1950s Science Fiction Films and 9/11 Melvin E. Matthews,2007 1950s Cold War era monsters meet 21st century terrorists this exploration of sci fi movies examines the similarities and differences between the political environment and popular culture of two eras This examination and appreciation of 1950s science fiction films includes behind the scenes tales about their production and many quotes from those who produced and starred in the films The author draws parallels between the Cold War fears of the 1950s and 60s and the constant terrorism alerts of the September 11th era exploring how the politics and the psychological climate of the times influences and is reflected in this vehicle of popular culture This book is the first of its kind studying the pop culture genre in the wake of the September 11th tragedy It shows that whatever the era and whatever the challenges and crises confronting America many entertainment themes remain the same reflecting their respective times and the relevant issues For instance Godzilla the only Fifties era monster to remain a movie star beyond that era could be fashioned to reflect whatever issues dominate the times be they nuclear war in the Fifties when Godzilla originated to a Seventies Godzilla film about environmental pollution Conceivably a Godzilla for the age of terrorism is possible Then the 1954 atomic mutation classic is the spiritual ancestor of the 2002 film Eight Legged Freaks The alien invaders of the Fifties signified a Russian invasion of America while other films of the genre such as Invaders from Mars depicted aliens utilizing mind control to manipulate humans to commit acts of sabotage signifying Communist enslavement If such a film were made now such invaders could be seen as terrorist masterminds using human slaves to commit terrorist acts Finally several Fifties films depicted the end of the world at a time when Americans expected a nuclear war with Russia The immediate pre September 11th era witnessed films presenting galactic threats to mankind s existence Independence Day Deep Impact Armageddon while the early 2000s witnessed the popularity of the Left Behind Christian films dramatizing the Tribulation period in the Book of Revelation

Androids, Humanoids, and Other Science Fiction Monsters Per Schelde,1994-07 Unlike science fiction literature science fiction film has until now been largely neglected as a genre worthy of study and scholarship *Androids Humanoids and Other Folklore Monsters* explores science fiction sf film as the modern incarnation of folklore emblematic of the struggle between nature and culture but with a new twist

An Introduction to Visual Culture Nicholas Mirzoeff,1999 The author traces the history and theory of visual culture asking how and why visual media have become so central to contemporary everyday life He explores a wide range of visual forms including painting sculpture photography television cinema virtual reality and the Internet while addressing the subjects of race ethnicity gender sexuality the body and the international media event that followed the death of Princess Diana

Religion in Science Fiction Steven Hrotic,2014-07-31 *Religion in Science Fiction* investigates the history of the representations of religion in science fiction literature Space travel futuristic societies and non human cultures are traditional themes in science fiction Speculating on the societal impacts of as yet undiscovered technologies is after all one of the distinguishing characteristics of science fiction

literature A more surprising theme may be a parallel exploration of religion its institutional nature social functions and the tensions between religious and scientific worldviews Steven Hrotic investigates the representations of religion in 19th century proto science fiction and genre science fiction from the 1920s through the end of the century Taken together he argues that these stories tell an overarching story a metanarrative of an evolving respect for religion paralleling a decline in the belief that science will lead us to an ideal and religion free future Science fiction s metanarrative represents more than simply a shift in popular perceptions of religion it also serves as a model for cognitive anthropology providing new insights into how groups and identities form in a globalized world and into how crucial a role narratives may play Ironically this same perspective suggests that science fiction as it was in the 20th century may no longer exist The Unseen Force John Kenneth Muir,2004-05 Applause Books Following his highly successful *An Askew View The Films of Kevin Smith* Applause John Kenneth Muir now turns to the life and work of legendary cult film director Sam Raimi Raimi exploded on the movie scene in 1982 when he was 23 years old with the audacious independently produced horror film *The Evil Dead* Re igniting the horror genre to such a degree that Wes Craven credited Raimi on screen in *A Nightmare on Elm Street* Raimi went on to direct two *Evil Dead* sequels his own comic book superhero *Darkman* and an over the top post modern western *The Quick and the Dead* Raimi s influence on other filmmakers continues to be enormous from the shaky cam shots of the Coen brothers to the early oeuvre of *Lord of the Rings* director Peter Jackson both of whom have been termed the direct progeny of Raimi s works In 2002 Raimi s *Spider Man* had the biggest opening weekend in history earning more than 114 million at the box office *The Unseen Force* also features a sneak peek at the much anticipated *Spider Man 2* Included are 30 first person accounts and interviews from a number of eclectic sources from the cinematographers who shot Raimi s early films to the producers screenwriters actors special effects magicians and composers who collaborated to make his films the stuff of legend earn mainstream success and still be the focus of obsessive cult followings Fearing the Dark Edmund G. Bansak,2003-10-09 *Cat People* 1942 and *I Walked with a Zombie* 1943 established Val Lewton s hauntingly graceful style where suggestion was often used in place of explicit violence His stylish B thrillers were imitated by a generation of filmmakers such as Richard Wallace William Castle and even Walt Disney in his animated *Adventures of Ichabod and Mr Toad* 1949 Through interviews with many of Lewton s associates including his wife and son and extensive research his life and output are thoroughly examined Cigar Box Lithographs Volume IV Charles J. Humber,2022-06-16 *Cigar Box Lithographs Volume IV* written and compiled by Charles J A Humber the fourth in a series showcases the author s longtime passion for tobacco related collectibles Like the previous volumes this beautifully illustrated book is a historical window into the world of cigar box ephemera In the newest edition Humber starts off in his signature style with a deep dive into a rare collectible In this case it s a cigar box the inside cover emblazoned with the beloved Bard Humber delves into the cigar box s provenance New York then quickly shifts to Shakespeare s enduring cachet speaking about his plays sonnets and Ontario s

famous Stratford Festival Also similar to its precursors in Volume IV readers are once again treated to Humber's chatty erudite writing style reading it no doubt makes Cigar Box Lithographs fans feel like they're sitting down with a treasured friend enjoying a long and fascinating conversation
