[T]axing Greenhouse Gases Lex Fullarton,2019-03-30 Lex Fullarton takes a closer look at the three pillars of the sustainable development framework known as the Triple Bottom Line TBL The concept of the TBL is that for a project to be sustainable it must not simply be profitable in economic terms but it must also benefit society and enhance the natural environment In the 21st century the greatest threat to Earth s natural environment and the population of the planet is the rise of greenhouse gas emissions caused from burning fossil fuel as an energy source The rise of GHG emissions has resulted in a rise in the ambient air temperature of the Earth s atmosphere and is resulting in a significant change in climatic conditions on Earth Fullarton scrutinizes the problem of getting industry and governments to understand the significance of creating harmony within the TBL One of the main problems is that partisan politics tends to fragment the factors of the TBL rather than bring them together Fullarton takes a strong stand in suggesting that taxation systems which have traditionally been viewed primarily as a means of raising government finance can be effectively applied to influence industrial and consumer attitudes towards transiting away from polluting fossil fuel energy sources towards non polluting renewable energy use

Sufjan Stevens' Carrie & Lowell Joel Mayward,2025-10-02 Upon the release of Sufjan Stevens seventh studio album Carrie Lowell two divergent groups found themselves as strange bedfellows the LGBTQIA community and American evangelical Christians Both were united in praise for Stevens beautifully melancholic music Critically acclaimed as one of the best albums of 2015 the elegiac and intimate record about the death of Sufjan s estranged mother reflects the musician s own paradoxical posture Carrie Lowell is both sacred and profane Christian and queer

traditional and progressive despairing and hopeful Theologian and cultural critic Joel Maynard considers Carrie Lowell as a mystical modernist memento mori Sufjan's symphonic as opposed to systematic approach to the questions of mortality sexuality and God Fusing critical observations with personal narrative Maynard examines the unique audience reception of Carrie Lowell and the questions it raises in a world of division how might Stevens affecting music act as a bridge of love between seemingly irreconcilable communities As Carrie Lowell reminds us of the painful truth that we're all gonna die perhaps it also offers a glimpse of transcendence and hope on this side of death
