her husband to protect their young son from his father's influence and earns her own living as an artist. Whilst in hiding at Wildfell Hall she encounters Gilbert Markham who falls in love with her. On its first publication in 1848 Anne Brontë's second novel was criticised for being coarse and brutal. *The Tenant of Wildfell Hall* challenges the social conventions of the early nineteenth century in a strong defence of women's rights in the face of psychological abuse from their husbands. Anne Brontë's style is bold, naturalistic and passionate, and this novel, which her sister Charlotte considered an entire mistake, has earned her a position in English Literature in her own right.
