Bassey,2024-08-23 This book sheds light on the untold stories of individual student activists at Queens College New York City during the 1960s Against the backdrop of the ongoing Vietnam War and the assassination of President John F Kennedy some Americans began to lose faith in their government Based on injustices that students saw in their campuses in the country and in the world at large they began to question their political leaders Students organized their discontents over three major issues civil rights free speech and anti war sentiments Their protests involved direct actions such as sit ins marches picketing and boycotts At Queens College QC as the students moved away from the repressive McCarthy era of the 1950s they began to confront and challenge those in power at the college in the 1960s The defining characteristic of this break from the past was a student strike in 1961 in objection to the ban of controversial speakers who had been invited to campus by student clubs The student strike of 1961 gave the activists among them a direct and immediate way to fight power on campus and to fight racism and discrimination The author argues that student movements cannot be attributed to a single explanation and therefore he focuses on individual historical contexts presenting first person narratives from the actual participants and tells their stories in their own voices from their own records and from the documents they left behind The book identifies the QC student activists of the 1960s exploring how and why they became activists their activities their achievement as activists and what motivated them to think that they could make history themselves by confronting racism It provides an intimate look at the students lives and their social justice journey beginning at Queens College and as they moved into their careers **English Literature of the 19th & 20th Centuries** Maggs Bros,1817 **Resources in Education** ,1997 **Library, to be Sold Nov. 16,17,[22,23,30], 1909** Frank Maier,1909 **The Publishers' Circular and Booksellers' Record** ,1929 *Voices of Freedom* Eric Foner,2014 The best selling companion reader to the Give Me Liberty family of books *The Publishers' Trade List Annual* ,1905 *Year of Prophecy* Elizabeth Clare Prophet,Summit University Press,1989 **Thunder at the Gates** Douglas R Egerton,2016-11-01 An intimate authoritative history of the first black soldiers to fight in the Union Army during the Civil War Soon after Abraham Lincoln issued the Emancipation Proclamation on January 1 1863 abolitionists began to call for the creation of black regiments At first the South and most of the North responded with outrage southerners promised to execute any black soldiers captured in battle while many northerners claimed that blacks lacked the necessary courage Meanwhile Massachusetts long the center of abolitionist fervor launched one of the greatest experiments in American history In *Thunder at the Gates* Douglas Egerton chronicles the formation and battlefield triumphs of the 54th and 55th Massachusetts Infantry and the 5th Massachusetts Cavalry regiments led by whites but composed of black men born free or into slavery He argues that the most important battles of all were won on the field of public opinion for in fighting with distinction the regiments

realized the long derided idea of full and equal citizenship for blacks A stirring evocation of this transformative episode Thunder at the Gates offers a riveting new perspective on the Civil War and its legacy **The Publishers Weekly** ,1901

Martin Luther King, Jr., and the Theology of Resistance Rufus Burrow, Jr.,2014-12-08 It has been nearly fifty years since Martin Luther King Jr was assassinated at the Lorraine Motel in Memphis Tennessee Appraisals of King s contributions began almost immediately and continue to this day The author explores a great many of King s chief ideas and socio ethical practices his concept of a moral universe his doctrine of human dignity his belief that not all suffering is redemptive his brand of personalism his contribution to the development of social ethics the inclusion of young people in the movement sexism as a contradiction to his personalism the problem of black on black violence and others The book reveals both the strengths and the limitations in King s theological socio ethical project and shows him to have relentlessly applied personalist ideas to organized nonviolent resistance campaigns in order to change the world Instructors considering this book for use in a course may request an examination copy here [Werner's Magazine](#) Edgar S.
