paraphernalia and information Cupboards and drawers are bursting with dog biscuits devices and gadgets Yet more dog owners than ever are desperately trying to create some semblance of peace and order within their homes amidst their out of control canines Something is clearly a-foul in the world of dog ownership and training In his new book Don Sullivan inspires readers to wake up and recognize the insidious forces undermining the realization of dog owners dreams and he empowers them with an unprecedented array of knowledge and understanding to launch them to instant success with their own dogs At times controversial and continually enlightening *Wake Up and Smell the Poop* proves that Don Sullivan's approach to training dogs is far from ordinary **Close Your Eyes and Wake Up** Amenti Marakita, 2014-05 Do you feel like you just don't

fit in Are you crippled by feelings of discontent Do you know within that there is another way of being Are you ready to begin your journey to truth with courage determination faith and trust Like you author Amenti Marakita knew that she wasn't living her ultimate life Restricted by feelings of dissatisfaction and a general sense that she just didn't fit in she knew that something had to change She needed strength and motivation to create happiness as an adult Motherhood was her foundation and secretarial work was her bread and butter but she wasn't satisfied She knew that it would take a leap of faith for things to really change She took her first step to a new life by opening herself up to the world of natural therapies She valued the process of working through challenges with various modalities and enjoying the rewards on the other side She accepted the invitation to explore her reality and experience her true potential as a woman In *Close Your Eyes and Wake Up* Marakita a Kinergetics practitioner and instructor shares her guidance with those who are ready to leave the status quo behind and venture boldly into the unknown Kinergetics opened her heart to a world of happiness within herself by allowing her programmed self to fall away By learning to trust synchronicity signs and inner and outer guidance she was reborn

Wake-Up Call Joaquin De Torres, 2014-05-25 One hundred mental patients are brutally massacred in the frigid cold of a Russian forest as they wait for a mysterious light coming down from the night sky Their deaths are never spoken of again

More than three decades later directors at mental hospitals in California are stunned when 100 patients comatose for years suddenly wake up and speak of a person called The Commander who will lead them to a place where they will be taken from Earth One person may hold the answers a severely mentally ill homeless man whose knowledge of astronomy physics and mathematics is not only more advanced than Einstein and Tesla but can summon superhuman abilities in the blink of an eye Taken in and protected by a small team of mental health physicians a brilliant astrophysicist a derelict naval officer and a renowned Ancient Aliens theorist this freakishly gifted person called Doogie warns that time is running out that the creators are already on their way to Earth They will arrive within weeks The chosen hundred must be ready but like 30 years ago a new threat makes its presence menacingly clear A xenophobic Senator with a horrific secret and the authority to launch military strikes is plotting to destroy an extraterrestrial visitation of any kind even if it means the deaths of thousands if not the utter destruction of the entire West Coast
