The SAGE Encyclopedia of Psychology and Gender Kevin L. Nadal, 2017-04-15 The SAGE Encyclopedia of Psychology and Gender is an innovative exploration of the intersection of gender and psychology topics that resonate across disciplines and inform our everyday lives This encyclopedia looks at issues of gender identity and psychological processes at the individual as well as the societal level exploring topics such as how gender intersects with developmental processes both in infancy and childhood and throughout later life stages the evolution of feminism and the men s movement the ways in which gender can affect psychological outcomes and influence behavior and more With articles written by experts across a variety of disciplines this encyclopedia delivers insights on the psychology of gender through the lens of developmental science social science clinical and counseling psychology sociology and more This encyclopedia will provide librarians students and professionals with ready access to up to date information that informs some of today s key contemporary issues and debates These are the sorts of questions we plan for this encyclopedia to address What is gender nonconformity What are some of the evolutionary sex differences between men and women How does

gender based workplace harassment affect health outcomes How are gender roles viewed in different cultures What is third wave feminism

Gender and Civilian Victimization in War Jessica L. Peet, Laura Sjoberg, 2019-11-25 This book explores the role of gender in influencing war fighting actors strategies toward the attack or protection of civilians Traditional narratives suggest that killing civilians intentionally in wars happens infrequently and that the perpetration of civilian targeting is limited to aberrant actors Recently scholars have shown that both state and non state actors target civilians even while explicitly deferring to the civilian immunity principle This book fills a gap in the accounts of how civilian targeting happens and shows that these actors are in large part targeting women rather than some gender neutral understanding of civilians It presents a history of civilian victimization in wars and conflicts and then lays out a feminist theoretical approach to understanding civilian victimization It explores the British Blockade of Germany in World War I the Soviet Rape of Berlin in World War II the Rwandan genocide and the contemporary conflict in northeast Nigeria Across these case studies the authors lay out that gender is key to how war fighting actors understand both themselves and their opponents and therefore plays a role in shaping strategic and tactical choices It makes the argument that seeing women in nationalist and war narratives is crucial to understanding when and how civilians come to be targeted in wars and how that targeting can be reduced This book will be of much interest to students of critical security gender studies war studies and International Relations in general

The Oxford Handbook of Gender and Conflict Fionnuala Ní Aoláin, Naomi R. Cahn, Dina Francesca Haynes, Nahla Valji, 2018 The authors focus on the multidimensionality of gender in conflict yet they also prioritise the experience of women given both the changing nature of war and the historical de emphasis on women s experiences

Refugees Worldwide Doreen Elliott, Uma A. Segal, 2012-08-03 Utilizing international perspectives this unprecedented collection of essays from leading authorities on refugee studies spotlights the realities and challenges of the global refugee population With increasing changes in the socio political climate of the world as well as with the rising numbers of natural disasters people of all ethnicities and nationalities are frequently forced from their homes and their homelands While there is a substantial body of work that addresses refugee policies post traumatic stress disorder and other specific issues there have been few attempts to understand refugee health or comprehend overall refugee adaptation until now This is the first work to address refugee issues worldwide addressing the psychological health human rights political public policy law economic social and personal aspects of this universal problem Refugees Worldwide also includes examples of first person refugee stories from around the world eye opening information not available in any other work Drawing on the expertise of myriad international researchers theoreticians and practitioners from representative nations around the world this four volume set effectively speaks to a number of refugee issues from a truly global perspective

Women and the Lebanese Civil War Jennifer Philippa Eggert, 2021-11-09 This book analyses the reasons for women s participation in the various Lebanese and Palestinian militias involved in the Lebanese Civil War 1975 1990 Whilst most existing accounts of the Civil War in Lebanon

either overlook the roles and experiences of women entirely or focus on women as victims or peacemakers only Women and the Lebanese Civil War highlights that women were involved as militants and often also as fighters in all of the militias partaking in the war Analysing individual motivations organisational characteristics security related aspects and societal factors the book explains why women were included as fighters in some of the militias but not in others Based on extensive fieldwork in Lebanon the book is the first comprehensive study of female perpetrators and supporters of political violence during the Lebanese Civil War Beyond the case of Lebanon it questions widespread assumptions about the roles of women at times of violent conflict and war

Female Fighters in Armed Conflict Béatrice Hendrich, 2023-08-22 This book explores the why and the how of women's participation in armed struggle and challenges preconceived assertions about women and violence providing both a historic and a contemporary focus The volume is about women who have participated in armed conflict as members of an armed group trained in military action with different tasks within the conflict The chapters endeavor to make women's own voices heard to discover the untold stories of women as perpetrators and facilitators of military violence and the authors do this through the use of personal interviews and the study of primary documents The work widens the geographical perspective of feminist security studies to discover in what ways the historical political and social context has motivated the women to participate in military action and presents new case study data from Germany Ukraine Turkey Israel Palestine Cameroon India the Philippines Vietnam and Latin America Temporally the chapters cover almost two centuries from the late 19th century to the present day touching upon a wide variety of examples of armed conflict from wars of independence to the Second World War Bringing together approaches from politics history anthropology and area studies the chapters are informed by the fundamental insights of feminist research and address such pivotal questions as hegemonic masculinity in the armed forces and the relation between women's armed violence and female agency This book will be of much interest to students and researchers in gender and security studies armed conflict and history

Women as Wartime Rapists Laura Sjoberg, 2016-11-22 Women as Wartime Rapists reveals the stories of female perpetrators of sexual violence and their place in wartime conflict legal policy and the punishment of sexual violence Very few women are wartime rapists Very few women issue commands to commit sexual violence Very few women play a role in making war plans that feature the intentional sexual violation of other women This book is about those very few women More broadly Laura Sjoberg asks what do the actions and perceptions of female perpetrators of sexual violence reveal about our broader conceptions of war violence sexual assault and gender This book explores specific historical case studies such as Nazi Germany Serbia the contemporary case of ISIS and others to understand how and why women participate in rape during war and conflict Sjoberg examines the contrast between the visibility of female victims and the invisibility of female perpetrators as well as the distinction between rape and genocidal rape which is used as a weapon against a particular ethnic or national group Further she explores women's engagement with genocidal rape and how some orchestrated the

ethnic cleansing of entire regions A provocative approach to a sensationalized topic *Women as Wartime Rapists* offers important insights into not only the topic of female perpetrators of wartime sexual violence but to larger notions of gender and violence with crucial cultural legal and political implications
