Understanding Samuel Beckett Understanding Contemporary European And Latin American Liter:

Understanding Contemporary Irish Fiction and Drama Margaret Hallissy, 2016-08-01 A study of the key themes and events essential to understanding Irish fiction and drama In *Understanding Contemporary Irish Fiction and Drama* Margaret Hallissy examines the work of a cross section of important Irish writers of the late twentieth and early twenty first centuries who are representative of essential issues and themes in the canon of contemporary Irish literature Included are early figures John Millington Synge and James Joyce dramatists Brian Friel Conor McPherson and Tom Murphy and prize winning contemporary fiction writers such as Edna O'Brien Joseph O'Connor William Trevor Roddy Doyle and Colum McCann Each chapter focuses on one significant representative piece of contemporary Irish fiction or drama by filling in its cultural historical and literary background Hallissy identifies a key theme or key event in the Irish past essential to understanding the work She then analyzes earlier literary compositions with the same theme and through a close reading of the contemporary work provides context for that background The chapters are organized chronologically by relevant historical events with thematic discussions interspersed Background pieces were chosen for their places in Irish literature and the additional insight they provide into the featured works

Understanding Samuel Beckett Alan Astro, 1990 Presents an overview of the work of Samuel Beckett Discussing his famous as well as lesser known texts the book shows how his characters incorporate silence in their speech to narrate their deaths Finally it examines *Stirring Still* his last text which evokes his own imminent death *South Atlantic Review*, 1997 **American Book Publishing Record**, 2006 *Forthcoming Books* Rose Arny, 1999 **Eugène Ionesco** Nancy Lane, 1994 *Whitaker's Books in Print*, 1998 **Max Frisch** Wulf Köpke, 1991

Burroughs Unbound S. E. Gontarski, 2021-11-18 In addition to contributing significantly to the growing field of Burroughs scholarship *Burroughs Unbound* also directly engages with the growing fields of textual studies archival research and genetic criticism asking crucial questions thereby about the nature of archives and their relationship to a writer's work These questions about the archive concern not only the literary medium In the 1960s and 1970s Burroughs collaborated with filmmakers sound technicians and musicians who helped re-contextualized his writings in other media *Burroughs Unbound* examines these collaborations and explores how such multiple authorship complicates the authority of the archive as a final or complete repository of an author's work It takes Burroughs seriously as a radical theorist and practitioner who critiqued drug laws sexual practice censorship and what we today call a society of control More broadly his work continues to challenge our common assumptions about language authorship textual stability and the archive in its broadest definition

Subject Guide to Books in Print, 2001 **Circular Narratives in Modern European Literature** Juan Luis Toribio Vazquez, 2022-06-16 Breaking with linearity the ruling narrative model in the Jewish Christian tradition since the ancient world many 20th century European writers adopted circular narrative forms Juan Luis Toribio Vazquez shows this trend was not a unified nor conscious movement but rather a series of works arising sporadically in different countries at different

times using a variety of circular structures to express similar concerns and ideas about the world This study also shows how the renewed understanding of narrative form leading to this circular trend was anticipated by Nietzsche's critiques of truth knowledge language and metaphysics and especially by his related discussions of nihilism and the eternal recurrence Starting with an analysis of the theory and genealogy of linear narrative the author charts the emergence of Nietzsche's idea of eternal return before then turning to the history of the circular narrative trend This history is explored from its inception in the works of August Strindberg Gertrude Stein and Azorín through its development in the interwar years by writers such as Raymond Queneau and Vladimir Nabokov to its full flowering in the work of authors James Joyce or Samuel Beckett among others and its later employment by post war writers including Alain Robbe Grillet Italo Calvino and Maurice Blanchot Through a series of close readings the book aims to highlight the various ways in which narrative circularity serves to break with an essentially teleological and theological thinking Finally Toribio Vazquez concludes by proposing a new typology of non linear narratives which builds on the work of recent narratologists *Choice*, 1992 *The Routledge Research Companion to the Works of Sor Juana Inés de la Cruz* Emilie L. Bergmann, Stacey Schlau, 2017-04-28 Called by her contemporaries the Tenth Muse Sor Juana Inés de la Cruz 1648-1695 has continued to stir both popular and scholarly imaginations While generations of Mexican schoolchildren have memorized her satirical verses only since the 1970s has her writing received consistent scholarly attention focused on complexities of female authorship in the political religious and intellectual context of colonial New Spain This volume examines those areas of scholarship that illuminate her work including her status as an iconic figure in Latin American and Baroque letters popular culture in Mexico and the United States and feminism By addressing the multiple frameworks through which to read her work this research guide serves as a useful resource for scholars and students of the Baroque in Europe and Latin America colonial Novohispanic religious institutions and women's and gender studies The chapters are distributed across four sections that deal broadly with different aspects of Sor Juana's life and work institutional contexts political economic religious intellectual and legal reception history literary genres and directions for future research Each section is designed to provide the reader with a clear understanding of the current state of the research on those topics and the academic debates within each field *World Literature Today*, 1992

Jean-Paul Sartre Philip R. Wood, 1990 This is an advanced introduction to the novels and plays of Jean Paul Sartre from his best known novel *Nausea* to his last great play *The Condemned of Altona* Sartre's enormous success in the postwar period and subsequent eclipse by structuralism and poststructuralism are seen in the light of the history of the modern West but without assuming prior background by the reader Understanding Jean Paul Sartre makes for supplemental reading to the actual works and is suitable for both the general and academic reading public *French Studies*, 1947 **Literary**

Neurodiversity Studies Bradley J. Irish, 2025-01-31 This book is a concise but comprehensive introduction to the field of

literary neurodiversity studies a growing approach to literary criticism that has emerged in the past decade Its three parts are designed to 1 introduce readers both to the general concept of neurodiversity and to current outlooks approaches and key scholarship from literary neurodiversity studies 2 to present one possible vision of the future of literary neurodiversity studies by offering an argument about how the field might further entwine with more general research on literary cognition literary emotion and literary sensation and 3 to model for readers how one might perform a neurological reading of a literary text by offering a sustained analysis of Shakespeare s Othello It also contains an extensive bibliography of existing scholarship from literary neurodiversity studies which will provide an indispensable resource for new and experienced researchers in the field

The Dialectics of Our America José David Saldívar, 1991-10-31 Joining the current debates in American literary history Jos David Sald var offers a challenging new perspective on what constitutes not only the canon in American literature but also the notion of America itself His aim is the articulation of a fresh transgeographical conception of American culture one more responsive to the geographical ties and political crosscurrents of the hemisphere than to narrow national ideologies Sald var pursues this goal through an array of oppositional critical and creative practices He analyzes a range of North American writers of color Rolando Hinojosa Gloria Anzald a Arturo Islas Ntozake Shange and others and Latin American authors Jos Mart Roberto Fern ndez Retamar Gabriel Garc a M rquez and others whose work forms a radical critique of the dominant culture its politics and its restrictive modes of expression By doing so Sald var opens the traditional American canon to a dialog with other voices not just the voices of national minorities but those of regional cultures different from the prevalent anglocentric model The Dialectics of Our America in its project to expand the canon and define a pan American literary tradition will make a critical difference in ongoing attempts to reconceptualize American literary history
