

"While we have a mass whose job it is to gather the day's refuse in the capital, something that the big city has thrown away, something it has lost, everything it has scorned, everything it has treated as refuse for catalogues and collections, the refuse the annals of impermanence, the replacement of waste, the vomit disgorged and refuted, infernally for refuse like a vomit granting a treason, what which will assume the shape of useful or gratifying objects becomes the jaws of the goddess of Industry." "This bourgeoisie is one materialist conception for the poetic method as bourgeois presents a 'baggage' and pure both are concerned with value."
