What's Wrong with Mindfulness (And What Isn't) Barry Magid, Robert Rosenbaum, 2016-10-18 Mindfulness seems to be everywhere but are we sure that's a good thing Teachers Sallie Kato Mcdowell Gil Fronsdal Norman Fischer and more explain how removing mindfulness from Buddhism may set a dangerous precedent Mindfulness is in fashion Oprah loves it Google teaches it to employees it has become widespread as a cure all for stress health problems and psychological difficulties interpersonal trouble and existential anxiety However when its proponents try to make it more accessible by severing it from its Buddhist roots they run the risk of leeching mindfulness of its transformative power Taught outside of its ethical and spiritual context it becomes a mere means to an end rather than a way of life Mindfulness is in danger of being co-opted into the spiritual equivalent of fast food McMindfulness Instead of being better people we just become better employees better consumers The Zen teachers gathered here ask a bold question Is universal mindfulness really a good thing Ranging from thoughtful critiques to personal accounts of integrating mindfulness into daily life each chapter offers insights to ground mindfulness in a deeper understanding of both where it comes from and where it might be headed With contributions from Marc Poirer Robert Meikyo Rosenbaum Barry Magid Hozan Alan Senauke Sallie Kato Mcdowell Gil Fronsdal Max Erdstein Zoketsu Norman Fischer Janet Jiryo Abels Grace Schireson Sojun Mel Weitsman and Robert Sharf Single Session Therapies Flavio Cannistrà, Michael F. The Joy of Encountering Christ Hoan Moses Chung,2025-09-23

The Joy of Encountering Christ Thomas Merton and Zen is based on Merton s pioneering work of integrating Christian spirituality with Eastern religions especially Zen Buddhism The author espouses perennial philosophy which says that human beings have an identical dynamism of the spirit oriented to God Christ is equivalent to Atman in Advaita Vedanta and the Buddha nature in Zen We don t have an individual life apart from Christ our true self is Christ who lives within us Merton s spirituality is summarized using the thirteenth century Buddhist philosopher Dogen s dictum To know Christ is to know true self To know the true self is to know the false self To know the false self is to cast off the body and mind by means of contemplation Merton single handedly lifted up Christian spirituality and made contemplation a household word by firmly establishing that Zen provides the epistemological and structural impetus for directly experiencing God Contemplation is the process of manifesting the hidden wholeness body mind and spirit by emptying the ego self so that Christ takes ownership of our interior selves Without the wisdom and insights from Asian religious traditions the Christian proclamation fails to convey its full meaning and remains divided between God and man heaven and earth and mind and body

Terapia de una sola sesión con o sin cita previa Michael F.

Hoyt, Monte Bobele, Arnold Slive, Jeff Young, Moshe Talmon,2023-08-01 Realmente se beneficia la gente de una sesión y si es así como La terapia de una sola sesión se define como un encuentro cara a cara entre un terapeuta y un paciente sin sesiones previas o posteriores en un largo periodo de tiempo Cada sesión se aborda como un evento singular basado en la creencia de que algo bueno puede venir de una sesión y de que esa sesión puede ser la última El supuesto fundamental de todas las formas de terapia breve es que los clientes tienen la capacidad de alterar sus pensamientos emociones y conductas para producir
