Women In The Middle East And North Africa Change And Continuity:

Women in the Middle East and North Africa E. Haghighat-Sordellini, 2010-08-18 This book explores the complexity of women's social status in the Middle East and North African region and fills a gap in the existing literature by providing an up to date and comprehensive portrait of women's status from a theoretical and socio demographic perspective

Women, Work, and Patriarchy in the Middle East and North Africa Fariba Solati, 2017-03-20 This book investigates why the rate of female labor force participation in the Middle East and North Africa is the lowest in the world Using a multidisciplinary approach the book explains that the primary reason for the low rate of female labor force participation is the strong institutions of patriarchy in the region Using multiple proxies for patriarchy this book quantifies the multi dimensional concept of patriarchy in order to measure it across sixty developing countries over thirty years The findings show that Middle Eastern and North African countries have higher levels of patriarchy with regards to women's participation in public spheres compared with the rest of the world Although the rate of formal female labor force participation is low women across the region contribute greatly to the financial wellbeing of their families and communities By defining a woman's place as in the home patriarchy has made women's economic activities invisible to official labor statistics since it has caused many women to work in the informal sector of the economy or work as unpaid workers thus creating an illusion that women in the region are not economically active While religion has often legitimized patriarchy oil income has made it affordable for many countries in the region

Nomadic Societies in the Middle East And North Africa Dawn Chatty, 2006 A volume devoted to an understanding of contemporary nomadic and pastoral societies in the Middle East and North Africa It recognizes the variable mobile quality of the ways of life of these societies which accommodate the nation state but remain firmly transnational and highly adaptive

Understanding Women's Career Experiences in Moroccan Businesses Mouna Izelmaden,2024-06-27 Existing literature on women career development focuses on western industrialized countries and gives little attention to regions where patriarchy is prevailing like in North African countries The limited available research in the region takes a business oriented perspective to investigate the topic and focuses on business process optimization for an increased profitability In an attempt to close this gap the present book takes a sociological lens to investigate meanings and interpretations that skilled women in Moroccan organizations give to their experiences This project sought to understand how Moroccan professional women take decisions about their career path while taking a multi level approach to examine contextual factors In this book Bourdieu s theory of

practice was used as a theoretical framework to examine the interplay of the different factors impacting the development of women career paths Using a qualitative research approach under the interpretivist paradigm and drawing on in depth interviews with 10 participants this research investigated female and male conceptualization of career and work objectives

Immigrant Women's Voices and Integrating Feminism Into Migration Theory Nyemba, Florence, Chitiyo, Rufaro, 2020-12-25 Migration is a multifaceted phenomenon that plays a critical role in today's world yet there have been few attempts to look beneath the surface of the mass movements of people Particularly the changing face of migration is becoming more feminized with women increasingly moving as independent or single migrants rather than as the wives mothers or daughters of male migrants Yet in literature on migration the voices of women are still silent This creates an urgent need to advance academic research on female international migration by examining women as independent migrants Immigrant Women's Voices and Integrating Feminism Into Migration Theory comprehensively documents the experiences of immigrant women across the globe and the important theories that define their experiences The chapters give firsthand accounts of women speaking about their own experiences on migration and topics associated with women and migration This book aims to give women their own voice and to stand apart from previous literature in which male relatives spoke on behalf of immigrant women to tell their stories for them While highlighting topics on women in migration including feminism gendered social roles first person narratives and the female identity this book is ideally for professionals in social science disciplines as well as practitioners stakeholders researchers academicians and students wanting to expand their knowledge on women and migration gender violence and women empowerment
