Whiteness Visible The Meaning Of Whiteness In American Literature:

Whiteness Visible Valerie M. Babb, 1998-09 Babb English Georgetown U discusses theories of racial formation the depiction of white identity in American literature an instance in Moby Dick where white identity is deconstructed and early 20th century immigrant autobiography as a guide to exploring some of the cultural agents world s fairs settlement houses public schooling and etiquette books that codified representations of an ideal white identity Annotation copyrighted by Book News Inc Portland OR

Whiteness Visible Valerie M. Babb, 1998-09-01 In *Whiteness Visible* Valerie Babb investigates the history values rituals and shared consciousness that created whiteness in the United States as well as the representations that sustain its influence on both cultural and literary vision Babb formulates an understanding of whiteness by tracing its literary and cultural evolution enlisting diverse sources from among others the Han dynasty Aristotle s *Politica* and excerpts from the recollections of white indentured servants Babb s textual analysis begins by surveying the construction of whiteness in early American writings and material culture and continues through literature of the nineteenth century surveying whiteness in texts commonly acknowledged as standards in U S literature *The Last of the Mohicans* and *Moby Dick* She then investigates representations of whiteness in a variety of late nineteenth and early twentieth century cultural creations among them immigrant autobiographies World s Fair expositions and etiquette books Babb convincingly illustrates the ways in which a variety of cultural creations combine to help shape the concept of universal whiteness *Whiteness Visible* boldly claims that we can only understand the full significance of race and the ways in which it influences cultural understanding and cultural creation in the United States when we interrogate whiteness and make it visible [The Routledge Companion to Masculinity in American Literature and Culture](#) Lydia R. Cooper, 2021-12-26 Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists Grounding sociological historical political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions *The Routledge Companion to Masculinity in American Literature and Culture* suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures Masculinity is more than a description of traits associated with particular performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity

White Liberal Identity, Literary Pedagogy, and Classic American Realism Phillip Barrish, 2005 *White Liberal Identity Literary Pedagogy and Classic American Realism* brings literary works from the turn of the last century face to face with some of the dilemmas and paradoxes that currently define white liberal identity in the United States Phillip

Barrish develops fresh analytic and pedagogical tools for probing contemporary white liberalism while also offering new critical insights and classroom approaches to American literary realism New ground is broken by using bold close analysis of works by canonical American realist writers such as Henry James Edith Wharton Mark Twain and Kate Chopin These contexts include an affirmative action court case the liberal arts classroom and the war on drugs as well as current debates about the United States role on the international scene Invoking a methodology that he calls critical presentism Barrish's book offers a fresh response to that perennial classroom question often posed most forcefully by students committed to progressive political agendas why devote so much time and effort to detailed analyses of canonical American literature This book makes specific contributions not only to American literary and cultural studies but also to critical race theory masculinity studies and critical pedagogy from back cover

Childhood and Innocence in American Culture James M. Curtis,2023-08-01 This collection argues that the romanticized conflation of childhood and innocence in American culture has been on a steady decline at least since the 1960s largely due to postmodern critiques of overarching narratives involving both the child and the innocence of childhood Additionally this collection highlights and analyzes examples of children's literature and culture throughout the 20th century and into the 21st which pointedly defy traditional idealized notions of childhood Such an analysis serves to reiterate the idea that the romanticized notion of childhood which has pervaded American culture for over two centuries is little more than a cultural construction that bears little to no resemblance to the actual lived experience of American children

Ethnic American Literature Emmanuel S. Nelson,2015-02-17 Unlike any other book of its kind this volume celebrates published works from a broad range of American ethnic groups not often featured in the typical canon of literature This culturally rich encyclopedia contains 160 alphabetically arranged entries on African American Asian American Latino a and Native American literary traditions among others The book introduces the uniquely American mosaic of multicultural literature by chronicling the achievements of American writers of non European descent and highlighting the ethnic diversity of works from the colonial era to the present The work features engaging topics like the civil rights movement bilingualism assimilation and border narratives Entries provide historical overviews of literary periods along with profiles of major authors and great works including Toni Morrison Maxine Hong Kingston Maya Angelou Sherman Alexie A Raisin in the Sun American Born Chinese and The House on Mango Street The book also provides concise overviews of genres not often featured in textbooks like the Chinese American novel African American young adult literature Mexican American autobiography and Cuban American poetry

Teaching Transformation A. Keating,2007-06-11 Drawing on indigenous belief systems and recent work in critical race studies and multicultural feminist theory Keating provides detailed step by step suggestions based on her own teaching experiences designed to anticipate and change students resistance to social justice issues It offers a holistic approach to theory and practice

The White African American Body Charles D. Martin,2002 Explores the image of the white Negro in American popular culture from the late

eighteenth century to the present How Black Writers Deal with Whiteness Emine Lâle Demirtürk,2008 From the internationally bestselling author who brought us *Ender's Game* a brand new series that instantly draws readers into the dystopian world of Rigg a teenager who possesses a secret talent that allows him to see the paths of people's pasts Rigg's only confidant is his father whose sudden death leaves Rigg completely alone aside from a sister he's never met But a chance encounter with Umbo another teen with a special talent reveals a startling new aspect to Rigg's abilities compelling him to reevaluate everything he's ever known Rigg and Umbo join forces and embark on a quest to find Rigg's sister and discover the true depth and significance of their powers Because although the pair can change the past the future is anything but certain *Towards a Bibliography of Critical Whiteness Studies* Tim Engles,2006 **The Best Books for Academic Libraries** ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers **African American Novels in the Black Lives Matter Era** E. Lâle Demirtürk,2019-08-09 African American Novels in the Black Lives Matter Era *Transgressive Performativity of Black Vulnerability as Praxis in Everyday Life* explores the undoing of whiteness by black people who dissociate from scripts of black criminality through radical performative reiterations of black vulnerability It studies five novels that challenge the embodied discursive practices of whiteness in interracial social encounters showing how they use strategic performances of Blackness to enable subversive practices in everyday life which is constructed and governed by white mechanisms of racialized control The agency portrayed in these novels opens up alternative spaces of Blackness to impact the social world and effects transformative change as a forceful critique of everyday life African American Novels in the Black Lives Matter Era shows how these novels reformulate the problem of black vulnerability as a constitutive source of the right to life in their refusal of subjection to vulnerability enacted by white institutional and individual forms of violence It positions a white/black encounter oriented reading of these neo resistance novels of the Black Lives Matter era as a critique of everyday life in an effort to explore spaces of radical performativity of blackness to make happen social change and transformation *American Literary Scholarship* James Leslie Woodress,1965 *Australasian Journal of American Studies* ,1998 **The Faulkner Journal** ,2006 *The Western Journal of Black Studies* ,2009 **Who's Who Among African Americans** Gale Group,2002-07 This critically acclaimed reference provides biographical and career details on notable African Americans including leaders from sports the arts business religion and more *Legacy* ,2005 **The North Carolina Historical Review** ,2004 **Approaches to Teaching DeLillo's White Noise** Tim Engles,John N. Duvall,2006 Don DeLillo's satiric novel *White Noise* prophetic in 1985 about American society's rampant consumerism information overload overreliance on the media and environmental problems may seem to today's students simply a description of their lived reality The challenge for teachers then is to help them appreciate both the postmodern qualities of the novel and its social critique This volume like others in the MLA's *Approaches to Teaching World Literature* series is divided into two parts The first part *Materials* suggests readings and resources for

both instructor and students of *White Noise*. The second part, *Approaches*, contains eighteen essays that establish cultural, technological, and theoretical contexts (e.g., whiteness studies) and place the novel in different survey courses (e.g., one that explores the theme of American materialism). Compare it with other novels by DeLillo (e.g., *Mao II*) and give examples of classroom techniques and strategies in teaching it (e.g., the use of disaster films).

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, **Whiteness Visible The Meaning Of Whiteness In American Literature** . This immersive experience, available for download in a PDF format (*), transports you to the heart of natural marvels and thrilling escapades. Download now and let the adventure begin!
