Judaism and Its Social Metaphors Jacob Neusner,1989-02-24 Publisher Description **The Soul and Spirit of Scripture within Origen's Exegesis** Elizabeth Dively Lauro,2004-11-01 Elizabeth Ann Dively Lauro discusses the theologian Origen's employment of three distinct senses of scriptural meaning within his exegetical theory and practice: somatic, bodily, factually historical; psychic, pertaining to the soul; a figurative call to shun vice and grow in virtue; and pneumatic, spiritual, revealing God's plan of salvation through Christ's Incarnation. Lauro first establishes that a correct understanding of the mechanics of Origen's exegesis is vital to an informed reading of his works; then, she cites Origen's theoretical foundations for each sense. She ultimately demonstrates how the relationship between the two higher senses, psychic and pneumatic, is central to Origen's exegetical efforts and facilitates his audience's spiritual transformation.

Jacob's Shipwreck Ruth Nisse,2017-04-18 Jewish and Christian authors of the High Middle Ages not infrequently came into dialogue or conflict with each other over traditions drawn from ancient writings outside of the Bible. Circulating in Latin and Hebrew adaptations and translations, these included the two independent versions of the Testament of Naphtali in which the patriarch has a vision of the Diaspora as a shipwreck that scatters the twelve tribes. The Christian narrative is linear and ends in salvation; the Jewish narrative is circular and pessimistic. For Ruth Nisse, this is an emblematic text that illuminates relationships between interpretation, translation, and survival. In Nisse's account, extrabiblical literature encompasses not only the historical works of Flavius Josephus but also, in some of the more ingenious medieval Hebrew imaginative texts, Aesop's fables and the Aeneid. While Christian-Jewish relations in medieval England and Northern France are most often associated with Christian polemics against Judaism and persecutions of Jews in the wake of the Crusades, the period also saw a growing interest in language study and translation in both communities. These noncanonical texts and their afterlives provided Jews and Christians alike with resources of fiction that they used to reconsider boundaries of doctrine and interpretation. Among the works that Nisse takes as exemplary of this intersection are the Book of Yosippon, a tenth-century Hebrew adaptation of Josephus with a wide circulation and influence in the later Middle Ages, and the second-century romance of Aseneth about the religious conversion of Joseph's Egyptian wife. Yosippon gave Jews a new discourse of martyrdom in its narrative of the fall of Jerusalem, and at the same time it offered access to the classical historical models being used by their Christian contemporaries. Aseneth provided its new audience of medieval monks with a way to reimagine the troubling consequences of unwilling Jewish converts.

Whose Bible Is It Anyway? Philip R. Davies,1995-01-01 The Bible argues this book may belong to the Church or synagogue as an instrument of religious practice. But as the object of academic study, it belongs to the world as a whole. Confessional biblical studies belong to a discipline better termed scripture with biblical studies, designating a discipline that imposes no religious conditions and includes any form of rational discourse about the Bible. A basic requirement of this discipline is to speak not of the Bible but of bibles. A number of exegetical studies suggest how a

genuinely academic discourse about biblical writings distancing itself from received canons of interpretation can expose a subtext of deceit within the creation narratives reconceptualize the relationship of Abraham and his deity reveal lament psalms as texts of oppression and identify the death of Daniel's God In new chapters for this second edition Davies evaluates how the film Monty Python's Life of Brian contributes to life of Jesus research Here is a challenge to conventional biblical scholarship and a bid to define and establish a genuine academic discipline of biblical studies *The Great Deception*
