Classroom is considered an essential paperless teaching aid to help teachers and students collaborate. The software also allows teachers to teach from a distance and can provide much needed support in the current environment. This is part of the Google Apps for Education series that aims to make paperless learning possible in the Classroom. Teachers are going to be able to monitor each student's progress and return work after it has been graded. The teacher can comment on homework so that the students know what they did wrong and what they can improve. Teachers are also going to be able to create class announcements which students will have the ability to comment on. This book covers:

- The Modern Teacher
- Pills of Mindset
- Benefits of Google Classroom
- Difference Between Google Classroom And Others Platforms
- Getting Started with Google Classroom
- How to Use Google Classroom
- Useful Apps for Google Classroom
- Student Approach
- Ideas
- Tips And Tricks To Get The Most Out of Google Classroom
- FAQS About Google Classroom And Much More

Google Classroom is a free program for teachers and learners to collaborate. Teachers can create classes online, invite students to attend the class, and create and hand out assignments. Inside the forum, learners and teachers can interact with the assignments, and teachers can track the progress of students. To use this solution, schools can create a free Google Apps for Education account. Google Classroom offers teachers and students special features that are not part of traditional Google Accounts. For example, teachers may use the Formulas tool to add images and answers to questions with multiple choices. The Gmail Inbox app houses Classroom texts, allowing students and teachers to find highlights and main information with ease. By adding subjects to posts, teachers can coordinate their class streams, and students and teachers can search the streams to find different subjects. Google Classroom is perfect for parents too. Teachers can exchange student success summaries with their parents, and the latter can get automatic email summaries of class updates and student assignments.

Nowadays we are constantly working online, and most of the old office tools have become obsolete in favor of online tools. But using these tools in an effective way is not so easy. You have to deal with a lot of features, and most of them are hidden or unreachable, or you simply don't know how to perform simple tasks that you have already done using desktop applications. As a teacher, I know that there are a lot of features that are not easy to find nor to use. Google Classroom and Google Apps specifically are the most powerful online tools, and they come basically for free, but you need to know how to use them if you want to go fast and without wasting time learning through experience. So I've wrote this book to help you to know them deeply, even their hidden features. In this book, you will learn:

- All the features provided by Google Classroom and related tools using simple step by step procedures and screenshots.
- Why Google Classroom is the best way to Teach Outside of the School.
- How to allow Teachers to Communicate with Students effectively.
- How to make Assignments, Announcements, Gradings, and enable students to communicate with each other.
- How to collect Work and Files to have all students on the same page using Google dedicated tools.
- Why Google Classroom is so Crucial for Students Who Struggle.
- Why going Paperless will help you as a Teacher.
- Why Google Classroom is a Huge Time
