Twilight's Last Gleaming Todd Starnes, 2024-03-19 Todd Starnes is a fierce defender of freedom and a great patriot. He has seen and understands what is happening to our country like few others; his book is absolutely terrific, a must-read. President Trump, President Biden ushered in a dark winter of malaise across our great nation. He snuffed out Lady Liberty's bright beacon of hope and brought despair to the land. And now we stand at a time of great choosing: Do we choose the path that leads to freedom or the path that leads to tyranny? We face difficult days but not hopeless days. Together we can restore the Republic and reclaim our standing in the world. But first we must remember our roots and return to the values that made our nation great. A deep and abiding desire for freedom and liberty, girded by faith in God, is the essence of who we are. Those are the precepts that must be reaffirmed if America is to be saved.

The Musician's Dilemma Daxton Page, 2022-11-13 There are so many musicians out there who have a passion and a love for their art. We spend hundreds of hours learning how to play our instrument, hours learning how to create songs that we're proud of, thousands of dollars on equipment we desire and more. But let me ask you a question: How do you balance your art when you turn it into a business? You either have this art you've created and you feel a little weird trying to take something as personal as your music and turn it into something like a business, or you're someone who is potentially in or wants to get into the music business because there is an opportunity to become known or even well-known and potentially achieve some riches. Well, if you're in this dilemma of not knowing whether you're going to make the move into fully committed music entrepreneur, then *Musicians Dilemma* is going to take you through the process of what it looks like to balance your art with your business so one doesn't effect the other in a negative way. There are musicians who are concerned that looking at their music through the lens of a business will somehow cheapen their relationship to music; other musicians are concerned after putting in a lot of effort to their music career that there has got to be a better way to look at this business. *Musicians Dilemma* will address both of these common concerns and give you the right shifts to make in your life to have a more balanced approach to both your art and your business as they work together in your music business. If you're ready to make the move, pick up your copy of *Musicians Dilemma* today.
