[The Frugal Wizard's Handbook for Surviving Medieval England](#) Brandon Sanderson, 2023-04-11 From 1 New York Times bestselling author Brandon Sanderson creator of the smash hit science fiction and fantasy series Skyward The Stormlight Archive and Mistborn comes a new science fiction adventure A man awakens in a clearing in what appears to be medieval England with no memory of who he is where he came from or why he is there Chased by a group from his own time his sole hope for survival lies in regaining his missing memories making allies among the locals and perhaps even trusting in their superstitious boasts His only help from the real world should have been a guidebook entitled The Frugal Wizard's Handbook for Surviving Medieval England except his copy exploded during transit The few fragments he managed to save provide clues to his situation but can he figure them out in time to survive Note from Brandon Sometimes an idea just won't let go of you for years The initial seed of this novel was the title that eventually turned into The Frugal Wizard's Handbook for Surviving Medieval England At first there was no story to go with that title but I wrote it down and kept coming back to it wondering what that book could possibly be about Something else I thought about off and on for years was the classic concept of a man

waking up in another time and another place with no idea how he got there It was when those two ideas came together and I placed a book with that title into that man s hands that this novel was born I hope you ll have as much fun with it as I did
