Richard Middleton, 1984-10-12 Brian J Walsh and J Richard Middleton offer a vision for transforming economics politics technology and every part of contemporary culture *An Introduction to Christian Worldview* Tawa J. Anderson, W. Michael Clark, David K. Naugle, 2017-10-10 Why do worldviews matter What characterizes a Christian worldview Part of being a thoughtful Christian means being able to understand and express the Christian worldview as well as developing an awareness of the variety of worldviews Well organized clearly written and featuring aids for learning this is the essential text for either the classroom or for self study *Christian Worldview and the Academic Disciplines* Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the differences that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful Downey and Porter present a unique contribution to the perennial question of how faith interacts with the academic disciplines Numerous factors contribute to this book's significance the common conviction that one's Christian beliefs ought to shape the contents of one's teaching the variety of perspectives and opinions and the wide range of academic disciplines under discussion The essays originating among the excellent faculty of Trinity Western University will deservedly be much used in undergraduate colleges and universities Hans Borsma J I Packer Professor of Theology Regent College Few faculty Christian or otherwise understand what their colleagues in other departments are doing or why This collection of essays is not only an excellent introduction to the whole scope of academic enterprises but to the unique and important relationship between each discipline and the Christian faith An important book

not only for the entire range of faculty but for students yearning to understand both their Christian faith and what is being taught in the classroom James W Sirf author of the Universe Next Door and with co author Carl Peraino *Deepest Differences A Christian Atheist Dialogue Christian Worldview and the Academic Disciplines* is a book long overdue It will serve as an outstanding textbook for interdisciplinary courses But this book is more than that Christian Worldview and the Academic Disciplines is a book that everyone concerned with Christian thought especially in the context of the Academy will want to read I highly recommend it Craig A Evans Payment Distinguished Professor of New Testament Acadia Divinity College Nova Scotia

**The Essence of the Christian Worldview** Matt DeLockery, 2021-04-28 Every group within Christianity has its own opinions on what Christianity really is But who's right if anyone With the letter to the Colossians we have an opportunity to find an answer Paul compares Christianity to another worldview and argues that Christianity is better This book uses that comparison in order to understand Paul's Christian worldview In this book you will also find answers to some very difficult questions 1 What is God's ultimate purpose for humanity 2 Do we just do things because God told us to 3 Why does Paul tell wives to obey their husbands 4 Why does Paul tell slaves to obey their masters 5 Why does God care what we do at all 6 Why does God command these particular actions 7 Why would we want to follow God's commands anyway 8 How does following God's commands actually make us better people Christianity is the point at which God acted through Christ to fix what was wrong with creation and bring the whole story to a different conclusion In this book you will see the big picture of Christianity and how all the dots connect from start to finish

**What Did the Cross Accomplish?** Simon Gathercole, Robert B. Stewart, N.T. Wright, 2021-02-23 In this book readers will enjoy a fascinating and cordial discussion between N T Wright and Simon Gathercole on the meaning

and nature of the doctrine of atonement These two highly respected scholars discuss in clear and understandable language the meanings of the crucifixion of Jesus Christ Their discussion explores various theories of atonement and looks closely at the Old Testament to discover Paul s meaning of his words that Christ died for our sins in accordance with the Scriptures Wright presents his case first then Gathercole responds with a contrary point of view Their discussion confronts questions including What exactly is this scandal of the cross What role does the notion of sacrifice as understood in its ancient context play in the atonement of Christ Is the atonement a victory How so Was Christ a substitute taking humankind s place on the cross and suffering the death and judgment that sinners deserve How does the death of Christ on the cross rescue or liberate sinners from death Does the cross achieve benefits for only humans or do those benefits extend to the entirety of creation This book is a succinct conversation in which all these questions receive attention with nuanced differences between the two interlocutors This conversation along with Robert Stewart s introductory framework make this book an excellent primer to the study of the atonement and readers will come away with a deeper understanding of the meanings of the cross
