The Geomantic Year Richard Leviton, 2006-11 The spiritual world blesses the Earth at least 58 times a year here's how you can join the party Do you think folklore customs about solstices and equinoxes and other regular celebration days are quaint holdovers from the past Not so Do you sometimes wish there were a way to include the entire planet in a meditation practice There is and it's called the geomantic year At least 58 times a year the spiritual world angels archangels Ascended Masters Star Angels even the Supreme Being tunes in to the Earth blesses and even heals it in real time day long events Our planet is constantly receiving input from the cosmos and heavenly realms It's all part of a rhythmic maintenance calendar in which the Earth is enlivened and all of humanity is invited to participate This book shows you how What kinds of events On Epiphany January 6 the Christ focuses on the planet to birth his Light On Bifrost Paints the Planet April 10 the Great Bear constellation envelopes the Earth in 14 rays of light On Michaelmas September 29 the Archangel Michael cleanses the Earth's sacred sites and all their plumbing Other events in the geomantic year involve stars Nature Spirits holy mountains River gods Pleiadians Hollow Earth dwellers Grail Kings volcano spirits the Great Mother and much more The Geomantic Year documents 58 festival dates that focus on the Earth through its sacred sites and it provides 58 simple meditations to help you participate And it offers 12 informative essays linking Earth energies with hot topics such as the Illuminati and world control parallel universes the world's gold supply the Ghost Dance the Fall of Man Earth and climate changes and the apocalyptic year 2012 Why not get out your appointment book and pencil in a few dates the Earth's expecting you What's Beyond That Star Richard Leviton, 2002-08-29 Carlos Castaneda meets Jack Kerouac in an unforgettable true story a metaphysical quest for the Grail through initiation and inner vision Disillusioned with his life as an entrepreneur in the mid 1980s Richard Leviton headed for the ancient Celtic town of Glastonbury England on a quest for meaning Arriving on Easter Sunday his rebirth as a modern Grail knight was soon to begin What's Beyond That Star records the true story of Leviton's spiritual awakening and his subsequent adventures on a metaphysical search for the Holy Grail tracing his inner and outer journeys

Guided by a psychic friend and the family of angels whom he comes to know as Blaise Leviton finds himself initiated into new realms of consciousness One day he is an ordinary person relying on the relatively dense perception of the five senses the next he is living in a world full of angels gnomes demons and dragons

Theosophon 2033 Richard Leviton, 2015-08-20 Its September 29 2033 and the Earth and humanity have entered a cathedral of Light 1 000 light years tall and wide One Saturday morning in June 2040 Boston editor Edward Burbage is visited by an enigmatic traveller calling himself Blaise Hes been off the planet for 20 years helping to orchestrate a unique event called the Theosophon Now hes here to tell his story and what happened in 2033 when Earth reality changed This Blaisehes clearly a human age about 90 yet hes not in a human body anymore at least not a physical one He claims to have spent much of the last 20 years commuting from his home planet in the Celaeno system in the Pleiades to Earth Why the Pleiades Because thats where the prime designers of the Earth reside and the Theosophon a kind of galactic musical event a song fest of the gods is the next step in the perfection of this design for consciousness The only reason Burbage believes him is that he has had a bit of a wild adventure himself Copies of his newly published book describing this sit on his coffee table Hes seen this intriguing Blaise a few times in the past and in fact hes edited two of his posthumous books Burbage notes It wasnt that Blaise had a mystery to reveal to me he was the mystery Everything about him As the narration ripens over the next three years Burbage is astonished to learn he was a key participant in the event even though up until this moment he had no memory of it Blaise changes all that The Theosophon he says was like a subtle slow motion psychic earthquake rumbling just beyond the border of normal perception like a band of angels were shaking the Earth It lasted a day in terms of peak intensity but it is still happening years later

The Blaise Conjunction Richard Leviton, 2013-07-18 The councilors had placed a book upon the table its cover pale blue edged in silver The title was The Theosophon They slid it towards me Philomena Wilcox Ph D retired professor of music pianist passionate devotee of Russian composers like Scriabin and Rachmaninov thinks she is merely editing a series of prolix journals by the desert recluse Blaise One day in 2029 she took delivery of 7 000 pages of his arcane diary entries spanning a 20 year period His storywhat he thinks and writes aboutis exceedingly odd mystical and perplexing He is anticipating a planetary event to take place in 2033

Soon enough Philomena discovers she impossibly is part of this story in fact will be a keystone in this epochal event Its as if through the journal pages Blaise talks directly to her and pulls her into his world of wisdom angels geomantic patterns and designer planets The pages are encoded with activation triggers Over a three year period she starts to remember her true story her astonishing past Its a nonstop tutorial in the Mysteries Taught by the human Blaise and his angelic mentors also called Blaise seemingly right now in the present moment Except upwards of 35 years or more separate them in the world of linear time Her familiar world starts to fall apart The event is called the Theosophon Blaise writes about it but she designed it Thats startling enough but Philomena is astonished to remember that she designed it eons ago in another galaxy The Earth was created as a performance stage for it The Theosophon is a multidimensional musical event involving the collective consciousness of humanity the Earth and the spiritual world The overture of the fulfillment of the purpose of the Earth and humanity Yes Philomena is an integral part of this unique event but it will cost her more than she ever thought possible

comprise the Earth's esoteric reality. An awful lot is at stake, namely the fate of five related planets across this and other galaxies, because they're directly tied into the Earth and they need those numbers back too.
