Lifespan Development Leo B. Hendry, Marion Kloep, 2002

Takes a lifespan approach with much greater emphasis on adulthood and old age than many other developmental books This reflects the continual increase in this portion of the population in present day society Uses one central model the challenge risk model throughout to tie all the different stages of the lifespan together making this topic much less confusing for students Introduces other theoretical models where appropriate to provide a balanced view of approaches to the subject Includes world wide research findings and examples Considers developmental psychology as an interdisciplinary topic looking at motor cognitive and social skills together rather than as unrelated topics Thomson **The Handbook of Life-Span Development, Volume 2** ,2010-08-09 In the past fifty years scholars of human development have been moving from studying change in humans within sharply defined periods to seeing many more of these phenomenon as more profitably studied over time and in relation to other processes The Handbook of Life Span Development Volume 2 Social and Emotional Development presents the study of human development conducted by the best scholars in the 21st century Social workers counselors and public health workers will receive coverage of the social and emotional aspects of human change across the lifespan *LooseLeaf for Life-Span Development* John Santrock,2016-08-24 Connecting researchand results As a master teacher John Santrock connects students to current research and real world application helping students see how developmental psychology plays a role in their ownlives and future careers Through an integrated personalized digital learningprogram students gain the insight they need to study smarter and improve performance **Loose Leaf for Life-Span Development** John W. Santrock,2018-09-10 As a master teacher John Santrock connects current research with real world application helping students see how developmental psychology plays a role in their own lives and future careers Through an integrated learning goals system this comprehensive and chronological approach to lifespan development helps students gain the insight they need to study smarter stay focused and improve performance **New Mypsyhlab with Pearson Etext -- Standalone Access Card -- For Lifespan Development** Denise G. Boyd,Helen L. Bee,2014-05-28 Provides the most Support for Student Learning and Success Lifespan Development 7 e by Denise G Boyd and Helen L Bee thoroughly and accessibly addresses the most critical concepts of development Through their engaging writing style the authors have made more abstract material about developmental theories approachable to students Readers will appreciate both the applied nature of this title and the clarity of the authors presentation of current research Students will emerge from your course with a thorough understanding of developmental science and will be able to apply this understanding to their own lives MyPsychLab is an integral part of the Boyd Bee program Engaging activities and assessments provide a teaching and learning system that will help students master life span development New features include the updated MyPsychLab Video Series for Lifespan Development which contains a rich assortment of video clips including sketchnote style tutorials as well as cross cultural footage and segments featuring real students sharing their experiences MyPsychLab also contains MyVirtualLife an engaging variable based simulation that allows students to experience lifespan development firsthand This
