Walking Between The Worlds:

Walking Between the Worlds Gregg Braden, 1997 This book explores the 7 Essene Mirrors of Relationship and how it relates to our daily lives

Daily Fare Kathleen Aguero, 1993 *Daily Fare* presents seventeen artfully crafted essays in which writers representing a broad spectrum of the American experience ponder the meaning of living in a nation of diverse and competing cultures Consistently thought provoking and often intensely personal these pieces confront such themes as the question of identity the individual's relation to culture problems of communication and the need to strike a balance between preserving traditions and merging them

Memories both tender and painful fill these pages Toi Derricotte recalling her experiences as the only black person at an artist colony often found her sense of isolation almost unbearable No one can help Only I myself But how can I let go My face is a mask like Uncle Tom's my heart twisted in rage and fear

In *The Death of Fred Astaire* Leslie Lawrence reflects on the difficult decisions that led to her becoming a lesbian mother and the mix of emotions apprehension maternal longing and finally joyous fulfillment that accompanied her choices

In *Kubota* Garrett Hongo describes how his grandfather enjoined him to learn and to give witness to the injustices committed against Japanese Americans by their own government during World War II Hongo accepts this responsibility as a ritual payment the young owe their elders who have survived

Several bilingual essayists contemplate their relationship to the English language a language that can empower its users or deny them access to the dominant culture

For Judith Ortiz Cofer reading books from the public library as a child gave her a sense of freedom as well as her first intimations of the writing career she would later pursue

Alberto Alvaro Rios however reminds us that learning English in the first grade also meant being punished for using Spanish Spanish was bad Okay We then must be bad kids

Still other essays explore what it means to confront the confusions of a plural family heritage or to be a black artist from a Catholic background when so much of black culture is tied to the Protestant tradition

Despite the current interest in multiculturalism Kathleen Aguero observes the notion of culture in the United States today is too often synonymous with predominantly white male heterosexual upper class Eurocentric interests

In bringing together writers from beyond this tradition *Daily Fare* provides a valuable perspective on our current moment in history

As Jack Agueros summing up both the dilemma and the pleasure of our society's diversity writes It's hard and wasteful to be purely ethnic in America definitely wasteful to be totally assimilated

Edgewalkers Judi Neal, 2006-10-30 In ancient cultures each village had a shaman or medicine man who would visit the invisible world to obtain vital information guidance and healing for members of the tribe

These edgewalkers have contemporary counterparts in today's organizations those individuals who don't fit squarely into any one box in their metaphorical travels they interpret trends from the marketplace translate messages across departments and envision the future impact of today's decisions and actions

Edgewalking doesn't come without its own risks and challenges these unconventional people often clash with more traditional rule bound colleagues and they are often frustrated by organizational systems that emphasize quantitative results

over creative impulses And yet in today s fast changing diverse and globalized business environment organizations must recruit and support these people in order to stay competitive Featuring colorful interviews and practical tools to gauge and manage your own edgewalking skills Edgewalkers explores the opportunities that are created by defying formal boundaries and fostering creativity at every level of the organization They re the first people to volunteer to head up a new business unit lead a cross company initiative or take on an overseas assignment They re the glass half full folks who are constantly thinking out of the box forging alliances with colleagues in other departments seeking out new solutions to old problems and anticipating challenges on the horizon And in today s increasingly diverse workplaces they are often people who have pursued unusual educational and career paths traveled widely and speak more than one language Judi Neal has a term for these people Edgewalkers Literally an edgewalker is someone who walks between two worlds In ancient cultures each village had a shaman or medicine man who would visit the invisible world to obtain vital information guidance and healing for members of the tribe Today s corporate edgewalkers serve a similar function interpreting trends from the marketplace translating messages across departments and envisioning the future impact of today s decisions and actions Edgewalking doesn t come without its own risks and challenges these unconventional people often clash with more traditional rule bound colleagues and they are often frustrated by organizational systems that emphasize quantitative results over creative impulses And yet in today s fast changing globalized business environment organizations must recruit and support these people in order to stay competitive Featuring colorful interviews with edgewalkers from a variety of fields and practical tools to gauge and manage your own edgewalking skills Edgewalkers explores the opportunities that are created by defying formal boundaries and fostering creativity at every level of the organization *Walking a Magic Path* Rik Potter,2015-04-12
