The Forbidden List

David Grace,2009-09-17 More than sixty years ago revolutionary technology was seized from a Nazi slave labor laboratory in central Europe and consigned by the Government to the Forbidden List to be kept secret forever But forever is a long time Recently Deputy Assistant Secretary of Defense Daniel Rivers stumbled across the material and plotted to make a fortune from its release Rivers scheme was discovered and everyone relaxed when he was quietly silenced with a commitment to the Wheaton Fields Psychiatric Clinic Relaxed that is until it was discovered that a copy of the startling data was missing Now competing forces are plotting to recover the revolutionary discovery In the middle of this free for all is Dr Steven Westbrook the new Medical Director at the Wheaton Fields Hospital On Westbrook s second day as Medical Director he s confronted with Daniel Rivers murder which is soon followed by a puzzling series of events as the battle to find and exploit the missing technology becomes increasing more lethal and draws Westbrook ever deeper into its web

Sarah Kane's Theatre of Psychic Life Leah Sidi,2023-03-09 Sarah Kane was one of the landmark playwrights of 1990s Britain her influence being felt across UK and European theatre This is the first book to focus exclusively on Kane s unique approach to mind and mental health It offers an important re evaluation of her oeuvre revealing the relationship between theatre and mind which lies at the heart of her theatrical project Drawing on performance theory psychoanalysis and neuroscience this book argues that Kane s innovations generate a dramaturgy of psychic life which re shapes the encounter between stage and audience It uses previously unseen archival material and contemporary productions to uncover the mechanics of this innovative theatre practice Through a radically open ended approach to dramaturgy Kane s works offer urgent insights into mental suffering that take us beyond traditional discourses of empathy and mental health and into a profound rethinking of theatre as a mode of thought As such her theatre can help us to understand debates about mental suffering today

Circumcision Scar Jay J. Jackson,2020-09-08 Read this blistering expos into history s most loathed body part Did you know amputated foreskins are sold to cosmetic companies for 100 000 or that circumcision was alleged to cure brain tumors It also has a history of megalomania doctors believed it would cure black men of their predisposition to be rapists and the more children they circumcised the higher they d ascend to god Most parents circumcise their sons without giving it a second thought They have no clue what the risks are because doctors never offer informed consent the legal obligation to

educate patients on the risks and alleged benefits of any procedure so they understand what's being asked of them

Circumcision facts doctors never tell parents Circumcision can permanently change your son's temperament Circumcision reduces penis sensitivity and causes erectile dysfunction Circumcision can result in amputation disfigurement or death Your newborn son will be given an erection to facilitate the procedure Circumcision has no genuine health benefits America has one of the highest HIV rates in the world despite circumcision Your body your choice His body your preference Love your son as he was born to be not for who you force him to be Jay J Jackson offers an unflinching glimpse into the debilitating mindset of circumcision related sexual trauma the same debilitating mindset experienced by all victims of sexual violence He details his personal experiences with foreskin restoration medical abuse and the shocking history behind how circumcision became commonplace in America

THE STORY BEHIND THE STORY After suffering an unrelated trauma at the age of 1 Jay experienced parallel memories that caused him to discern he'd been in two separate hospital settings as an infant and his inability to reconcile these conflicting memories became the impetus behind his lifelong struggle As an adult Jay sought treatment for erectile dysfunction only to be chased out of multiple doctor's offices that branded him immoral and perverse for suggesting circumcision is harmful Abandoned by traditional medicine Jay ultimately found a cosmetic surgeon willing to help and he endured 2 experimental surgeries to reverse the damage his circumcision caused In his 50's Jay suddenly realized his recurring nightmares were repressed memories of his neonatal circumcision which became the impetus for writing this book I drew the picture on the back cover in the first grade It's me in bed having another nightmare surrounded by my family who were angry that I'd disturbed them again I was in my 50's when I finally understood I was having recurring nightmares about my neonatal circumcision Please don't do this to your son Jay J Jackson a powerful and moving narrative of suffering and recuperation This unflinching memoir could be a valuable resource for readers researching the negative effects of circumcision

BookLife Reviews Jackson's honesty provides a new way of looking at a practice that is rarely discussed In the end this intriguing subject is not only brought to light but also done so in an impassioned way

Night Stalker Clifford L. Linedecker, 1991-04-15 True crime

Obsession John E. Douglas, Mark Olshaker, 1998-11-01 In *Obsession* John Douglas once again takes us fascinatingly behind the scenes focusing his expertise on predatory crimes primarily against women With a deep sense of compassion for

the victims and an uncanny understanding of the perpetrators Douglas looks at the obsessions that lead to rape stalking and sexual murder through such cases as Ronnie Shelton the serial rapist who terrorized Cleveland and New York's notorious Preppie Murder But Douglas also looks at obsession on the other side of the moral spectrum his own career long obsession with hunting these predators Douglas shows us how we can all fight back and protect ourselves our families and loved ones against the scourge of the violent predators in our midst The first step is insight and understanding and no one is better qualified to penetrate Obsession than John Douglas
