Why Believe The Bible:

Why I Trust the Bible William D. Mounce, 2021-09-14 A Clear Guide to Help Readers Understand Why They Can Trust the Bible We are often told we can no longer assume that the Bible is trustworthy From social media memes to popular scholarship so many attacks have been launched on the believability of Scripture that many have serious questions about the Bible such as Did Jesus actually live Did the biblical writers invent their message How can we trust the gospels since they were written so long after Jesus lived How can we believe a Bible that is full of internal contradictions with itself and external contradictions with science Aren't the biblical manuscripts we have just copies of copies that are so corrupted they don't represent what the original authors wrote Why should we believe the books that are in the Bible since many good ones were left out like the Gospel of Thomas Why trust the Bible when there are so many contradictory translations of it If you find yourself unable to answer questions such as these but wanting to Why I Trust the Bible by eminent Bible scholar and translator William Mounce is for you These questions and more are discussed and answered in a reasoned definitive and winsome way The truth is that the Bible is better attested and more defensible today than it ever has been Questions about the Bible are perhaps the most significant challenge confronting Christian faith today but they can be answered well and in a way which will lead to a deeper appreciation for the truth and ongoing relevance of the Bible **Why Believe the Bible?**

John MacArthur, 2015-02-24 We live in a culture that more and more questions authority truth claims and traditional beliefs So what are we to believe about the authority and trustworthiness of a book that is thousands of years old Is God's Word truly inerrant How is it different from other religious texts Why should we trust its claims In Why Believe the Bible esteemed Bible teacher John MacArthur asks and definitively answers these questions and many more including Is the Bible the Word of God Can we prove the Bible is true How did the Bible come to be What does it mean that the Scriptures are inspired What did Jesus believe about God's Word Who decided which books were part of the Bible Skeptics new Christians and longtime believers will find in this accessible book clear answers to vexing questions about the book that has arguably had more impact on the world than all other books combined Includes a Bible reading plan with study tips and an appendix with helpful tools for Bible study **Why Trust the Bible?** Amy Orr-Ewing, 2020-12-29 Sensitively yet convincingly the author addresses the issues and the arguments showing that we have every reason to trust the Bible today

Why Trust the Bible? Greg Gilbert, 2015-10-14 The Bible stands at the heart of the Christian faith But this leads to an inescapable question why should we trust the Bible Written to help non Christians longtime Christians and everyone in between better understand why God's Word is reliable this short book explores the historical and theological arguments that have helped lead millions of believers through the centuries to trust the Bible from Genesis to Revelation Written by pastor Greg Gilbert author of the popular books What Is the Gospel and Who Is Jesus this volume will help Christians articulate why they trust the Bible when it comes to who God is who we are and how we're supposed to live The Facts on Why You Can Believe the Bible John

Ankerberg, John Weldon, 2011-07-04 The Bible is certainly the bestselling book of all time But it is so much more than just a well loved collection of history prophecy parable and poetry If we believe the Bible is the very Word of God isn't it imperative to know that what we read is reliable and can be trusted This book answers questions about the uniqueness and inerrancy of the Christian Scriptures from history archaeology science and logic as they examine the accuracy of the biblical text expose current critical fallacies show how fulfilled prophecy is the irrefutable result of divine inspiration Discover why you can believe the Bible is still God's message of love and hope for today *Why Believe?* Norman Warren, 2012-10-08 Why believe in Jesus Christ How can I know God Why did Jesus die Can we trust the Bible This helpful small book explains the central beliefs of Christianity **100 Reasons to Believe the Bible Is the Word of God** Wiley Graf, 2016-12-29 **OBJECTIVE** The purpose of this work is to present the many evidences demonstrating that the Bible must be the Word of God that more might come to saving faith in Christ **THE UNAWARE** Drawing from personal experience the author is convinced that more would believe if only they were made aware of the many evidences solidly supporting the Christian faith 100 Reasons to Believe is written specifically for these unaware individuals and indeed for all sincere seekers of truth who long for evidence to back up their faith But we live in an increasingly noisy and distracted world Some readers will remain unaware if our product is merely black words on a white page More could be reached by simply sprucing up our product with a calculated use of visuals **AWARENESS RAISING DISTINCTIVE** The great distinguishing characteristic of this work is its use of eye pleasing attention grabbing retaining visuals Each of the 100 Reasons is presented in a self contained two page storyboard with an image always leading off the even numbered left page Shaded boxed theme statements are added along with scannable text and the calculated use of white space The result is an easier and more enjoyable reading experience Higher reader retention rates will naturally follow leading to an overall raised awareness of the many evidences solidly supporting the Christian faith **CHAPTER CONTENTS** Witnesses are brought in to testify from numerous fields of study 1 A Creation Flood Model is Superior to an Evolutionary Explanation of Origins 2 Manuscripts Archaeology Support the Historical Reliability of Scripture 3 The Structure and Style of Scripture Suggests a Supernatural Author 4 Jesus Fulfillment of Messianic Prophecy Confirmed by Hostile Witnesses 5 Fulfilled Prophecy in History Confirmed by Extra Biblical Witnesses 6 Scripture Anticipates Numerous Scientific Advances and 7 Closing Witnesses to the Truth of Scripture **APPLICATION** Lost in self and sin the world has little interest in what the Bible has to say with regard to God's Salvation But once convinced that the Bible is indeed the Word of God it is only natural to ask According to the Bible what must I do to be saved The Appendix provides a Biblical answer to this most important of all questions Coming full circle with God's added blessing the stated purpose of this work will have been achieved with all that respond in faith *Ten Reasons Why I Believe the Bible Is the Word of God* R.A. Torrey, 2015-04-01 I was brought up to believe that the Bible was the Word of God In early life I accepted it as such upon the authority of my parents and never gave the question any serious thought But later in life my faith in the Bible was utterly

shattered through the influence of the writings of a very celebrated scholarly and brilliant sceptic I found myself face to face with the question Why do you believe the Bible is the Word of God I had no satisfactory answer I determined to go to the bottom of this question If satisfactory proof could not be found that the Bible was God s Word I would give the whole thing up cost what it might If satisfactory proof could be found that the Bible was God s Word I would take my stand upon it cost what it might I doubtless had many friends who could have answered the question satisfactorily but I was unwilling to confide to them the struggle that was going on in my own heart so I sought help from God and from books and after much painful study and thought came out of the darkness of scepticism into the broad daylight of faith and certainty that the Bible from beginning to end is God s Word The following pages are largely the outcome of that experience of conflict and final victory I will give Ten Reasons why I believe the Bible is the Word of God

Why Should I Believe the Bible? Ed Strauss, John A. Beck, 2013-05-01 Can you really trust the Bible And if so and you really understand it The answer to both questions is yes as this book makes plain Here under one cover are two powerful titles that make God s Word accessible to any reader Answers to Your Bible Questions providing clear concise encouraging responses to 75 questions skeptics raise about scripture and Understand Your Bible which explains just how to read God s Word from the perspective of its historic geographic literary and other contexts This powerful book will start you on a journey of understanding that can truly change your life

Why Trust the Bible? (Pack of 25) Greg Gilbert, 2017-04-30 Why Trust the Bible Don t believe everything you read Everybody knows that So why trust the Bible What can be known about its historical reliability Doing History Even more than other religions Christianity presents itself as history At its heart Christianity claims that something extraordinary happened in the course of time something concrete real and historical In the Bible the New Testament declares that a man named Jesus was born to a virgin claimed to be God did miracles like walking on water and raising people from the dead was crucified on a Roman cross then rose from the dead and ascended into heaven to reign as King of the universe Can we conclude confidently these things are true without simply presupposing the Bible is the Word of God One way to find out is to approach the New Testament as a collection of historical documents that speak for themselves But are these documents truly reliable historically speaking Answering that involves a series of questions Are Our Bible Translations Accurate Although translation from ancient languages is neither easy nor simple scholars have been working at it for centuries It really is possible for genuine accurate correct communication to occur through translation In the New Testament there is only a small percentage of content that has proven difficult in translation The best Bible translations acknowledge these places with a footnote Moreover we can confidently say that not one major doctrine of orthodox Christianity rests on any disputed or uncertain passage We know what the Bible says and what it means Were the Original Sources Accurately Copied As with other ancient books the physical pieces of paper on which the original authors first wrote the New Testament have been lost to history But we have thousands of other ancient writings on papyrus vellum and parchment with original language text copied from each

book of the Bible about 5 400 distinct pieces when it comes to the New Testament many going back to the first three centuries They allow us to reconstruct with a huge degree of confidence what the originals said By comparison for Julius Caesar s Gallic Wars we have at most ten readable copies the earliest of which dates nine hundred years after Caesar s time By comparing ancient copies of New Testament content with each other we find a remarkably stable history of copy making For a few passages there s genuine doubt about the original text as reflected by a relatively large number of variations The vast majority of these variations are minor not affecting how we ultimately understand the Bible s meaning Were These Originals Truly the Best Sources But were these the right documents to be looking at in the first place Were other Gospels out there telling a different but equally reliable story about Jesus Actually the only Christian books dated confidently to the first century are the very ones that finally made up the New Testament most of them already recognized by Christians as authoritative by first century s end Not until about a hundred years later did books start showing up that departed significantly from New Testament teaching Meanwhile Christians had good plausible historically meaningful reasons for explaining why the books in our New Testament should be there while others shouldn t The earlier documents were recognized as reliable witnesses to Jesus s life and teachings Were the Original Authors Trustworthy In their narratives New Testament authors included verifiable details of real historical facts Close scrutiny makes clear that these authors weren t writing fiction or perpetrating some hoax or under any delusion They obviously believed that what they wrote really happened Nor were their writings hopelessly confused contradictory or filled with errors Especially in modern centuries the Bible has been subjected to scorching and detailed assault by skeptics but every single alleged contradiction inconsistency and error has been met with plausible resolutions after patient study Were the Original Authors Mistaken So the Bible is a reliable historical record of what these authors believe happened But did those things really happen After all the Bible is filled with miracle stories that invite our natural skepticism These miracles appear essential to the Bible s message and their eyewitness accounts come across as far more plausible than miracles found in ancient myths and legends It s here that one miracle in particular leaps out the resurrection of Jesus If biblical writers were genuinely mistaken about that it s unlikely they were right about much else If Jesus is still dead he s assuredly not the Christ the Bible speaks of Here again careful historical analysis reveals that what happened at Jesus s tomb couldn t have been his near death nor some hoax or deception or mass hallucination involving his followers Their confident insistence that they found his tomb empty and saw the risen Jesus a belief embraced even at cost of their lives is explained by only one possibility Jesus was bodily historically resurrected from the dead Reason to Believe Because of that resurrection Christians believe what Jesus said And since Jesus himself endorsed the entire Old Testament and authorized the entire New Testament Christians believe these writings are reliable and true To Christians Jesus s resurrection means that anyone united to him by faith will be resurrected just as he was They believe God fully accepted the sacrifice for sins Jesus offered on the cross as the more than sufficient payment for our moral

debt They believe Jesus now lives to guide his people on earth The Next Question In the end deciding whether the Bible is reliable is just a means toward a more important question Is Jesus reliable If you re not a Christian let this discussion challenge you to consider Who exactly is Jesus Perhaps that question is best answered in something the apostle John said about his New Testament writings These are written so that you may believe that Jesus is the Christ the Son of God and that by believing you may have life in his name John 20 31

Why We Believe the Bible John Piper,2009-01-01 With the deluge of communication around us books newspapers blogs journals and magazines all insisting that their view of the world is most compelling which should we trust This is no small question In fact our answer has eternal implications The twelve session Why We Believe the Bible Study Guideand DVDare designed to help study groups and classes explore the claim that the Bible stands above all others as the book of books pointing infallibly to the King of kings Through the DVD teaching of Pastor John Piper and the five guided assignments per week participants will study biblical texts and discuss probing questions to help them see why the Bible alone is worthy of our confidence

Can I really trust the Bible? Barry Cooper,2014-07-01 A short readable book that explains clearly and simply what Christians believe about the Bible and how God speaks today The Bible makes big claims for itself But do those claims stand up Aren t the stories just legends Hasn t the information been corrupted over time Isn t the Bible full of mistakes And isn t it culturally outdated In this absorbing little book Barry Cooper explores these questions and many others with warmth wit and integrity Part of the Questions Christians Ask series a range of short simple books designed to help Christians understand what God has said about these questions and many more in the Bible
