Volks Kochbuch German Hedwig Heyl:

Food, Culture and Identity in Germany's Century of War Heather Merle Benbow, Heather R. Perry, 2019-11-18 Even in the harsh conditions of total war food is much more than a daily necessity however scarce it is social glue and an identity marker a form of power and a weapon of war This collection examines the significance of food and hunger in Germany's turbulent twentieth century Food centered perspectives and experiences from below reveal the social cultural and political consequences of three conflicts that defined the twentieth century the First and Second World Wars and the ensuing global Cold War Emerging and established scholars examine the analytical salience of food in the context of twentieth century Germany while pushing conventional temporal frameworks and disciplinary boundaries Together these chapters interrogate the ways in which deeper studies of food culture in Germany can shed new light on old wars **Eating Nature in Modern**

Germany Corinna Treitel, 2017-04-27 Adolf Hitler was a vegetarian and the Dachau concentration camp had an organic herb garden Vegetarianism organic farming and other such practices have enticed a wide variety of Germans from socialists liberals and radical anti Semites in the nineteenth century to fascists communists and Greens in the twentieth century Corinna Treitel offers a fascinating new account of how Germans became world leaders in developing more natural ways to eat and farm Used to conserve nutritional resources with extreme efficiency at times of hunger and to optimize the nation's health at times of nutritional abundance natural foods and farming belong to the biopolitics of German modernity Eating Nature in Modern Germany brings together histories of science medicine agriculture the environment and popular culture to offer the most thorough and historically comprehensive treatment yet of this remarkable story [The National Union](#)
