

# Writing Narratives

## Orientation

The orientation is described as the beginning of a story. It is where the writer sets the scene, creates a mood and introduces the characters. The writer tries to explain to the reader what the story is going to be about.

- Introduce where the story is about (background)
- Introduce where the story takes place (setting)
- Introduce what the story will be about (topic)
- Introduce why things will be happening

The orientation focuses on, and should include, the following '5W' words:

- who
- what
- when
- where
- why

# Narratives

## Complication

A problem that the main character in the story has to deal with. Adding a complication is to make the story more interesting. The writer can build up how the characters are feeling about the problem they are faced with. It will involve fantasy, as it would not usually occur in real life.

# Narratives

## Sequence of Events

The sequence of events is where a writer describes to the reader what happens in their story. The sequence of events is connected to the main problem. The writer can build up how the characters are feeling about the problem they are faced with. It will involve fantasy, as it would not usually occur in real life.

# Narratives

## Resolution

The resolution is the part of the narrative where the problem is solved or worked out. The writer can build up how the characters are feeling about the problem they are faced with. It will involve fantasy, as it would not usually occur in real life.

**Seven Steps to Writing Success - Narrative Writing Manual (Second Edition)** Jen McVeity, Bev Laing, 2022-06-01

Are you ready to transform your students into passionate storytellers? Packed with practical time saving classroom resources, this manual makes planning and implementing the Seven Steps just as fun as learning it. Inside this Step by Step guide, you'll find theory and techniques for each Step, annotated writing samples showing the techniques in action, fun and flexible curriculum aligned writing activities and templates, over 100 differentiated writing topics, plus picture prompts, planning and assessment resources, a Putting It All Together chapter. *Developing Writing Teachers* Terry Locke, 2014-08-07. The premise of *Developing Writing Teachers* is this: When teachers of writing identify as writers, it adds a special dimension to their writing pedagogy. Practical and accessible while drawing on a range of relevant research and theory, this text is distinguished by its dual focus on teachers as writers and the teaching of writing. Part I addresses the question: What does it take for a teacher of writing to develop an identity as writer? Using case studies and teacher narratives, it guides readers to an understanding of the current status of writing as the 21st century unfolds, the role of expressive writing in developing a writing identity, the relationship of writing to genre and rhetoric, writing and professional identity, and writing as design. Part II focuses on pedagogical practice and helping writer teachers develop a toolkit to take into their classrooms. Coverage includes building a community of writing practice, the nature of writing as process, the place of grammar, the role of information communication and representational technologies, and how assessment properly used can help develop writing. Ideal for pre-service and in-service courses on the teaching of writing, the Companion Website provides additional readings, documents, PowerPoint presentations, assessment resources, and lesson and unit plans and planning guides.

**Text and Tradition in Performance and Writing** Richard A. Horsley,2013-11-05 Embedded in modern print culture biblical scholars have been projecting the assumptions and concepts of print culture onto the texts they interpret In the ancient world from which those texts originate however literacy was confined to only a small

number of educated scribes And as recent research has shown even the literate scribes learned texts by repeated recitation while the nonliterate ordinary people had little if any direct contact with written scrolls The texts that had taken distinctive form moreover were embedded in a broader and deeper cultural repertoire cultivated orally in village communities as well as in scribal circles Only recently have some scholars struggled to appreciate texts that later became biblical in their own historical context of oral communication Exploration of texts in oral performance whether as scribal teachers instruction to their prot g s or as prophetic speeches of Jesus of Nazareth or as the performance of a whole Gospel story in a community of Jesus loyalists requires interpreters to relinquish their print cultural assumptions Widening exploration of texts in oral performance in other fields offers exciting new possibilities for allowing those texts to come alive again in their community contexts as they resonated with the cultural tradition in which they were embedded **Teaching Writing to Children in**
