Engineers at War (United States Army in Vietnam Series) Adrian G. Traas, Center of Military History United States Department of the Army, 2018-10 *Engineers at War* describes the role of military engineers especially the U S Army Corps of Engineers in the Vietnam War It is a story of the engineers battle against an elusive and determined enemy in one of the harshest underdeveloped regions of the world Despite these challenges engineer soldiers successfully carried out their combat and construction missions The building effort in South Vietnam allowed the United States to deploy and operate a modern 500 000 man force in a far off region Although the engineers faced huge construction tasks they were always ready to support the combat troops They built ports and depots carved airfields and airstrips out of jungle and mountain plateaus repaired roads and bridges and constructed bases Because of these efforts ground combat troops with their supporting engineers were able to fight the enemy from well established bases Although most of the construction was temporary more durable facilities such as airfields port and depot complexes

The Engineer Studies Center and Army Analysis William C. Baldwin, 1982 **A Study of Strategic Lessons Learned in Vietnam: South Vietnam**, 1981 **A Study of Strategic Lessons Learned in Vietnam: Planning the war**, 1981 **Annual Department of Defense Bibliography of Logistics Studies and Related Documents** United States. Defense Logistics Studies Information Exchange, 1974 **U.S. Marines in Vietnam** Charles Richard Smith, 1988 This book was donated as a part of the David H Hugel Collection an archival collection of the Special Collections Archives University of Baltimore **Armies, Corps, Divisions, and Separate Brigades**, 1999 Includes the lineages and honors for all armies corps divisions and separate combined arms brigades in order to

perpetuate and publicize their traditions honors and heraldic entitlements organized under Tables of Organization and Equipment that have been active in the Regular Army Army Reserve and Army of the United States since the beginning of World War II Included in this edition is the 12th Infantry Division formerly the Philippine Division which did not appear in the earlier one The lineages are current though 1 October 1997 Brigade headquarters and headquarters companies or headquarters except for aviation and engineer brigades organic to the above mentioned combat divisions since ROAD Reorganization Objective Army Divisions in the early 1960s have also been incorporated Divisional aviation and engineer brigades are branch specific and therefore have been omitted The lineages and honors for Army National Guard divisions and separate combined arms brigades that were active on 1 October 1997 are also included Preface

Department of the Army Pamphlet ,1975 *U.S. Marines in Vietnam* Charles R. Smith,U.S. Marine Corps History and Museums Division,2021-05-03 This volume details the change in United States policy for the Vietnam War After a thorough review President Richard M Nixon adopted a policy of seeking to end United States military involvement in Vietnam either through negotiations or failing that turning the combat role over to the South Vietnamese It was this decision that began the Vietnamization of the war in the summer of 1969 and which would soon greatly reduce and then end the Marine Corps combat role in the war The Marines of III Marine Amphibious Force continued the full range of military and pacification activities within I Corps Tactical Zone during this period of transition Until withdrawn the 3rd Marine Division employing highly mobile tactics successfully blunted North Vietnamese Army efforts to reintroduce troops and supplies into Quang Tri Province The 1st Marine Division concentrated in Quang Nam Province continued both mobile offensive and pacification operations to protect the city of Da Nang and surrounding population centers The 1st Marine Aircraft Wing provided air support to both divisions as well as other allied units in I Corps while Force Logistic Command served all major Marine commands Although written from the perspective of III MAF and the Marine ground war in I Corps an attempt has been made to place the Marine role in relation to the overall American effort The volume also treats the Marine Corps participation in the advisory effort the operations of the Seventh Fleet Special Landing Force and to a lesser extent the activities of the 101st Airborne Division Airmobile 23rd Infantry Americal Division and 1st Brigade 5th Infantry Division Mechanized There are separate chapters on Marine air artillery surveillance and logistics

A Study of Strategic Lessons Learned in Vietnam: Conduct of the war. 2 pts. in 3 ,1981 *The Tunnels of Cu Chi* Tom Mangold,2013-05-08 At the height of the Vietnam conflict a complex system of secret underground tunnels sprawled from Cu Chi Province to the edge of Saigon In these burrows the Viet Cong cached their weapons tended their wounded and prepared to strike They had only one enemy U S soldiers small and wiry enough to maneuver through the guerrillas narrow domain The brave souls who descended into these hellholes were known as tunnel rats Armed with only pistols and K bar knives these men inched their way through the steamy darkness where any number of horrors could be awaiting them bullets booby traps a tossed grenade

Using firsthand accounts from men and women on both sides who fought and killed in these underground battles authors Tom Mangold and John Penycate provide a gripping inside look at this fearsome combat *The Tunnels of Cu Chi* is a war classic of unbearable tension and unforgettable heroes Praise for *The Tunnels of Cu Chi* A claustrophobic but fascinating tale *The Wall Street Journal* Chilling what war really was and how it was fought *The New York Times* Gripping highly recommended *The Philadelphia Inquirer* Remarkable *The Washington Post*
