Towns and Local Communities in Medieval and Early Modern England David M. Palliser,2024-10-28 Professor Palliser
focuses here on towns in England in the centuries between the Norman Conquest and the Tudor period on which he is an
acknowledged authority Urban topography archaeology economy society and politics are all brought under review and
particular attention is given to relationships between towns and the Crown to the evidence for migration into towns and to
the vexed question of urban fortunes in the 15th and 16th centuries Two essays set urban history in a broader framework by
considering recent work on town and village formation and on the development of parishes The collection includes two
hitherto unpublished studies and is introduced and put in context by a new survey of English towns from the 7th to the 16th
centuries *Sanitation in Urban Britain, 1560-1700* Leona J. Skelton,2015-12-22 Popular belief holds that throwing the
contents of a chamber pot into the street was a common occurrence during the early modern period This book challenges
this deeply entrenched stereotypical image as the majority of urban inhabitants and their local governors alike valued clean
outdoor public spaces vesting interest in keeping the areas in which they lived and worked clean Taking an extensive tour of
over thirty towns and cities across early modern Britain focusing on Edinburgh and York as in depth case studies this book
sheds light on the complex relationship between how governors organised street cleaning managed waste disposal and
regulated the cleanliness of the outdoor environment top down and how typical urban inhabitants self regulated their
neighbourhoods bottom up The urban rural manure trade sanitation infrastructure waste disposal technology plague
epidemics contemporary understandings of malodours and miasmatic disease transmission and urban agriculture are also
analysed This book will enable undergraduates postgraduates and established academics to deepen their understanding of
daily life and sensory experiences in the early modern British town This innovative work will appeal to social cultural and
