in a world where success means finding an unopened can of Spam and failure means death

Conversion Theory The Zombie Theories Series Book 3

A Zombie Apocalyptic Fidel Masar,2021-06-30 This is a good book with great characters that keeps you obsessed with every page since the first one The book is based on an original take on zombie fiction This book shows the apocalypse from the zombie s perspective The past is written by the living the future by the dead This is the definitive first hand account of how the world as Beans have known it for millennia came to its rightful end From his humble beginnings rising as a discarded corpse in the metropolis dump London in the early days of the plague Nigel recounts his journey of discovery Acquiring many followers his mission soon dawns on him to bring death and enlightenment to the unforgiving miserable existence of Beankind Arguably Nigel is the foremost philosopher of death rewriting the books on existentialism pragmatism and more Authoritative moving inspiring brutal and terrifying these memoirs lead the reader through a whole world of hurt death and illumination A personal growth memoir not for the faint hearted

S. Patrick,2021 The ImDED2 virus has ravaged the world for over six months Ryan Maxwell and his family were fortunate enough to have the money to build the ultimate survival shelter and have weathered the zombie apocalypse in relative comfort Ryan and one of his best friends Nick Jones have led a group through the wastes of the American Midwest down to Dallas Texas where Ryan s parents were found to be alive *True West Vs the Zombie Apocalypse* John Press,2021 **Z Chronicles the Beginning** A. L. White,2014-02-01 The Z Chronicles The Beginning is a story about two girls surviving the Zombie Apocalypse using skills that they learned at home and on the road Surviving among a new world where all that they have come to know and love are just a memory This is the first of their adventures with more to follow as my imagination runs wild If you like zombie stories come into my world for a story or two Thank you for trying my book Lori felt the warmth of the morning sun move across her body The fall was bringing cool nights but keeping the house closed up kept the upstairs fairly hot She listened for sounds that her younger brother and sister Jay and Virginia were up and moving around The house seemed eerily silent for the morning Usually she would awake to Jay driving the younger Virginia crazy about something or other She forced herself from bed and pulled on her shorts and an old t shirt and headed down to the family room That was when she saw why it was so quiet Jay and Virginia were studying the muddy hand prints on the windows *Zombie Apocalypse 2* Michael K. Clancy,2021-09 Dr Benjamin Lieber and Dr Jack Crown battle zombies and contagion as dangers mount **Human Zombie Biology** GREEN; CHRISTOPHER,Stephanie J. Fisher,2016-08-25 **Better Off Dead** Deborah Christie,Sarah Juliet Lauro,2011 In an age where anxiety pervades our culture Better Off Dead explores whether the zombie resembles our pre historic past or acts as a mirror showing our present day foes The zombie is ubiquitous in popular culture from comic books to video games to internet applications and homemade films zombies are all around us Investigating the zombie from an interdisciplinary perspective with an emphasis on deep analytical engagement with diverse kinds of texts Better OffDead addresses some of the more unlikely venues where zombies are found while providing the reader with a classic overview of the zombie s folkloric and cinematic history What has the zombie metaphor meant in the past Why does it continue to be so prevalent in our culture Where others have looked at the zombie as an allegory for humanity s inner machinations or claimed the zombie as capitalist critique this collection seeks to provide an archaeology of thezombie tracing its lineage from Haiti mapping its various cultural transformations and suggesting the post humanist direction in which the zombie is ultimately heading Approaching the zombie from many different points of view the contributors look across history and across media Though they represent various theoretical perspectives the whole makes a cohesive argument The zombie has not just evolved within narratives it has evolved in a way that transformsnarrative This collection announces a new post zombie even before the boundaries of this rich and mysterious myth have been completely charted
