The History and Political Transition of Zimbabwe Sabelo J. Ndlovu-Gatsheni, Pedzisai Ruhanya, 2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis. Its focus is on a very problematic political culture that is proving very hard to transcend. At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti-colonial liberation struggle in the 1970s. Inevitably, violence, misogyny, and masculinity are constitutive of the political culture. Economically speaking, the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self-styled Chimurenga aristocracy. However, this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe's ousting from power was preceded by dirty and protracted internal factionalism. At the center of the factional politics was the first family, Robert Mugabe and his wife Grace Mugabe. This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe, taking seriously such issues as gender, misogyny, militarism, violence, media, identity, modes of accumulation, the ethnicization of politics, attempts to open lines of credit and FDI, national healing, and the national question as key variables, not only of a complete political culture but also of difficult transitional politics. War Veterans in Zimbabwe's Revolution

Zvakanyorwa Wilbert Sadomba, 2011 An insider's view of the land issue and farm invasions in Zimbabwe, this book gives a different perspective than is normally heard, revealing much about the tensions within Zimbabwean society and between the war veterans and the ruling party. **Carceral Afterlives** Katherine

Bruce-Lockhart, 2022-07-05 Drawing upon social history, political history, and critical prison studies, this book analyzes how prisons and other instruments of colonial punishment endured after independence and challenges their continued existence. In *Carceral Afterlives*, Katherine Bruce Lockhart traces the politics, practices, and lived experiences of incarceration in postcolonial Uganda, focusing on the period between independence in 1962 and the beginning of Yoweri Museveni's presidency in 1986. During these decades, Ugandans experienced multiple changes of government, widespread state violence, and war, all of which affected the government's approach to punishment. Bruce Lockhart analyzes the relationship between the prison system and other sites of confinement, including informal detention spaces known as safe houses and wartime camps, and considers other forms of punishment such as public executions and disappearance by state paramilitary organizations. Through archival and personal collections, interviews with Ugandans who lived through these decades, and a range of media sources and memoirs, Bruce Lockhart examines how carceral systems were imagined and experienced by Ugandans held within, working for, or impacted by them. She shows how Uganda's postcolonial leaders, especially Milton Obote and Idi Amin, attempted to harness the symbolic material and coercive power of prisons in the pursuit of a range of political agendas. She also examines the day-to-day realities of penal spaces and public perceptions of punishment by tracing the experiences of Ugandans who were incarcerated, their family members and friends, prison officers, and other government

employees Furthermore she shows how the carceral arena was an important site of dissent examining how those inside and outside of prisons and other spaces of captivity challenged the state's violent punitive tactics Using Uganda as a case study Carceral Afterlives emphasizes how prisons and the wider use of confinement both as a punishment and as a vehicle for other modes of punishment remain central to state power in the Global South and North While scholars have closely analyzed the prison's expansion through colonial rule and the rise of mass incarceration in the United States they have largely taken for granted its postcolonial persistence In contrast Bruce Lockhart demonstrates how the prison's transition from a colonial to a postcolonial institution explains its ubiquity and reveals ways to critique and challenge its ongoing existence The book thus explores broader questions about the unfinished work of decolonization the relationship between incarceration and struggles for freedom and the prison's enduring yet increasingly contested place in our global institutional landscape African Police and Soldiers in Colonial Zimbabwe, 1923-80 Timothy Joseph Stapleton, 2011 Recruiting and motivations for enlistment Perceptions of African security force members Education and upward mobility Camp life African women and the security forces Objections and reforms Travel and danger Demobilization and veterans **Zimbabwe News**, 1998 *Report on the Work of the Prison Service* Great Britain. Zimbabwe's Trajectory V. Masunungure, 2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its new leaders not to tarnish it Tragically they paid no heed to Africa's esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009-2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill Zimbabwe's Trajectory tells the story of the country's post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world
