Robert H. Thomas,1996-06-01      **This is Not a President** Diane Rubenstein,2008 Read The Chronicle of Higher Ed Author Interview In This Is Not a President Diane Rubenstein looks at the postmodern presidency from Reagan and George H W Bush through the current administration and including Hillary Focusing on those seemingly inexplicable gaps or blind spots in recent American presidential politics Rubenstein interrogates symptomatic moments in political rhetoric popular culture and presidential behavior to elucidate profound and disturbing changes in the American presidency and the way it embodies a national imaginary In a series of essays written in real time over the past four presidential administrations Rubenstein traces the vernacular use of the American presidency as currency as grist for popular biography as fictional TV material to explore the ways in which the American presidency functions as a transitional object that allows the American citizen to meet or discover the president while going about her everyday life The book argues that it is French theory primarily Lacanian psychoanalysis and the radical semiotic theories of Jean Baudrillard that best accounts for American political life today Through episodes as diverse as Iran Contra George H W Bush vomiting in Japan the 1992 Republican convention the failed nomination of Lani Guinier and the Iraq War This Is Not a President brilliantly situates our collective investment in American political culture      **Too Famous** Michael Wolff,2021-10-19 If you can judge a book by its enemies Too Famous could be an instant classic Bestselling author of Fire and Fury and chronicler of the Trump White House Michael Wolff dissects more of the major monsters media whores and vainglorious figures of our time His scalpel opens their lives careers and always equivocal endgames with the same vividness and wit he brought to his disemboweling of the former president These brilliant and biting profiles form a mesmerizing portrait of the hubris overreach and nearly inevitable self destruction of some of the most famous faces from the Clinton era through the Trump years When the mighty fall they do it with drama and with a dust cloud of gossip This collection pulls from new and unpublished work recent reporting about Tucker Carlson Jared Kushner Harvey Weinstein Ronan Farrow and Jeffrey Epstein and twenty years of coverage of the most notable egomaniacs of the time among them Hillary Clinton Michael Bloomberg Andrew Cuomo Rudy Giuliani Arianna Huffington Roger Ailes Boris Johnson and Rupert Murdoch creating a lasting statement on the corrosive influence of fame Ultimately this is an examination of how the quest for fame notoriety and power became the driving force of culture and politics the drug that alters all public personalities And how their need their desperation and their ruthlessness became the toxic grease that keeps
