Women Of The European Union Women Of The European Union:

Integrating Gender Catherine Hoskyns, 1996-04-17 This study seeks to discern the contrasts and common patterns in the feminist movements across the industrialized world It draws the conclusion that feminism has been far more successful in the sphere of institutional reform than it has been in the personal areas of women s lives **Promoting Women's Rights**

Chrysttala Ellina, 2004-06-01 This dissertation examines the impact of international institutions on women s rights policies by focusing on the European Union EU as a case study in order to illustrate the influence and the ways in which international factors affect women s right as a global policy concern The principle proposition of this study is that beyond states

institutions are autonomous agents that influence policy outcomes often against member states preferences Women of the European Union Maria Dolors Garcia-Ramon, Janice Monk, 2002-09-11 Women of the European Union challenges gender

blind assessments of the economic and social aspects of the European Union policies to examine the real implications of

Union for the diversity of women in the Member States The authors also analyze how women s work and daily lives are

shaped by local and national policies by local and global economic conditions and by diverse and changing cultural values

Detailed contemporary case studies explore how place comes together with class life stage sexuality and ethnicity to affect

the way in which women are constrained and how they develop strategies to manage their lives *Equality Between Women and Men in the European Union* , 2011 **Gender Politics in the Expanding European Union** Silke Roth, 2008-09-01 In

May 2004 after bringing their legislation into accordance with EU regulations ten more countries joined the European Union

The contributors to this volume assess the impact of this historical development on gender relations in the new and old EU

member states Instead of focusing on either western or eastern Europe this book investigates the similarities and differences

in diverse parts of Europe Although initially limited gender equality was part of the original framework of the European

Union an organization often more open than national governments to feminist demands as this volume illustrates with case

studies from eastern and western Europe The enlargement process thus provides some important policy instruments for

increasing equality between men and women **Sexual Politics and the European Union** R. Amy Elman, 1996 Ten essays

from the Women The European State and Community conference in Kalamazoo Michigan May 1994 apply to the coalescing

superstate of the European Union the lessons feminists have learned dealing with national governments Among the topics

are women s rights policy sexual harassment pornography sexual trafficking reproductive technologies in Germany abortion
