Libra Ascendant Secrets Saket Shah, 2020-01-05 There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, maybe because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, maybe because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move so the entire zodiac can be observed in a span of 24 hours a day, which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional, and spiritual attributes more with rising sign at times.

Education and Career in Vedic Astrology Ram Babu Sao, 2025-08-10 Vedic Astrology Jyotish is a powerful tool for gaining profound knowledge about every aspect of life. Each person is born with a unique set of psychological tendencies and life potentials. This book, *Education and Career in Vedic Astrology*, enables the astrologer to know what the Education and Career has in store for the native. The horoscope shows us what we are presently working with based on our past actions and thoughts. Besides providing deep insight into the past and present, the horoscope can also show future trends of events. Vedic astrology readings of your horoscope can not do much about it but at least make you aware of the fruitfulness of your potential in the specific direction of education and career. And with proper mentoring and understanding, you can safeguard yourself from sacrificing your life just for the sake of money. Before addressing the suitability of a specific arena for the job, business, or any other professional activity, the prime requirement is to consider the overall potency of a horoscope for professional matters. Selection of education and career between job and business is a very crucial and important decision of life. Following the planetary strength of your horoscope, Vedic astrology readings are reasonably useful to help you in selecting the best option between job and business. In brief, the following aspects of a horoscope are to be analyzed to find out the best suitable option between Job and Business with astrology readings of ascendant, tenth, third, fifth, and sixth Bhava, and the nature of all these planets involved. This knowledge can help the individual make use of latent potentials and approach life's challenges with greater care and purpose. By understanding the karmic patterns reflected in the horoscope, it is possible to work with these tendencies and potentials to promote greater peace, prosperity, and happiness in life. The light that is shed on a dire personal situation by Vedic Astrology is priceless. The ancient Vedic system provides a predictive system that can accurately predict the Profession and Career. The timing is calculated with a detailed system of planetary time cycles called Dasha. Vedic astrology provides a greater scope, depth, and accuracy for predicting the Profession and Career. i.e. i General type of predictions ii Specific type of predictions and iii Stick type of predictions of Profession and Career. Given an accurate birth time, the Dasha system can precisely show when a period of Profession and Career will begin and end and provide actual dates. Of two people with wonderful careers, great relationship

potential and wealth indicated in their charts one may find his niche early in life while the other must experience difficult times to finally achieve prosperity later in life The Vedic system can indicate the timing of Career as well as their extent It uses the Moon s position as the starting point against the background of a Nakshatra in calculations of the planetary periods within the 120 year potential lifespan The principles governing Vedic astrology have remained unaltered for thousands of years Vedic astrology acknowledges only nine planets such as Sun Moon Mercury Venus Mars Jupiter Saturn and the two nodes of the Moon called Rahu and Ketu
