Zero Hour in Phnom Penn Christopher G. Moore, 2008 **Zero Hour in Phnom Penh** Christopher Moore, 2005 Phnom Penh Milton Osborne, 2008-09-04 As a one time resident of Phnom Penh and an authority on Southeast Asia Milton Osborne provides a colorful account of the troubled history and appealing culture of Cambodia's capital city Osborne sheds light on Phnom Penh's early history when first Iberian missionaries and freebooters and then French colonists held Cambodia's fate in their hands The book examines one of the most intriguing rulers of the twentieth century King Norodom Sihanouk who ruled over a city of palaces Buddhist temples and transplanted French architecture an exotic blend that remains to this day Osborne also describes the terrible civil war the Khmer Rouge's capture of the city the defeat of Pol Pot in 1979 and Phnom Penh's slow reemergence as one of the most attractive cities in Southeast Asia **Phnom Penh** Milton E. Osborne, 2008 Long neglected by Western travellers Phnom Penh became Cambodia's permanent capital in 1866 It has been home to Iberian missionaries and French colonialists with a stunning mix of traditional palaces Buddhist temples and transplanted French architecture In the 1960s Phnom Penh deserved its reputation as the most attractive city in Southeast Asia But after 1970 all this was to change and a terrible civil war was followed by the Khmer Rouge's capture of the city in 1975 Since the defeat of Pol Pot in 1979 Phnom Penh has slowly recovered once again attracting perceptive travellers **Representing the Exotic and the Familiar** Meenakshi Bharat, Madhu

Grover,2019-11-28 The multicultural world of today is often said to be marked by a certain kind of exoticization a fetishizing process as Graham Huggan has called it which separates a first world from a third world the Occident from the Orient The essays collected here re assess this tendency not least by focusing on the kinds of intellectual tourism and dilettantism to which it has given rise The wider context of these analyses is a postcolonial scenario where literatures and languages can move from the exotic to the comparatively familiar space of contemporary writings where an exotic mythos can live on into the familiar present and where certain perceptions and representations of peoples of literatures and of languages have turned exoticization and familiarization into global modes of mass cultural consumption Especially by exploring the liminalities between different cultures this collection manages to trace both the history and the politics of exoticist representation and in so doing to make a significant critical intervention
